John Wesley.

THE famous founder of Methodism was pre-eminently a man of heroic and humanitarian ideals, whose personal piety, beneficence and high moral teachings deserve the approbation of all good men.

In one of his sermons he declares: "Without bread and wine the strongest bodies decay... bread and wine keep up our natural life"; and again when criticizing a book, published by Dr. Cadogan, he praises the use of fermented liquor as "one of the noblest cordials of nature."

In a pamphlet entitled "Primitive Physic" he advises his followers as follows: "Drink water only when it agrees with your stomach, if not good small beer."

During his lifetime he traveled into every corner of the British Islands, crossed the ocean to America, preached 40,000 sermons and drank good malt beer and wine, from youth to old age, dying at over 80, a marvel of noble fortitude, physical endurance and mental power.

MAYOR'S VETO IS FRUITLESS

City Council Will Publish Book on Water Works.

ONLY ONE MEMBER OPPOSED

Ordinance Governing Work of Plumbers Is Under Consideration—Jaunt to Missouri Valley in Prospect.

The city council Monday passed the resolution authorizing the commission on water works to publish a treatise on the water works question for the alleged benefit of the voters over the veto of Mayor Maloney. The mayor gave his reasons for vetoing the resolution in the following communication, that it gave too much power to spend money with too few restrictions.

The committee on printing was instructed to advertise bids for the printing of the treatise but nothing was said as to who would prepare or edit the matter to be contained in the publication.

Councilman Belinger alone voted in favor of sustaining the mayor's veto.

The city clerk was instructed to advertise for bids for the construction of cement and brick sidewalks.

The special committee, consisting of Councilmen Higdon, Jensen and Younkerman, will meet Friday evening with the city attorney at the latter's office to confer with the master plumbers of the city relative to the passage of an ordinance regulating and governing plumbing work and possibly providing for the appointment of a city plumbing inspector.

At the suggestion of the mayor, the councilmen will take a trip to Missouri Valley to inspect some newly laid cement crossings which it is proposed to construct in Council Bluffs in place of the old wooden ones.

The council will meet Wednesday afternoon as a committee of the whole and on Thursday afternoon in regular session to assess up recently completed paving.

The matter of fixing the salary of Dr. Tubbs, "health physician," was laid over until next week.

"TWELFTH NIGHT" IS PRESENTED

Shakespeare's Play Given by Amateurs With Great Success.

On a stage almost hidden by the elaborate decorations of green foliage and with the luxuriant trees of Baylis park as a fitting setting and background, Shakespeare's "Twelfth Night" was presented to a large and pleased audience by amateur talent of this city and Omaha under the direction of Miss Lillian Fitch of the Boyd Theater School of Acting. An orchestra under the direction of A. A. Covatt added much to the enjoyment of the performance which was for the benefit of the Associated Charities' canteen.

The patronesses included the following well known women: Mrs. Fred Davis, Mrs. Victor E. Bender, Mrs. Charles Benoit, Mrs. August Berensheim, Mrs. Dreyfus W. Bushnell, Mrs. W. L. Douglas, Mrs. W. H. GUARDS TO TAKE TRIP

Company I, Iowa Militia, Will Travel to Foot Dodge.

Captain S. A. Greene of the Dodge Light guards, forming Company I, Fifty-fifth Regiment Iowa National Guards, received yesterday general orders No. 2 from Colonel J. R. Lincoln, instructing him to proceed with his command to Camp Hull at Clarinda next Saturday morning and report for camp duty. The company will leave for Clarinda over the Burlington Saturday morning at 9:30 o'clock with an enrollment. It is expected of about fifty men. They will be in camp eight days.

The men will go through the ordinary routine of a stationary camp and unless Colonel Lincoln changes his present plans there will be no strenuous cross country hikes as was the case last year. First call will sound at 5:30 o'clock a. m., followed at 8:30 o'clock with a gun and reveille. The morning drill will be called at 7:45 o'clock and the afternoon drill at 1:45 o'clock. First call for dress parade

NEW SUPERINTENDENT CHOSEN

Prof. J. H. Beveridge of Missouri Valley Heads the Schools.

