Edith Carter, a 17-year-old girl, caused the arrest Wednesday of Richard Hooton, aged 19 years, on a charge of betrayal. Hooton was unable to furnish the \$200 bond required by Justice Cooper and was committed to the county jail pending his preliminary hearing, which is set for today.

Robert Bachman, who underwent a serious operation at the Edmondson hospital five weeks ago, has recovered sufficiently to be removed yesterday to his home by his parents, Mr. and Mrs. R. A. Bachman, 1234 Fourth avenue. The operation was a most successful one, including the removal of one rib and a portion of the spine.

George League, the driver of an express wagon, who was charged with grand larceny in connection with the disappearance from his wagon of some alleged gambling paraphernalia which he had been employed to haul, took a change of venue yesterday from the court of Justice Greene to that of Justice Cooper, where the case was set for hearing on August 10.

Dr. V. L. Treynor was called yesterday afternoon to attend a boy on West Broadway who had been injured by a horse. The boy, a member of a family of horse-traders, camped on Lower Broadway, was leading the horse when the animal was frightened by a passing automobile, which struck and cut a deep gash in the lad's limb. Dr. Treynor did not learn the name of the boy.

A. Wilcox, the "junker" charged with stealing a horse, the property of John Giant of Omaha, and bringing the animal to this side of the river, was found guilty in Justice Cooper's court yesterday. Grant placed the value of the horse at \$25, but the court decided that the value was less than the amount required to constitute grand larceny. Wilcox was sentenced to thirty days in the county jail.

EXPERT IS EXPECTED SOON

St. Louis Engineer Will Look Over Water Works Plant.

IDENTITY STILL KEPT SECRET

Publishing Book on Water Works Proves Big Task and Another Expert Will Soon Be Needed.

The expert hydraulic engineer from St. Louis, who has been secured by the city council committee on water works to check over the plans and specifications for the proposed municipal water works plant drawn by City Engineer Entyre and suggest such changes as he may deem expedient, is expected to be here Friday.

The identity of the expert is still a secret and the reason for this secrecy was explained yesterday by Councilman Morgan, one of the leaders in the movement for municipal ownership, who said: "The object in keeping the identity of the expert engineer a secret for the present is, I believe, to insure an unbiased opinion from him, free from the contaminating influence which might be brought to bear upon him by those whose interest it would be to defeat the municipal ownership movement."

Councilman Jensen, chairman of the water works committee, while declining to make public the name of the expert, said: "When Mr. Jensen came here from New York on behalf of the stockholders of the water works company he suggested that the company would be willing to have the same expert employed by the city to examine the company's plant and suggest what improvements and extensions were necessary to be made to the system up to date and up to the needs of the city. I objected to this and said that if our expert were employed by the water works company his connection with the city would cease."

Mr. Jensen added further that as soon as the expert had submitted to the committee a written opinion, it was probable that his name would be made known. Mr. Jensen's committee has not yet begun work on the book dealing with the water work question which is to be published for the benefit and elucidation of the voters. It is said that the committee is beginning to realize that it has undertaken a task which is looking around for some competent person who is an advocate of municipal ownership to act as editor-in-chief of the proposed treatise. In accordance with the suggestion of Mr. Jensen's committee the work is to be entitled, "A Statement of the Water Works Situation in the City of Omaha, Published by Authority of the City Council."

Councilman Skodsholm, whose name has been suggested in connection with the position of editor-in-chief of the proposed treatise, said yesterday that the volume would be no small affair. "It will not be merely a pamphlet, but will contain a number of printed matters and possibly a good deal more," declared Mr. Skodsholm.

TAMISIEA DECLINES TO RUN

Democrat Finds He Does Not Want to Make Race for Judge.

Attorney Frank Tamisiea of Missouri Valley has finally decided that he cannot accept the nomination for judge of the district court, recently accorded him by the democratic convention of the Fifteenth judicial district. Mr. Tamisiea has notified W. H. Schurz of this city of his decision not to be a candidate for the judicial bench.

Mr. Tamisiea was not present at the convention and his nomination was brought about by W. H. Schurz after a determined effort had been made by Lew Genung of Glenwood to have the convention endorse E. B. Woodruff of Mills county, the republican candidate for judge of the district court. In presenting Mr. Tamisiea's name to the convention Mr. Schurz assured the convention that the Missouri Valley attorney would not only accept, but would make a campaign.

The democratic judicial convention, however, after nominating Mr. Tamisiea took the precaution to adopt a resolution authorizing the judicial committee to name another candidate if for any reason Mr. Tamisiea would be unable to accept the nomination. It is now up to the committee to find someone willing to be offered up as a sacrifice in order that the party shall not be without a candidate for the district bench.

