TEN BOYS HAVE NARROW ESCAPE

in Advance of Schedule.

Wild Bace Between Automobile and Freight Train for Crossing-Message Leaves Cleveland Quickly.

CLEVELAND, O., July 18 .- The silvertubed message from Mayor McClettan of New York to Mayor Busse of Chicago, which is being relayed over the 1,000-mile trip by Young Men's Christian association loys on foot, arrived at the Central Young association's runners carried the message Men's Christian association in Cleveland at 2:43 p. m., nine hours and fifty-seven min utes ahead of schedule. The last two miles were made through a heavy rain.

Since entering Ohlo an average speed of only six and three-quarters miles an hour has been maintained. No stop was made here and the message was hustled on to the boys in Lorain.

In leaving Ashtabula ten boys in automo biles enroute to their respective relay poin's carrowly escaped with their lives in dashing across the tracks in front of a train. As they neared the railway tracks in the western end of the city they heard the bell ring to lower gates. They also saw a reight train ahead. The lads feared the delay might make them late at their posts. They called to their driver to hurry across the tracks ahead of the train.

The driver put on all speed and blowing his horn furiously so that the gate tender would leave the gates up made the race for it. At a speed of fifty miles an hour they dashed for the tracks in a race with the freight train. They landed safely just a second ahead of the engine.

Runner at Ashtabula.

The Young Men's Christian association runner reached Ashtabula, sixty miles east of Cleveland, at 6:31 a. m. today, nine hours and nine minutes ahead of the schedule. Geneva, ten miles west of Ashtabula, was reached fifty-nine minutes later, or at

McClellan of New York to Mayor Busse of able to make far better time than had been Chicago, was carried into Ohio early today by the boys of the Young Men's Christian association. The dash across the state will include a day of rest, probably Sunday, at Toledo, if the present speed is maintained At an average rate of a little over eight miles an hour, the boys have relayed the message from the New York City hall since tast Wednesday morning, each runner, walk-but the race has been much faster, the average time per mile being 6 minutes

The silver tubed message from Mayor

covered 600 miles of road. On several sec-GEE! MY CORN layed by heavy going and in one or two HURTS! nstances they had to swim across takes. Neighborhood.

The neighborhood of Fort Hamilton had taken place. It is known, however, that a pretty fair idea, when bedtime came Wednesday night, June 17, of what General Sherman meant when he uttered his famous aphorism on war. Target practice supported W. C. Crosby, while Bruning was carried on all day by the regulars and national guardsmen with the fort's big ten and twelve inch rifles, and when darkness set in and firing ceased it was estimated, from the reports of damage which reached headquarters, that Uncle Sam will Sheridan's throw beats the world's record have to pay for about \$20,000 worth of for the discus, Greek style. broken windows, crockery, ceilings, and a long list of other things with the concussion of the guns smashed.

Fort Wadsworth, on the Staten Island shore of the Narrows, kept pace with Hamilton in blazing away at imaginary leging a foul. The protest was not alfleets down the bay; but no damage to surrounding property was reported. Every body with a radius of a mile of the Wadswo.th guns opened their windows early in the morning, as they had been instructed to do by the military authorities, and presumably they put their crockery and glassware and bric-a-brac to bed. It is more than likely that this obedience to instruction accounts for the absence of damage reports, although it was remarked by many at Fort Wadsworth that the concussion of however, in getting third place before the first bidding, when E. HEROISM INSPIRED BY FLAG

At 1654 Taylor street, in the city of San Francisco, there stands today a house, which, in the greatest fire of modern times, was saved from the flames by the flag. When over 400 blocks of buildings lay in left unconsumed along the east side of the twenty-eight blocks, nearly two full miles. At the time of the earthquake and fire to fill the bathtubs and all other recepta-

was proved well grounded. The water ceased to flow. But the first step that The United Kingdom got another start made it possible for the flag to save the in its lead with the total number of wins, house had been taken. Mr. Sheppard and making the score up to date 26 to America's Mr. Dakin took the second step. In order . Germany, like America, put one win to that the household might have a supply its credit. The United Kingdom also over- of drinking water they brought home from took the American score for field events | a neighboring grocery a dozen or so botthe day's results bringing this up to 54, ties of water charged with carbonic acid while America increased her score to 40. gas—the kind of bottles where you press The events in which America is strongest, a lever at the top, and the water fizzes the sprints and the jumps, however, will out in a stream under pressure. They are

letic club, was a good second, and Jarvinen, Finland, who held the Olympic receast kindled to a blaze.

noon after presistent representations from the Canadian committee, his name was

of the Twentieth United States Infantry.