Prof. J. H. Beveridge, superintendent of schools at Missouri Valley, was elected superintendent of the public schools of Council Bluffs to succeed Prof. W. N. Clifford at the meeting of the Board of Education Monday.

The election of Prof. Beveridge followed after an hour and a half session of the board.

Prof. Beveridge was selected from a list of thirty-two applicants for the position.

At the executive session it is understood the list of candidates had been slimmered down to five, including Prof. Charles M. Cole, superintendent of the King of Boons, Ia. The formal ballot taken in open session was unanimous for Prof. Beveridge.

Prof. Beveridge, who was at the Grand hotel, was notified by telephone of his election and he accepted his duties today, and thanked it for the honor conferred on him. After a brief conversation by telephone with the president of the Board of Trustees of Missouri Valley, Prof. Beveridge formally accepted the position and will enter upon his duties today, the Missouri Valley trustees consenting last evening to his release there.

Prof. Beveridge was superintendent of the schools of Glidden, Ia., from 1892 to 1902 with the exception of two years, during which he served as director of the school to complete his college course at the Ohio university, where he took a post graduate course in physiology and pedagogy. Since 1902 he has been superintendent of the schools at Missouri Valley.

The new superintendent's salary was fixed at \$2,100, to be paid in twelve monthly installments.

Prof. Beveridge's wife and two children will come here August 15. He is one of the instructors who will be employed by the Potawatamie County Normal institute to be held in this city the latter part of this month.

The resignation of Mrs. Dora Churchill as principal of the Pierce Street school was accepted and Miss Letha Baker, one of the teachers in that school, was selected to fill the vacancy. The resignation of Miss Letha Baker of the Pierce Street school, Miss Grace Griffith of the Third Street school and Miss Hutching of the Twentieth Avenue school were received and accepted.

These new teachers were elected: Miss Mary O'Connor, salary \$40; Miss Augusta Fratzel, salary \$45; Miss Maude Myers, salary \$40; Miss Freaney is from the Drake university at Des Moines while the others are from this city.

Prof. D. R. McGrew of the high school faculty, in a communication to the board, announced he would resign unless his salary was increased. The board took a preliminary action by accepting his resignation. If in the opinion of the superintendent and the principal the work can be done without filling the vacancy, no successor to Prof. McGrew will be appointed. If, however, it is decided that his place shall be filled, the salary will be increased.

C. I. Hildreth was appointed janitor of the Second Avenue school and George Smiley janitor of the Third Street school. The monthly salaries as paid the former incumbents.

TWO CAMP MEETINGS TO BE HELD

Letter Day Saints and Free Methodists Will Hold Sessions.

Council Bluffs will entertain two camp meetings of church organizations this month. The largest, it is expected, will be that of the Reorganized Church of Jesus Christ of Latter Day Saints, which will begin August 22 and continue over September 1. The Free Methodist camp meeting will be held August 7 to 16 inclusive.

The camp meeting of the Reorganized Church of Latter Day Saints is expected to have an attendance of nearly 1,000 visitors. The delegates alone from the churches in the two districts of the denomination in southwestern Iowa will number several hundred, while there will be many visitors from the church membership as well as from the Sioux City district and the Douglas district in Nebraska.

It had originally been planned to hold this campmeeting in Fairmont park, but this was found to be impracticable and an excellent location was being campmeeting in the grove near the Illinois Central bridge over the Missouri river in the northwestern part of the city.

The Free Methodist campmeeting will be located in the shady grove at Seventeenth and Avenue H, the site of the old driving park. It has been campmeeting erected tomorrow in order that everything will be in readiness for the opening service on Friday evening.

Rev. W. G. Hammer of Evanston, Ill., is expected to be here for the first service. The order of service for the first few days of the meeting will be as follows: Prayer meeting at 8 a. m.; love feast at 8 p. m.; Bible reading at 10:30 a. m. in the afternoon there will be preaching at 2:30, followed by children's meeting at 4 o'clock. Preaching at night at 8 o'clock.

