YOUNG MEN are wanted in the United States Navy for all kinds of work on the vessels of the great float. Do you want to see more of the world, and at the same time have a steady job, with a chance to save more money than most men save working at home? Life in the Navy is full of opportunities. You have an employer who encourages athletic sports and study, who holds out to every man advancement and more pay as an inducement for faithful service. The first year you get the benefit of a training school without extra cost. Your pay begins when you enter the service—board, lodging, medical attendances if sick, and a see uniform outfit, all are free. A trade means better pay to begin with and quicker promotion, even if you know your trade only partially. Musicians have the same advantages. You get a steady job, a chance to become manly and self-controlled. You will be sent to see, probably on board one of the big new war vessels. Congress has just voted for more men. Application should be made at once. If accepted a position is ready for you. You must be an able-bodied American citizen over It years old. Tear this want ad out and get some friends to go in with you. Send today for free book, illustrated with pletures in color, which tells all about life in the Navy—the useful things you learn, the voyage, drills, sports, number of working hours and regular half-days off—all you want to know about the wages paid, promotions, etc. Send postal today for it to the Bureau of Navigation, Navy Department, Washington. Or get all the books about the Navy at the Navy Recruiting Station, Postoffice Hidg., Omaha, Neb.