Under the command of a young lieutenant, the company had been on its way to San Francisco on the day of the earthquake, and had been delayed on its journey twenty-four hours. It had entered the city Thursday afternoon by the ferry from Oakland, and was at that moment marching under orders to go into camp at Washington square. The lieutenant and his men had seen the flag rise and fall in salute and saw it now as it streamed forth in beauty amidst smoke and flame.

"Boys," shouted the young lieutenant, 'a house that flies a flag like that is worth saving!" His men responded with a chegr. and as Mr. Dakin was sadly wending his way down the northern slope of Russian hill, soldiers of the Twentieth United States infantry were dashing up the eastern slope at a double-quick. No time was lost. They tore away the burning woodwork of the veranda, broke open the door. and discovered the bathtuba filled with water. Some of them carried earth from the garden, others mixed it in the bathtubs to the consistency of wet plaster, and then certain of their number stationed themselves at different windows and as the wet mud was carried to them they bombarded every spat that had kindled into flame.

One by one the houses in the block burned up and burned out, until the old house stood alone. Every blaze that had started upon its eaves and sides had been extinguished save one. There was one spot under the eaves at the northeast corner that could not be bombarded successfully. Unless the fire at that point was put out all that had been done were done

The soldiers were equal to the emer gency. A squad mounted to the roof. One of the men lay flat upon the edge and while four of his comrades held him fast by his legs, he leaned afar out over the Wide old-fashioned eaves. Others passed to him bottles of the water charged with carbonic acid gas. And there, hanging far over the edge of the roof, se that he on the fire burning flercely beneath the eaves, he squirted the figzing contents of bottle after bottle, until the last flame and the last ember were extinguished-and the house was saved,-St. Nicholas Mag-

azine. Marshalltown Calls Kansus Man. MARSHALLTOWN, Is., July 18 .- (Special Telogram.)-F. M. Duckles, secretary of the Pittsburg (Kan.) Young Men's Christian association, was extended a call this afternoon to be general secretary of the local Young Men's Christian association at \$1,400

J. L. BRANDEIS & SONS

SHOE Alexander, the Sample Shoe Man,

Opens New Store on Sixth Floor of Paxton Block. Mr. Alexander, the proprietor of the new shoe concern which occupies two office rooms near the elevator on the sixth floor

of the Paxton block, Sixteenth and Farnam streets, says; "It may seem paradoxical to say that we are the highest and yet the lowest shoe store in Omaha, but it is a fact that can be proven to anyone who will call and investigate. We are the highest because you have to take the elevator to reach us, and this is one of the principal reasons why we are the lowest. We can run our store at uch less expense than if we were on the

grlund floor, "Another important factor in our business which enables us to sell shoes at such low prices is directly due to the fact that we handle sample shoes and buy them below the cost of manufacture. We hav all and carry a large assortment of both. Sample shoes are selected in the first place from the stock by experts and are always

the best the factory produces." The Sample Shoe store is a very neat arrangement and displays more or less ingenuity on the part of the management. It combines two rooms which are very under side of the caves on the north and orderly and attractive. It is somewhat of a departure in in the shoe line for Omaha, but judging from the business being done, success seems assured.

Holiness Association Opens.

MITCHELL, S. D., July 18 .- (Special.)-Today the South Dakota Holiness association opened its campmeeting on its own grounds three miles northeast of the city on Rock creek and it is the initial meeting at the new location. The grounds sympathizers have asked if the reports that above it. He rushed to his room of flags, are ideal, with the numerous trees, with plenty of room for the location of tents, the team from future competitions were mounted to the roof, attached the great the erection of a large dining hall and sleeping apartments. The grounds are enforth in these dispatches yesterday, they to respect for the conquering power of out in blocks and streets. Lots have been intend to go on with the events, and they the great fire king, roaring forward in purchased and next year will see the construction of several cottages, one having already been moved from this city. Rev. Mr. Carradine is the evangelist for the week of the meeting and the singing will be conducted by Mr. Inglet. The officers of the association predict that within five years they will be drawing from 3,000 to 5,000 people to their campmeeting.
