STATE BOARD MEETS TODAY

Work of Equalizing Tax Assessment Begins in Lincoln.

TERMINAL LAW NEW FEATURE

Reviewing Work of County Assessors Under the Statute Will Be a Big Task—Big Increase in Rail.

(From a Staff Correspondent.)

LINCOLN, July 19.—(Special.)—The State Board of Equalization will meet tomorrow and begin the work of equalizing the values of property as fixed by the county assessors and the various county boards of equalization. In addition to the work done in the past by this board the members this year will have to pass upon the work of the county assessors in placing a value upon railroad property under the terminal tax law. This is a new work for the board and is expected to require considerable time. The board will have to equalize the value of railroad property in every town and city in Nebraska where there is railroad mileage. A portion of this work has already been done, as railroad representatives some time ago appeared before the board and made objection to some of the values placed on their property by local assessors. The value of the franchise of each railroad has also been determined. It is expected, however, the railroad representatives will again ask for a hearing under the provisions of the terminal law.

Several of the assessors have not yet returned their abstracts and until these are received b ythe board it will be difficult to make an estimate of what the grand assessment roll of the state will be. From the returns received, however, it is evident the increase in the value of real estate alone, not including lots, will reach at least $50,000,000 of taxable property, or an increase in actual value of $250,000,000.

Good Things at State Fair.

Secretary Meller of the State Fair board has so many good things to offer the people coming to the state fair this year he said he would not be able to tell about them all. Regular attendants, however, will not recognize the fair grounds. The improvements have been many. The large pavilion insures music lovers a treat because the famous Liberati band will play in this building. The bands from several towns out in the state have been engaged and this year there will be more music than at any previous fair. This is the first time a night attraction will be tried at the fair. The "Eruption of Vesuvious' 'and other attractions will entertain the night crowds. The board decided that it was absolutely necessary that something be done for the people at night, and it is the belief of the board members the inovation will be satisfactory.

In the matter of concessions and county exhibits, the fairs of former years will be outdone. Last year there were nineteen collective exhibits by counties, but this year there will be many more. Machinery hall has already been filled.

Bridge Foreman Killed.

FREMONT, Neb., July 19.—(Special Telegram.)—D. C. Woolring, bridge foreman on the Burlington, was accidentally killed on the bridge south of this city at 11:30 o'clock this morning. He was standing on the bridge when a chain connected with some of the pile driving machinery swung round, striking him on the right temple and throwing him into the river. He was taken out in a few minutes, but was dead. The blow was sufficient to cause death. He lived at Lincoln and his body was taken there this evening.

Man Killed by Train at Blair.

BLAIR, Neb., July 19.—(Special Telegram.)—A man about 60 years old, supposed to be Samuel C. Lessel, as indicated by papers found on his person, was killed about two miles north of Blair today by a freight train, having a leg broken and skull crushed. Letters were found on his person from Deer River, Minn., and Pocahontas, Ark., showing that he had $100 in a bank at the latter point. Sheriff Mencke brought the body here tonight and an inquest will be held tomorrow.

Candidates Few at Fremont.

FREMONT, Neb., July 19.—(Special.)—Neither republican nod democratic candidates for the various county offices appear to be taking much interest yet in the preliminary primary campaign. Police Judge Joe Cook, has filed for county attorney on the republican ticket, and it is expected H. M. Kidder of Scribner, will file for the same place. F. W. Button has filed for the democratic nomination for the same office. The republican county committee met this afternoon and discussed the general situation. There appears to be but little interest taken in political matters here.

Chautauqua at Auburn.

AUBURN, Neb., July 19.—(Special.)—The Auburn chautauqua, which will be held in this city in the usual place at the city park, from August 8 to 16, inclusive, promises to be one of the best ever held in this part of the state. Among the talent which has been engaged is Rev. P. H. McDowell, the young pastor of the Emanuel Baptist church of Omaha. Rev. Mr. McDowell will be the chautauqua platform manager. A program of noted lecturers has been arranged.

Horse Kills Little Child.

TEKAMAH, Neb., July 19.—(Special Telegram.)—The 3-year-old son of Morris Christenson, a farmer living about ten miles north of here, was almost instantly killed by a horse late yesterday afternoon. Just how the accident occurred is not known, but the mother hearing a scream ran to the barn, where she found the little one lying almost lifeless with the top of his head nearly kicked off. The child lived but a few minutes.