Board of Health Meets.

The Board of Health, at its session last night, was confronted with a mass of bills and claims in connection with the case of smallpox and other contagious diseases, which caused the members to sit up and take notes. The bills aggregated

over \$2,000, and among the number was one from Dr. Bower, the "health officer" of the board, for \$60 for attending thirty-seven smallpox cases. The other bills were for almost every conceivable thing, including nursing, burial and feeding of patients. The bill for the burial of two smallpox patients amounted to \$170.

After a lengthy and at times acrimonious discussion the bills were referred to a special committee, consisting of Councilmen Olson, Higdon and Morgan, to report back at the next meeting.

The salary of the health officer, Dr. Bower, was placed at \$250 for the year, but the matter of pay for attending infectious, including smallpox cases, was laid over for a week. Councilman Morgan suggested \$750 a year, but this was objected to by the mayor. Some of the members appeared to favor advertising for bids from physicians for this work.

The rule regarding the care of vegetables and fruit displayed outside of stores was modified. All fruit and vegetables will have to be placed two feet above the sidewalk and all fruit so exposed will have to be protected by a screen.

PRIMARY EXPENSES CUT DOWN

State Auditor Sends Warrant for Portion State Will Bears.

County Auditor Chyney received yesterday from the auditor of state a warrant for the state's proportion of the expenses of the primary election held June 2 in Pottawattamie county. The expenses allowed by the state executive council amounted to \$2,327.50 and of this the state bears half, the warrant accordingly being for \$1,163.75.

The state executive council refused to approve terms of expense aggregating \$1150 and having the honor of the Pottawattamie county. Among the items disallowed are \$28.90 for books for alphabetical list of voters, \$2 for "record book" and \$23.60 for expense blanks for candidates. These, the state executive council in its communication to County Auditor Chyney states, were not required to be furnished unless the county so elected.

The item of \$1,529.40 for the pay of clerks and judges of election was allowed in full as were the items of \$60 for publishing the primary election notice in four newspapers and \$73.75 for ballots.

Auditor Chyney stated yesterday that he would at once mail out warrants to the judges and clerks and all others having election bills against the county and that it would be unnecessary for these persons to call at his office.

Deranged Man Ends Life.

CHARLES CITY, Ia., Aug. 4.—(Special Telegram.)—A man, who had been in the hospital for a long time, committed suicide this morning by taking carbolic acid and cutting his throat with a razor. He had just returned from Des Moines, where he had been in the Hill hospital. Ill health and mental derangement, caused by being struck by lightning two years ago was the cause.

Iowa News Notes.

IOWA FALLS.—After waiting two months, hundreds of election officials over Iowa are to be paid their fees earned at the primary election the first of June. These fees have been withheld by the executive council for the last sixty days while going down the expense account of Iowa's first primary election with a view to cutting down the big item of \$300,000, of which the state pays half and the counties half.

IOWA CITY.—Carterly, who lives at Lake City purchased a pair of lard in the usual marketing place, called on the dealer and found the lard was in a house. When the pair of lard was about half used up, she discovered a hard substance, which was a view to cutting down the investigation found a gold watch. The timepiece had been some hard usage and was nearly broken, but the movement was a good one.

IOWA FALLS.—The beauties of the west had a grand time at the Iowa county fair, who is so in love with Iowa and its environs that she is willing that her spouse should be content to spend his life in Iowa and receive a decent rather than have good old Iowa. Mr. and Mrs. Edward D. Smith were married at Iowa Falls, Ia., September, 1902. In the petition he alleges that since he went to Spokane in 1906, his wife has remained in Iowa and has written him since that time. He also states that whether living at Kansas City or Spokane she has refused to leave her happy home in Iowa.

IOWA FALLS.—A merry free-for-all race for the grand prize of \$100.00 was held at the Iowa Falls fair on Tuesday. The race was won by a team of four horses owned by J. P. Rail, formerly of the first king Pythians in Iowa; John H. Merckins of Fairfield, who has been assistant grand lodge for several years; W. M. Clark of southwest Iowa, who has been a prominent member of the grand lodge for years; and J. E. Bradton of Waterloo, a well known Pythian. The latter candidate will win.