S. B. Wadsworth of this city, although he insists he is not a member of the body, is apparently the chairman of the democratic judicial committee. His term would expire this year and the judicial convention authorized Mr. Tamisiea to name the chairman and secretary of the committee, but as he has after due deliberation declined to accept the nomination he has not given the other matter any attention.

MAY BE TOO LATE FOR FAIR

People Want It, but Question is Can It Be Arranged.

In accordance with the request of Mayor Mahoney, the executive committee of the Commercial club and the officers of the Council Bluffs Street Fair and Carnival company will meet this afternoon at 4:20 o'clock in the rooms of the Commercial club to decide whether it will be advisable or not to attempt to hold a street fair and carnival this year.

There seems to be little question but that the people generally want the street fair and carnival again, but it is a question whether it is not too late in the season now to make preparations for one. Some of the business men who have been active in the management of the street fair and carnival in former years are not now willing, it is said, to take the initiative in getting up another this year. E. M. Sargent, one of the officers of the Council Bluffs Street Fair and Carnival company, said yesterday: "It would take an immense amount of work and it is rather late in the day to begin now. We have always started long before this time. If, however, a street fair should

be decided upon, I believe all the members of the old company would be willing to help, but it is doubtful if the old company will take the initiative."

VANDALS DESTROY PROPERTY

V. S. Walden Made Victim of Unidentified Persons.

The premises of Vermette S. Walden, an insurance agent living at 214 Avenue A, were visited Tuesday night by unknown vandals, who, not content with irreparably damaging a buggy and stealing a set of harness, brutally mutilated Mr. Walden's driving horse by cutting off its tail.

When Mr. Walden entered his barn yesterday morning he noticed that the buggy was missing. After a brief search the buggy, a complete wreck was found in the alley back of the barn. The set of harness was also cut off about a foot from the crossbar, every spoke in the four wheels had been sawed through, the dashboard had been broken and the top slashed into ribbons.

Re-entering the barn Mr. Walden discovered that the tail of his horse had been cut close, and further investigation brought to light the fact that the harness was missing.

Mr. Walden at once notified the police, but the vandals or criminals had left no clue. Mr. Walden is at a loss to know why he should have been made the victim of such an outrage. To the police he said that, as far as he knew, he had not an enemy and had not had any trouble with any of his neighbors. This is the third set of harness which has been stolen from him since he has lived in Council Bluffs, Mr. Walden said.

Teachers Take Examination.

Seventy-five applicants for teachers' certificates are taking the final summer examination conducted by E. R. Jackson, county superintendent of schools. The examination which was begun Wednesday is being conducted in the high school and Superintendent Jackson is being assisted by Prof. J. C. Grason and Miss Clara Meyer of the high school faculty. Many of those who failed in the previous examination have returned to try again, and among the applicants are a number of holders of certificates who want to raise their grades. Several graduates of the high school are among those taking the examination. The examination will last over Friday, and will be the last before the opening of school in September. The next examination will not take place until late in October.

Nervy Theft on Train.

The police recovered yesterday a leather suit case which had been stolen Tuesday night from a Rock Island passenger train. The suit case, which had been cut open, was found in the back yard of George Luoka, 623 Sixteenth avenue, about a block from the Rock Island depot, where it had evidently been thrown by the thief. The theft was one of the nerviest ever reported to the police. The thief clinging to the side of the train as it pulled out of the depot reached through an open window, seized the suit case, which it never had placed on a seat, threw it to the ground and then dropped off the car. The owner had the train stopped and returning to the depot telephoned the police. He could not, however, be found later. Laundry in the case bore the name of B. Arnold.

CONFERENCE AT OYSTER BAY

President Discusses Political Situation in New York and Ohio.

OYSTER BAY, N. Y., July 30.—President Roosevelt was much pleased with the present situation of the country in general, said one of the participants in the conference at Sagamore Hill this afternoon as he was about to depart from Oyster Bay. He explained that the president is taking nothing for granted and is working his hardest for the election of Judge Taft.

For over three hours today the president was in conference with Timothy L. Woodruff, chairman of the New York state republican committee, and Francis B. Loomis, Ohio, the president's secretary, William Loomis, Jr., was also present.

The conference with the president began before luncheon and continued until 3:45 o'clock. The president entertained them at luncheon, Henry B. Needham, a magazine writer, and Secretary Loeb joining.

The general political situation in the eighth district was discussed by the president and his visitors. Very little more than this could be learned after the conference was over. Mr. Woodruff said they had talked over the national political situation and discussed the state situation only so far as it had a bearing on the national situation.