Masonic Lodge at Franklin.

FRANKLIN, Neb., July 19. — (Special Telegram.)—The grand officers of the Masonic lodge of Nebraska were at this place last night and constituted a master Masons lodge. A large number of visitors from neighboring towns assisted in the work. It was a public meeting and a large crowd was present. The lodge will be known as Rolland H. Oakley, No. 264. Officers installed: Perry Hildreth, master; Harry S. Ayer and J. S. Bell as wardens.

Sackett vs. McMullen.

BEATRICE, Neb., July 19.—(Special.)—Candidates for political offices have begun showing signs of life, and yesterday Hugh J. Dobbs filed his petition as a republican candidate for county attorney and H. E. Sackett his petition to succeed himself as state senator. The fight for senator will very likely be between Mr. Sackett and Adam McMullen of Wymore.

Nebraska News Notes.

SEWARD—Mrs. M. Dally of Tamora was married to Rev. Mr. Waite at that village on Wednesday evening.

M'COOK—Ora R. Teel of Frontier county, this state, and Miss Ena Gamsby of Indianola, Neb., were united in marriage in this city this morning in St. Albans' chapel, Rector E. R. Earle officiating.

SEWARD—William Kyle was buried Monday at the Soldiers' home. Rev. Mr. Morgan, assisted by Commandant Presson, conducted the funeral services. The deceased was a member of the Thirty-ninth Ohio infantry and was admitted to the Milford home June 12, 1899.

CULBERTSON—Harvest is about over in this locality and, while the yield is not heavy, the quality of grain is good. The beet crop is the finest in the state and there is prospects of a large yield. Corn is looking fine throughout the Republican and Frenchman valleys and the farmers are happy.

CULBERTSON—The new water system is being completed as rapidly as possible. Water has been turned into the mains and the necessary repairs are being made. The village board is getting estimates on a standpipe, which is to be placed on the hill at the north end of Taylor street in the new city park.

EMERSON—The body of Hans Bern, who committed suicide by jumping from the Missouri river bridge at Omaha last Monday night, was brought here for burial Saturday evening. It came to the surface at Belivue, Neb., Friday. Mr. Bern was well thought of here. He was 29 years old, unmarried and leaves a mother, two sisters and an uncle living here.

PLEASANT DALE—The council met Tuesday morning, when the application of William Waidman for a saloon license was heard. Some of the signers at the last minute withdrew their names, leaving the petition without the required number of freeholders, this, together with other objections, forcing the petitioner to abandon the idea of trying to secure a saloon this Pleasant Dale year. This will likely settle the question so far as this year is concerned.

CULBERTSON—At the meeting of the school board this week the twelfth grade was added to the Culbertson public schools and a committee was instructed to make the necessary arrangement for putting in the new grade for the coming school year. The offices of superintendent, principal and assistant principal were created. J. C. Anderson of Grand Island was elected superintendent and Miss Norris of Kearney assistant principal. Miss Shepherd was elected primary teacher. The principalship is still open.

M'COOK—This week closed the 1908 session of the McCook Junior State Normal school with very satisfactory examinations. McCook has been the banner school in attendance among the junior schools held over the state. Thanks to the keen interest of our citizens and the splendid system and management of the principal, G. H. Thomas, the financial affairs of the school wound up in excellent condition as well. McCook is naturally forging to the front in its just claims for a regular normal school and equipment. Location and atmosphere and school spirit are here.

JAPAN DOES NOT WANT WAR

Ambassador O'Brien Says All Talk of that Kind is Among American Yellows.

No war with Japan unless the United States makes it. So says Thomas J. O'Brien, the American ambassador to Japan, who passed through Omaha Saturday evening between 9 and 10 o'clock. He is on his way to Grand Rapids, Mich., his home, where he goes to attend to some private business, being on a four-months' leave of absence. He purposes returning to Tokio by way of Europe and will stop at Brussels to see Mrs. O'Brien and their daughter, who lives there. Ambassador O'Brien was formerly minister to Denmark.

