Milling in Transit Rate.

At a meeting with the State Railway commission of representatives of several towns out in the state and Assistant Freight Agent Johnston of the Burlington, the dispute over the milling in transit rate over this road was settled. Concessions were made by both sides. The agreement provided for an arbitrary division of territory in which the grain in transit can be milled without extra charge. It was agreed that where grain is shipped from the west to the east and milied and then shipped back west a rate of 2 cents per 100 pounds will be charged for the return shipment. The same applies to grain shipped west for milling and then back cast. The complaint grew out of the fact that several large millers had an advantage over a number of towns of the state. The towns benefited by the agreement are the following: Falls City, Wahoo, Superior, Crete, Beatrice, Adams, Clay Center, De Witt, Fairbury, Fremont, Firth, Friend, Geneva, Hastings, Hebron, Humboldt, Kearney, Milford, Oxford, Ravenna, Schuyer and Seward.

Nervous women should profit by Mrs. Barton's experience with Lydia E. Pinkham's Compound.

Mrs. Helen Barton, of 27 Pear-son Street, Chicago, Ill., writes to Mrs. Pinkham:

"I was all run-down, and on the verge of nervous prostration from everwork and worry, and ill in bed, when I began taking Lydia E. Pinkham's Vegetable Compound. After I had taken it a week I commenced to get better. I continued its use, my nervous trouble disappeared and I am completely restored to health. I hope Lydia E. Pinkham's Vegetable Compound will benefit other women as it has me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumers, irregularities, periodic pains, backache, that bearng-down feeling, flatulency, indiges-ion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to

quarterly meeting of the board of directors, one of which was at the penitentiary some weeks ago, when the committee visited the penitentiary, and noted with pleasure the exemplary way in which the prison is managed by Warden Beemer, the improved equipment of the prison in the sanitary cells and the general conduct of the prisoners. The committee learns with sincere gratification of the most excellent work of Chaplain Johnson and his influence for good among the prisoners in his personal contact with them, as well as in the religious services held on Sundays.

The committee appointed subcommittees to look after the moral welfare of the inmates of the county jail, and city prison, respectively, and desires once more to place on record its earnest protest against the material equipment of both of these institutions, which are unsanitary, limited and poorly provided for the separation of the vicious of both sexes from those who are not hardened criminals. A new jall and a new city prison with up-to-date equipments should be provided.

PLANS FOR THAT APPROACH the company to assume an advisory ca-Awaits Approval of the Creameries.

Operating officials and engineers of the railroads using Union station met Wednesday morning and adopted tentative plans for the construction of an approach from a suit brought by Pierce and Wakefield the depet grounds to the Tenth street viaduct in accordance with orders from the up the defense that Pierce and Wakefield Nebraska Railway commission. The plans, however, are still subject to the approval of the creamery interests, and as some of the creamery men were out of the city Wednesday their approval could not be secured.

The present approach has a grade of 9 per cent, which was considered entirely teo steep for the immense amount of cream and milk which is daily hauled from the depot. A complaint was made to the commission and after a hearing and an examination the commission ordered the railroad company to build a new approach with a grade not to exceed 4% per cent. This was found impracticable because of the limited room and the railroads secured permission from the commission to build a different grade provided it met with the approval of the creamery men.

An agreement was reached with the creamery men and the engineer has drawn plans for a new approach calling for a grade of 51/2 per cent. This only now awaits the approval of the creamery men. The creamery shed, 100 feet long, which the commission ordered at the same time. is nearly completed. It is located at the east end of the Union station.

Ball's Confession Genuine.

MARSHALLTOWN, la., July 15 .- (Special.)-A telegram received today from Minneapolis says that Owen Ball, the young ex-convict who was arrested here last week and later taken from Des Moines to Minneapolis on a charge of robbing a Northern Pacific train Minneapolis yards, is apparently doing all in his power to aid the detectives to gather proof of his crime. Ball where he hid the mask he wore, and his words were substantiated by going to the spot and finding it. He also showed the officers the spot where the booty secured from the passengers was dumped into the river. Ball is anxious to begin to serve his sentence and he has made the request that he be taken at once before the district court that he may plead guilty to the complaint without the formality of a grand jury investigation. He will be arraigned in the police court Wednesday.

RAILROAD

Omaha, Decatur & Northern Railway is in Trouble.

President of the Project is Former Judge E. M. Bartlett and the Receiver is L. R. Slonecker of Omaha.

As a result of the recent litigation between Clifford C. Pierce and Leater F. Wakefield of Sloux City against the Omaha, Decatur & Northern Railway company, Judge T. C. Munger of the federal court has appointed L. R. Slonecker of Omaha receiver for the railroad.

The Omaha, Decatur & Northern Railway ompany was an Omaha enterprise which former District Judge E. M. Bartlett was president and a number of Omaha men stockholders and directors. At the inception of the road Mr. Pierce and Mr. Wakefield entered into a contract with pacity and undertake to finance the road. hav were to receive several thousand do lars for their work, but their work proving unsatisfactory to the company, contract was cancelled.

Gets Into Court. The matter got into the United States circuit court several months ago through for fulfillment of contract. The road put did not make good in financing the road after repeated visits to New York at the expense of the raiload people, but that the directors were the only ones who secured any financial assistance for the enterpise and this was among the personal friends of the railroad people.

The case went against the railroad company and a judgment of about \$5,000 was given for the plaintiffs. There were no assets and the judgment stood against the notes of the stockholders and proceeds from subscriptions obtained by the directors from such as they could induce to invest in the enterprise.

As the returns were externely slow in coming. Pierce and Wakefield applied for a receiver for the railroad company and the appointment was made Tuesday evening. The order specifies that the receiver will be allowed not to exceed \$200 for expenses and attorney fees in the settlement of the affairs of the defunct railroad com-

JIM TO GET OUTSIDE HELP Mayor Says Tammany and Other Democrats Will Aid Him for Governor.

"I am not and never have been a candidate for chairman of the national committee," says Mr. Dahlman. "Friends on the committee talked a good deal about making me chairman, but it would be better to have that official from some other state. Eleven members of the committee will meet in Chicago, July 25 and choose the chairman, but who he will be I do not know. I have many friends on the national committee and have received scores of offers of help in my campaign.

"Tammany will send 100 men to parade in Nebruska cities for me, the Cook County Marching club will come, Mayor Rose of Milwaukee will send his marching club, several hundred strong and other organizations have expressed ready willingness to aid me in my candidacy. Mayor Dahlman seems to incline to the

idea that many of the offers of help are made not wholly on account of him, but because this is Bryan's home state and that the commonwealth should be carried