Mr. Loomis said that the candidacy of Governor Hughes for renomination was talked over the same as other possible candidates for nomination. The president had told him, he said, that he would not interfere in local politics. Mr. Woodruff declared that he had not come to Oyster Bay to talk with the president regarding the candidacy of Governor Hughes. He expected to see the president often during the summer, but at present had no definite engagement for a future date. He declined to discuss with the newspaper men the situation in New York state, said Mr. Loomis. As minister to Venezuela for three years Mr. Loomis became well acquainted with President Castro and his methods. He said it seemed very true, as if Venezuela was looking for trouble, but did not know of any contemplated action on the part of the United States to take definite action in regard to Venezuela. He could not understand why President Castro was antagonizing so many foreign countries. Castro, he said, is very cunning, but not cunning enough to escape punishment from these countries.

Secretary Loeb would say nothing on the political conference.

NEW YORK, July 29.—Chairman Timothy L. Woodruff of the republican state committee, who spent this afternoon with the president at Oyster Bay, declared on his return to the city tonight that the president would not interfere with the state campaign, and that he also understood that Judge Taft would not interfere. As for the state committee, he said, he promised that the national committee would not interfere, and that the nominees for governor would be selected by the republican state convention, which will probably meet at Saratoga Springs, Monday, September 14. DESPERATE FIGHT WITH MOB

Pensacola Sheriff Makes Vain Effort to Protect Negro Prisoner.

TWO MEN KILLED, SCORE INJURED

Lynch Party is Driven Away, but Returns Greatly Enforced and Overpowers the Officers.

PENSACOLA, Fla., July 30.—Two men killed and a score wounded, some probably fatally, is the record of an attempt by a mob to storm the county jail and take out the negro, Leander Shaw, who today assaulted Mrs. Lillian Davis near here. The mob numbered probably 1,000 persons and gathered early, but there was no indication that the crowd, which completely surrounded the jail, contemplated making a rush until nearly two hours later.

The dead are: "Lindor B. KELLUM, street car motor-man; BUD NICHOLS, a planter. The wounded are: Charlie Turner, shot in abdomen; probably fatally. Joseph Brewton, shot in abdomen; probably fatally. Bud Knowles, shot in side; probably fatally. Lindor B. H. Eaton, shot in head; probably fatally. Sheriff James C. VanPelt, shot in right arm. John VanPelt (brother), shot in side, head and hand. Fred Humphreys, shot in leg. W. P. Bryson, shot through ear. W. P. Ballou, shot in arm.

Probably a dozen or more others were slightly wounded for the jail entrance. The first indication was when a railroad train was brought into play by about a dozen men upon the iron gate of the jail yard. At the same moment the entire mob seemed to catch the spirit and with yells and curses dashed for the jail entrance. Some climbed over the tall iron fence while others hammered upon the gate.

The sheriff with half a dozen deputies stood in windows upstairs with drawn revolvers and riot guns. The sheriff flung with the mob, at the same time telling them he would defend the prisoner at the cost of every life present. His words had no effect and the moment the first blow was struck on the gate a volley of shots flashed from the upper windows of the jail. This was answered by the crowd, which poured volley after volley into the jail windows, scattering the mob.

The mob was momentarily driven back with many wounded and one dead as a result of the deadly aim of the sheriff and his deputies.

At midnight the mob, which in the meantime had been reinforced by many residents of the surrounding country, made another attack on the jail. The sheriff and officers were overpowered by men who had crept over the rear wall and covered them with rifles and revolvers. Others broke down the cell door and took Shaw out. The negro was carried to the center of the plaza and hanged to an electric light pole, after which fully 500 shots were fired into his dangling body.

In the last attack on the jail H. C. Kelam, a street car conductor, was killed, while two deputies and four or five of the mob were wounded. At 1 o'clock this (Thursday) morning everything is quiet and the mob has dispersed.

In a desperate encounter with the negro, Mrs. Davis sustained a gash across the throat and was badly beaten and her baby struck in her attempt to resist the attempts of the negro to assault her. When rescued by Shaw, Mrs. Davis grasped a revolver and attempted to eject Shaw from the house. The negro drew a knife and on leaving the house injured the baby. The negro was captured after a hard fight. Mrs. Davis, in a critical condition, identified Shaw.

Lynchings in Georgia.

LYONS, Ga., July 29.—Alonzo Williams, a negro, who is alleged to have assaulted Mrs. Glara Bowen last Friday near Ochopee, was last night taken from the Toms county jail by a mob, carried to the woods nearby, hanged to a tree and his body riddled with bullets. The rope around his neck was cut by the fusillade of shots and the body dropped to the ground.