"No," he said, "the war cloud is all on this side of the Pacific, and in my opinion is being made to order by certain newspapers which are in need of matter to fill their columns.

"As to the immigration question, the Japanese government is forced to contend with many conditions which the public are ignorant of. It wants equal privileges with Europeans for its subjects, but has never seriously thought of war as a means of getting them. The steamship companies are responsible in part for the coolie immigration into the United States. I believe that Japan is sincere in its announced intention of trying to keep its people at home."

As to the recent change in the cabinet of the island empire. America's representative among the little brown men made no startling statement, saying that it was the inevitable turn in the cycle of politics and would not affect the policy of the government materially.

"Trade conditions across the water depend greatly upon the commercial complexion of our own country, and so the past flurry in business here made considerable stir in Japan. The cancellation of many orders for silk and other products caused idleness among the workers for awhile.

"The nomination of Taft for president by the republican party was fully anticipated in Japan, where he is well known and popular. His election would continue the good feeling now existing toward America."

FOR CAMPAIGN OF EDUCATION

Freight Agents Will Work for Information of Shippers.

CHICAGO, July 19.—A campaign of education among shippers and the general public looking toward a readjustment of freight rates throughout the country was decided upon at a meeting of the executive committee of the National Association of Railway Agents held here today. The plans contemplate public discussions of the question by members of the association before commercial bodies and similar organizations in every city and town of considerable size in the United States, the association taking the position that a general increase in rates will mean the advance of wages and consequent prevention of strikes, resulting in a more general prosperity.

The association has a membership of about 5,000 agents and at its last meeting it authorized the executive committee to take steps to uphold a readjustment of freight tariffs and to devise ways and means for creating a public sentiment against a reduction of rates.

FISHER'S SMASH SAVES OMAHA

Rourkes Pull Off a Wild Ninth Inning Rally, Winning from Lincoln.

DIDN'T EVEN WANT EXTRA RUNS

Deciding Hit Threw Five Thousand Fans Into a Fit, While Players Got Too Happy to Take All In Sight.

Omaha, 5; Lincoln, 4.

With two out and two strikes already called on him and with the score 4 to 3 in favor of Lincoln and three men on bases in the ninth inning, Fisher hit the ball a resounding crack which sent it soaring over the head of Jack Thomas at second and sent two runners across the plate, putting Omaha one run to the good and breaking up the game. Pandemonium broke loose and a wild scene followed, with cushions flying in every direction. It was a mighty game to win, a game which had been full of ups and downs, with Omaha down at the tail end until Red Fisher picked out the ball he was looking for and sent it toward the fence between Fenlon and Davidson. How far it would have gone may never be known, as Fisher stopped when he saw two had crossed the plate, and even Sanders, who was on first, did not try to come on home.

Tail End Made Good.

Claud Hendrix, from St. Mary's school, was pitching for Lincoln, and just to prove that his fine work in the Graham exhibition game was not an accident he repeated for eight innings yesterday or rather until he had two out in the ninth, when the business was done. Austin and Franck had gone out by the same route, Gagnier to Fenlon, when Belden drew a pass. Lincoln was one run ahead and it took one to tie and two to win, and few of the 5,000 people present had confidence in the ability of the tail end of the Omaha batting order to deliver the goods. After Belden had walked Gonding hit a clean one to right field and it was up to War Sanders to win his own game. He rather chose to play the waiting game and thus drew a pass, which put the burden on Fisher. He took up his burden kindly, but Hendrix thought he saw his victim. He put the first ball over the pan clean and Haskell called it. The second was fouled off and something had to be done. The third was a beaut—a little high, but that did not bother the redheaded one, for he connected neatly and the crowd started for home.

Rourkes' Hits Were Few.

Until that ninth inning the Rourke family had made but three hits off Claude, although he had had one bad inning in which two hits were mixed with three stolen bases and a sacrifice, and Omaha had made three runs. That was all Omaha made until the ninth, when the rally saved the game.

Lincoln made one run in the second and Omaha made three in the third. Lincoln tied the score by making one in the fifth and one in the sixth and then went one to the good by scoring another in the eighth inning. So it was clearly a game of ups and downs.

Lincoln started the game in a formidable manner when Fox, the first man up, made a three-bagger. Sanders caught him napping, however, and it was wasted. In the second Davidson hit for a double and scored when Franck threw wild to first on Thomas' grounder.