NEBRASKA FROM DAY TO DAY

Quaint and Curious Features of Life in a Rapidly Growing State.

Duck Without Eyes—Ben Unland, a young farmer near this city, reports a curiosity in the shape of an eyeless duck, hatched out a few weeks since. The fowl runs about like the remainder of the brood but is unable to see food, even without eyes. The freak shows absolutely no signs of eyes, lashes or cavities, but is otherwise a perfectly formed fowl—Humboldt item.

Cookies and Straw—Saturday Leslie Bumgarner, little son of Clarence Bumgarner, got a piece of straw lodged in his throat while eating a cookie. The straw had lodged too far down in the throat to be reached except by an instrument of some kind. Mr. Bumgarner went to his shop and quickly made a pair of tweezers and his extracted the straw. If it had lodged a little lower down it would have been necessary to perform an operation to reach it.—Geneva Signal.

Chrizy's Fishing Trip—"Chrizy," the obliging and somewhat rotund deputy county clerk, had the genuine fisherman's luck Sunday. Four sunfish was the sum total of his reward for laboring and sweating along the banks of McKirahan creek from sunup to sundown. That would not have been so bad, but his tale of woe arose in this wise: When ready to start home he rowed across the lake to get his companion, Dr. Thomsen. Instead of casting up on the oars as he approached the bank, he kept in full swing, hitting it with tremendous force. The result was a perfectly natural—the boat turned turtle, rolling over with its startled occupant just as suddenly and gracefully as you please. All Thomsen heard for a few seconds from under the upturned craft was a succession of surges, indicating that the submerged stranger was involuntarily quaffing strange drink. When finally released, he presented a decidedly moist appearance. "Lake water," he says, "may be good for everything, but as for a beverage, it is the worst ever.—West Point Republican.

POLITICIANS OBJECT TO IDEA

Plan to Hold Convention During Fair Meets With Disfavor.

NOT ENOUGH TIME FOR CALL

First Recall Petition Under Des Moines Form of Government Aimed at Alderman Halney.

(From a Staff Correspondent.)—DES MOINES, Ia., Aug. 4.—(Special.)—Carl Franke, chairman of the republican state committee, returned at noon today from his home at Parkersburg, where he spent Sunday. He was the only member of the committee to reach the city today. It is understood that when the committee meets tomorrow there will be opposition to the idea of holding the state convention at the fair grounds during the state fair. It is claimed, too, that there is not enough time in which to call the convention for that time.

Clarks in Convention.

District court clerks of Iowa will meet in Waterloo August 12, 13 and 14 for their eighth annual convention. M. M. Dearing, assistant United States attorney at St. Louis, and Judge Roberts of the district court at Ottumwa will be among the speakers. Each will speak on the second day of the convention. The election will be held the third day.

Files Suit for Libel.

Miss Jane Carlson has started suit in the district court here for \$20,000 damages against Mrs. A. J. McCol for libel. When Mrs. McCol started her divorce proceedings against her husband a few days ago, she named Miss Carlson as the co-defendant. Miss Carlson bases her charge for libel on the divorce petition. Mrs. McCol is said to have called for Europe within the last few days and the suit cannot come up in district court before the September term.

Overcome by Heat.

Des Moines passed through another hot day Monday. Tony Ponzone, a driver for a dealer's wagon, became overcome by the heat today at 11 o'clock on Cherry street. He grew dizzy and drove recklessly and ran into a wagon and was thrown to the pavement, striking his head on the curb. He was removed unconscious to his home at 325 South First street.

First Recall Petition.

The first recall petition under the Des Moines commission form of government was started Monday. It is understood that automobilists and cigar dealers are back of it and are circulating it to have Alderman Halney recalled. Halney is in charge as superintendent of the department of public safety. This gives him charge of the police. He forced the slot machines out of the cigar stores and a few nights ago a score of the wealthiest automobile owners were arrested for not having green lights displayed in the rear, and for exceeding the speed limit. They propose to fight. It was claimed today that many petitions would be started soon. Petitions today are being circulated by H. B. Dickinson, the man who was tried some months ago for the murder of Irene Elydenburg.

