Do you notice how uncomfortable it is getting along without a Refrigerator this hot weather? Why do you do it when you can buy the Cold Storage on small monthly payments or at a cut price for cash? Read below what people who are using it say about its good qualities.

Mr. Johnson, president of the City Council, says: "When we bought our refrigerator four years ago, my wife said: 'if what you claimed for it is all true it must be something pretty good.' Only a few days ago she spoke of how pleased she was with it and how everything came true that you claimed for it. She said it was the best ice and provision keeper she ever saw and the white enamel is as good as the day we bought the refrigerator. It is as free from smell as the winter air. She appreciates the convenience of the glass trap."

We are proving to everybody the superiority of the Detroit Ideal Gas Stove and the New Improved Gasoline Stove.