Fisher Got in Early.

Then came the third for Omaha and it made the game look easy. Sanders opened up by drawing a pass. Fisher's hit put him on third. King grounded out and Autrey was walked on purpose. Welch hit a long fly to Davidson, on which Sanders scored. Austin picked out one he liked and drove Fisher and Autrey home with a single to right.

Davidson's single, Pritchett's single, Sullivan's base on balls and Hendrix's infield out made one for Lincoln in the fifth. It looked disastrous, but Austin, who had secreted the ball, caught Pritchett napping at third and the chance to tie the score was gone. Zinran opened the sixth with a single, was sacrificed to second by Gagnier and came home on Jude's single to right, tying the score.

Thus the score stood until the eighth, when with two out Austin let a grounder bound crooked between his legs, putting Gagnier on second, from which place he was scored on Jude's double to right against the fence.

Although Sanders was hit freely at times he pitched a splendid game, two of the runs being charged against the errors of Austin and Franck. Hendrix also pitched a good game and should have been taken out in the ninth to save the game. He is a youngster and never saw as many people in Kansas as were at the game, and it was but natural that he should be rattled when all stood up and yelled.

Fox Got Small Injury.

Fox retired at the end of the third inning with a bad finger from a tough grounder. Thomas went to second and Zinran took first. Sullivan was back in the game for Lincoln and in spite of his prowess as a thrower the Omaha lads stole five bases while not one was taken away from Gonding.

PUEBLO WINS FROM DES MOINES

Hard Hitting and Daring Base Running Turns Trick.

PUEBLO, Colo., July 19.—By hard hitting and daring base running Pueblo took the last game of the series with Des Moines today by a score of 8 to 3. The game was practically won in the first two innings, when several errors of judgment were made by Des Moines on which Pueblo scored. James pitched an excellent game for Pueblo and but for the fact that he gave two men bases on balls in the third would have had a shutout. Score:

DENVER WINS FROM SIOUX

Poor Playing of the Visitors is the Feature.

DENVER, Colo., July 19.—Poor playing by Sioux City lifted today's game out of the doubtful class early. Beginning with Furchner, who was wild, the Sioux showed how not to pla the national game. Denver was also unsteady, but not to the extent that the visitors violated the rules of good playing. Furchner gave eight bases on balls, hit three batters and sent a heave away over the first baseman's head. These were enough, so that other matters were merely contributary. Olmstead's support was poorer than shown in the tabulated score, and he was hit in only one inning, when the first three men each secured singles. Score:

Hoodoo Broken and McCook Loses.

FRANKLIN, Neb., July 19.—(Special Telegram.)—Franklin broke the hoodoo today and won over the McCook ball team in a hard eleven-inning game. Bennett, who has played with Franklin the last two seasons and who has just signed with McCook, was in the box for the visitors, and was no trouble for the local players to find, but the no-error from the men behind him and their lively fielding saved the game from all being one way. A good bunch came down from McCook this morning to root for the team. Smith of Wahoo, second baseman for Franklin, saved the game by making a good clean home run drive after two strikes were called, and brought in two men ahead of him. Score:

Franklin	1	0	0	2	0	0	0	3	0	0	3—9
McCook	0	0	0	4	0	0	2	0	0	0	1—7

IT'S WAR ON WEEDS AT AMES

Even Railroads and Interurbans Join in Improvement Work.

AMES, Ia., July 19. — (Special.) — Ames has a Civic Improvement society that is "doing things." At present the common enemy is weeds. Everyone is falling into line and scythes and corn knives are in great demand. Those who are unable to get hold of a weapon of this kind, owing to the heavy run on the hardware stores, are pulling weeds in the good old-fashioned way. The women are at the head of the good work, of course, but the men are helping as well as could be expected considering the excessively hot weather. Even the corporate powers are becoming interested. The Northwestern "has got the hunch," and a crew of men from sunny Italy, with poetry in their souls and hoes in their hands, is rapidly cleaning up the right-of-way. The Interurban, not to be outdone, has put all its section men to working on its weedy tracks, with surprising results. If this keeps on Prof. Pammel will have a hard time to find seeds for his weed incubators next winter.
