MR. BRYAN MEETS LABOR MEN

Samuel Gompers, Frank Morrison and James Duncan Among Callers ... Clayton's Speech Proving a Nightmare.

(From a Staff Correspondent.) LINCOLN, Neb., July 13.-(Special Telegram.)-The national democratic committee is expected to reach Lincoln at 8 o'c o k tomorrow in a special train. The members will, as soon as possible after they arrive go to Fairview for a consultation with Mr. Bryan. It is not probable that a chairman of the committee will be chosen at this meeting. The committee, however, will discover Mr. Bryan's choice and then at a later meeting select the man. Should the weather be favorable, Mr. Bryan expoets to give a picnic to the visitors at

Bryan park. Allen tonight announced that he would shortly fite with the secretary of state the names of the eight electoral candidates to go on the primary ticket. He will use the same petition for each of the candidates, Secretary Junkin having told him that would be legal. The names of the parties endorsed by the state convention will be filed.

Kern Comes to See Bryan, The heads of the democratic ticket-W. J. J. Bryan and J. W. Kern-met at Fairview today for the first time since their respective nomination for first and second place "Ab, how's the vice president," said Mr.

Bryan as the gray-bearded Indianan stepped from the trolley car at "Bryan Station." What Mr. Kern said was lost in the confusion, but his handshake was vigorous and his smile exceedingly cheerful.

In quick succession Mr. Bryan greeted S. Jackson, chalrman of the state central committee of Indiana; Abrait Simons, who was a delegate-at-large from the Hoosier state, John E. Osborne, a member of the Indiana state central committee; Samuel Gompers, president of the American Federation of Labor, Frank Morrison, secretary of the federation, and James Duncan.

Greetings over the two candidates led the procession up the narrow sidewalk leading to the Bryan home, while a photographer hopped excitedly in front, snapping the first photograph of the historic occasion.

U. S. Jackson, chairman of the Indiana comperatio state central committee, arrived here today to confer with William J. Eryan. The train upon which the democratic party came was delayed four hours near Fairbury by a washout.

The same train brought Samuel Compers, Frank Morrison and James Duncan of the American Federation of Labor, also here for a visit to Pairview.

Rain which had been threatening all forenoon allowed the party to reach the city in safety, where they were halted by newspapers. Then a light drizzling started and a hurried move was made for shelter for the Bryan visitor ...

Bryan Meets Imbor Men. Mr. Bryan at sace escorted the three labor leaders uto his library, where he was in close convertation with them for some time As spokesman of the party Mr. Gomper cong attracted Mr. Bryan on his nomination and assured him t at the labor vote would be counted heavily for him at the November elections.

While the conference was being held in wide the house Mr. Kern and his Indiana colleagues, Mark A. Walsh of Clinton, Ia., and M. V. Gannon of Davenport, talked over the political situation in the sun parlor. The Iowans held out much encour agement for democratic success in that

Later Mrs. Ervan participated in the proceedings, corg atunted Mr Kern on his nomination and expressed the wish that he would be victorious in November. Mr. Kern rema ned for junction. He will leave Lincolli tomorrow afternoon for Indianapolis, THAW'S where on Wednezday evening he will be democrats.

Clayton's Speech Nightmare. It develops that the conference here Saturday between Theodore A. Bell and Mr. Bryan concerned particularly campaign plans for Mr. Bell's state, California. The democrats could not carry that state, Mr. Bell urged, if the policies of President Roosevelt were attacked. Mr. Bryan, who maintains that the president's best reforms are democratic, agreed with the Californian and the so-called Rooseveit reforms will not be an issue in the Pacific coast state.