Not Graduates for Penitentiary.

Boys leaving the Boys' industrial school at Eldora are no longer graduated to the penitentiary, as the saying used to be some years ago. The annual report of the state agent for finding homes for the boys shows that there are now but five boys in the penitentiary who have left the school in the last two years, during which time 332 were placed into homes or found employment. Inasmuch as the school gets the worst boys of the state after no one else can do anything with them, the report claims this showing is very good. Formerly the policy of the state was to

release the boys and allow them to drift for themselves as soon as they served their term or came of age. Now an agent is employed for the school who employs all his time finding homes and employment for the boys as soon as they show a disposition to do right and steady down. They are placed in none but suitable homes and are then visited regularly to see that they are doing right. The report shows that sixty-nine have been returned to the school for breaking the terms of their parole, thirty-six are out of the state and fifteen are unknown.

Straw Man Killed.

Arthur Presley of Stuart, Ia., was killed while attempting to board a moving Rock Island train here yesterday. His foot caught in a frog of the track as he attempted to catch the moving train. He was taken to Mercy hospital, where he died at 12:30 last night. He was divorced from his wife some twelve years ago. The woman is now living in this city, but by what name the authorities do not know.

Cattlemen Bankrupt.

Clinton L. Hartzell and O. M. Hartzell, extensive land and cattle owners of Texas and Iowa, filed a petition in voluntary bankruptcy in the federal court here today. The liabilities of Clinton L. are given at \$208,550 and those of O. M. at \$455,250, making a total of \$663,800. The principal creditor is Robert Moody of Canadian Tex., who holds a mortgage on Clinton L. Hartzell's land to the extent of \$163,000 and on that of O. M. Hartzell to the amount of \$170,000. Both men say they will meet every dollar of indebtedness if their creditors will allow them time to realize on their extensive holdings.

Washington, Aug. 4.—(Special Telegram.)—

The Interstate Commerce commission today received the complaint from the Board of Railroad Commissioners of Iowa against the Illinois Central, Dubuque & Dunieth Bridge company, Chicago, Burlington & Quincy and A. B. Stickney, receiver for the Chicago Great Western railroad, protesting against the charge of 30 cents per passenger who crossed the bridge over the Mississippi river and connecting Dubuque, Ia., and East Dubuque, Ill. The defendant railroads run their cars over the bridge and assess each passenger 30 cents above the regular fare to points in Iowa. This is deemed to be an excessive charge and an investigation is asked.

Postmasters Appointed.

South Dakota—Albee, Grant county, Joseph G. Anderson, vice D. O. Leary, resigned. Carl M. Aldrich appointed regular; Marion F. Smith, substitute rural carrier, route No. 2, at Mount Union, Ia.

Democrats August 13.

Clinton L. Price has issued a call for a meeting of the democratic state committee for August 13 at the Savery in this city, at which time it is presumed the supreme court vacancy will be considered. Mr.

Price today opened the committee head quarters in the Observatory in rooms 702 and 705.

Conventions to Des Moines.

Five conventions of considerable importance will be held in this city during the month of August. The most important probably will be the gathering of rural mail carriers on the 18th and 19th. The Western Handicap shoot will be held here on the 18th to the 21st. The American Mutual insurance association will meet here on the 20th, bringing 400 delegates. The National Title Abstracts Men will meet here on the 19th, 20th and 21st. The Horists of the state and many other such organizations will meet here during the state fair week.

COMPLAINT ON BRIDGE FARE

Interstate Commerce Commission Receives Objection to Charge for Dubuque Crossing.

WASHINGTON, Aug. 4.—(Special Telegram.)—The Interstate Commerce commission today received the complaint from the Board of Railroad Commissioners of Iowa against the Illinois Central, Dubuque & Dunieth Bridge company, Chicago, Burlington & Quincy and A.
