MATTERS IN THE DISTRICT COURT

Wabash Road Asks Damages for Refusal to Pay Freight Charges.

The cause for action in a suit brought by the Wabash railroad company yesterday in the district court against the Monarch Manufacturing company of this city is rather an unusual one. In fourteen separate counts involving as many shipments of lubricating oil from Ironville, O., the turing company refused to pay the whole amount of freight charged by the railroad, leaving a balance of about \$12 on each shipment unpaid although the charge is claimed by the railroad company to have been fair and reasonable. For the refusal of the defendant company to pay the full freight rate the railroad asks \$50 damages n each of the fourteen counts making a total of \$700 sued for.

Mrs. Cathrine Carlin is plaintiff in suits brought vesterday against G. Jeson and August Boysen, saloonkeepers of this city In each suit Mrs. Carlin asks \$5,000 damages for the alleged sale of nquor to her husband, James Carlin, who on June 1 of this year was committed to the state hospital for chronic inebriates at Knoxville. Mrs. Carlin charges that the defendants sold her husband liquor after he escaped from the institution and returned to this city. Carlin was taken back to Knoxville about a week ago. In each suit the Title Guaranty & Surety company as bondsmen of the defendants are made party defendants, as are the owners of the buildings in which the saloons are located.

ATTORNEY SAYS CITY IS LIABLE

Protest of Improvement Clubs on the Location of the Proposed Vinduct at Bancroft Street is Placed

Upon the advice of C. C. Wright, attorney for the Water board in conformity with the opinion of the city attorney, the city council last night referred the bills of the Omaha Water company for water furnished the fire engine houses of the city since November, 1966, to the Board of Fire and Police commissioners.

Mr. Wright, in his opinion addressed to the Water board and by it referred to the council stated that the franchise granted the Water company does not state that it shall furnish water to the engine houses free, and for that reason it has perfect right to make charge for it. Water was furnished the engine houses upon order of the Board of Fire and Police commisstoners and prior to November, 1906, but the company makes no charge for water furnished before that date for the reason that meters were not installed before then and there was no way of ascertaining how much water was used. FAST WORK ON PANAMA CANAL Big Ditch to Be Finished Within Five Years for Less Than Estimates.

WASHINGTON, Aug. 19,-That the Panama canal can be completed within five years and at much less cost to the government than has been generally supposed is the information which Colonel Goethals, engineer in churge of the work, is expected to bring Secretary of War Wright rom the isthmus next mouth.

Colonel Goethals contemplates a trip to this country in September for the purpose of conferring with Secretary Wright on canal zone matters. One of the subjects of discussion will be the estimates for next car, to be submitted to congress at the oming session.

The task of digging the canal is being carried on by the department of which Secretary Wright is the head. Although is not so familiar with the work as his predecessor, Judge Taft, he is greatly interested in the project and is desirous of learning more of it from the man who is

supervising the job. While here Colonel Goethals will make a trip to Oyster Bay to discuss the situation with the president. He will return to Panama before the various congressional wish of the majority. Councilman Bridges committees arrive there early in November to inspect the work.

> KENTUCKIAN TIRED OF LIFE Alfred T. Wimberly of Louisville Commits Suicide After Writing an Unusual Note.

LOUISVILLE, Ky., Aug. 19 -- Alfred T. Wimberly, state manager of the Bankers' Life association of Des Molnes, fa., and a well known insurance man, was found dead in bed at his home this afternoon. Death was caused by a self-inflicted pistol wound, according to the coroner. A letter found on the table in the room

I am neither drunk or insane, I have no domestic troubles or business, I have committed no crime. I am simply tired of life. I have always had despondent spells, for which my creator is responsible. I have no fears of the hereafter, if there is any. This is for the public, if the public wants it.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acrid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism S. S. S. will be found a safe, vegetable remedy, possessing the properties needed to cure, and at the same time a medicine that builds up the entire system by its fine tonic effects. Book on Rheumatism and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Flag Yours When It Goes By

There's a procession of opportunities filing past you every day in The Bee Want Columns-yours among them.

Your opportunity can't pick you out and then drop out of line and come to you. But you can flag it-side track it-label it yours-and pro-

subscriptions to the proposed auditorium suddenly. Mr. Delano is survived by his ceed to use it to the limit of its possibilities. Don't say "O, well, other people might find something in

The Bee, but my case is different." The Bee Want Ads are for that special purpose of handling the cases that are different—of finding the people that are "different"-and better.

The sole object of all the pages of Want Ads in The Bee is to bring together the people who have what you want to buy-or what you have to sell.