The first intimation was given by Mr. Bryan today regarding his desires as to the time when the committee on notification should call upon him. After considering question carefully Mr. Bryan has concluded that his setification should come after that of Mr. Tort and he has advised Representative Henry D. Clayton, chairman of the committee at Denver, to that effect. The exact date will be announced after Mr. Clayton's return from a three weeks' trip

to the Pacific coast. National Committeeman P. L. Hall this morning said the identity of the chairman of the committee was still unknown. "Mr. Bryan will not select the chairman; the committee will do it." said Mr. Hall, "though, of course, Mr. Bryan will be consulted.

Today the men most prominently mentioned in this connection were Oille James of Kentucky and John H. Atwood of Kan-

A number of democrats on the national committee this morning expressed the deaire that either National Committeeman Hall or Mayor Brown of Lincoln be se lected chairman in the belief that Mr. Bryan should have someone at the head with whom he could consult at all times. There was very little chance of any such selection. Mayor Dahlman was not in Lincoln today and there was no talk of his selection for chairman

Acting Chief of Chemistry Bureau Gives Out the Information. 1908

SUN MON TEE WED THE FRE SIT S. H. ROSS IS TO BE IN CHARGE

> Nebraska Teachers Who Have Been Touring the East Reach Washington and Will Start Home Wednesday.

(From a Staff Correspondent.) WASHINGTON, July 13 .- (Special Tele gram.)-"The chemical laboratory of the Department of Agriculture will be in practically complete fworking order in the federal building at Omaha not later than September 1," said Dr. W. D. Bigelow, States chemical bureau to The Bee corre

spondent today. There has been no delay, and, further more, when the plant is finally installed the present plan is to place it in charge of S. H. Ross, chemist of South Omaha, who government chemist, since his connection with the bureau over a year ago. Mr. Ross is now in Savannah, Ga., installing a laboratory there. This work completed he will proceed to Omaha, where he will have charge of the installation of the plant and undoubtedly will be placed in permanent charge of this branch of the work at

red writing Omalia. Dr. W. D. Bigelow said today that it Page 1 in meet at reality the department had practically over the anticipated the action of congress in makounces the ing an appropriation for the Omaha laboratory and prior to the passage of the bill Page 1 had placed orders for supplies which are new being gradually assembled at the rooms in the Omaha federal building. Dr. Bigelow said: "A great portion of the apperiments must be imported from Germany

and France, and all this takes time. "A small proportion of the actual chemical supplies for Omaha are at hand. The precise date of opening really depends considerably upon those who obtained the con at the Omaha headquarters. This furniture was ordered several months ago and designed to be of a permanent character, done in hard woods, and calculated to last generation at least. While the delivery of the furnishing woodwork seems to be retarding the work somewhat I am confident the headquarters at Omaha will be in working order not later than September

OXYGEN TO CURE PERITONITIS SHRINERS TAKE ST. PAUL STREET CAR DISPLACES STORK

Element Used in New York Hospital with Remarkable Success by Physicians.

NEW YORK, July 13.-Remarkable reults attained in treatment of peritonitis with pure oxygen at Beth Israel hospital have raised hopes that a way has been found at last to combat this disease, which places the stamp of death upon % per cent of its victims. A striking illustration of the efficacy of oxygen was given, when there was discharged from the hospital Mrs Anna Abias, a sufferer from peritonitis whose case upon her adimssion was at first given up as hopeless.

Mrs. Abias was the first to receive th oxygen treatment. On the day when she was taken to the hospital, two and a half weeks ago, Dr. William Bainbridge had been discussing with Prof. Henry Mansfield Sliver, the hospital chief surgeon, a assistant chief to Prof. Wiley of the United theory that oxygen if tried would prove a cure for peritonitis.

It was but an hour afterward that Dr. Sliver received the summons to make a heroic effort to save the woman's life. When he reached her side he found she was suffering with general peritonistis has done splendid work, according to the and that her temperature was 103 degrees. off the bacterial substance in the region of the peritonleum would be without avail in her case, he resolved to follow the suggestion given by Dr. Bainbridge.

After an abdominal cut had been made and the usual treatment given, the wound was so suttured that it left room for a small tube. This tube was connected with a tank of oxygen, which was run through water to thoroughly purify it, and after the flow had continued for three minutes the tube was withdrawn.

Mrs. Ablas evinced such remarkable improvement from the very start that other peritonitis sufferers were similarly treated. There are now in the hospital four other persons who were given the cure. All have shown improvement equally as great as paratus we will require for chemical ex- that of Mrs. Abias and it is expected that when they, too, have been in the hospital for two weeks and a half they will be able to go home as well as they ever were.

RATE MATTERS STIR SHIPPERS tracts for the installation of the furniture Interstate Commerce Commission May Be Asked to Act if Roads Raise Them.

NEW YORK, July 13.-The Interstate mmerce commission was appealed to by the Manufacturers' Association of New York in its fight to prevent the railroads from making a 10 per cent increase in freight rates. Should the proposed inreased rate be put into effect, as was intmated by senior Vice President W. C. Brown of the New York Central in his county suberintendent of Adams county, reply to the protest of the Manufacturers' association, the association will ask the state superintendent of public instruction Interstate Commerce commission to declare the increase discriminating and unjust. This would be done at once, but the Inter-

state Commerce commission has no power to act in such a matter until such a pro-Members of the Manufacturers' associthe letter sent him by the association's sec-Treasury department, had made arrange-ments for the comfort of the Nebraskans show that any adequate reasons why the countenance the suit. shipper should be made to suffer because the railroads are not making money as they did in the past. Headquarters in New York. NEW YORK, July 13.-Frank H. Hitchmortally wounded. At the first trial the authority, although he is not a delegate committee, today selected quarters for the committee in the Metropolitan Life building here, which has been the local headquarters

The home of the committee will be on the Mr. Hitchcock came here today from Wash ington to make teh selection. George R. Sheldon, treasurer of the committee, conferred with the chairman during the day and aided in the selection of the new headtomorrow for Utica to confer with Mr.

The active presidential campaign will be During the netx two weeks Mr. Hitchcock will hold several conferences to map out the lines of action.

Plan of Campaign.

Mr. Hitchcock said tonight: "It is my intention to spend most of the time during the campaign in this city and direct the fight from here. I came today to select headquarters and make other arrangements, including the installation of a elephone and telegraph service. The Metropolitan Life building is centrally located for our purposes and quarters in the new tower were selected. We will open them on August I. Mr. Taft will not make any speeches until after the first of September, at least that was my understanding when I saw him in oHt Springs. I expect to see Mr. Sherman in Utica late tomorrow and will be in the city on Wednesday, I shall return to Washington on Wedensday

SHRINERS GATHER IN ST. PAUL Thousands of Desert Dwellers Travel to Northern Capital for Na-

evening."

tional Meeting. ST. PAUL, Minn., July 13.-Thousands of Shriners from all parts of the United States are pouring into St. Paul today to attend the thirty-fourth annual conclave of the order, which opens tomorrow. Among the early arrivals today were Almas temple of Washington, D. C., Medinah of Chleago; El Kalah of Salt Lake City

and Mooish of St. Louis. The campaign for the conclave of 1909 is already under way. Scattle, Louisville and St. Louis are candidates for the honor of entertaining the Shriners at that time.

Des Moines is working to secure the conclave of 1910. Molla temple of St. Joseph, Mo., arrived today with two camels which have been broken to drive, and will draw Frank C.

Clayton, past imperial potentate, at the head of the electrical parade tomorrow

Lower Rates on Furs. WASHINGTON, July 13.-The Adams,

American, United States and Wells-Pargo Express companies are ordered to reduce the rate for transportation of raw furs in boxes and bales from St. Paul to New York from \$4.50 per bundred to \$3.50, effective by August 15 next. The complaint of excensive rates was made by Joseph Climan, and the express companies are hours, the dector from time to time ad- ing in a corresponding searcity of hogs, is ordered to extend to him and other fur shippers their island export rates.
