minneapoils, Duluth and Chicago reported receipts of 444 cars, against 333 cars last week and 480 cars a year ago.

Liberal receipts and continued favorable weather for the new crop brought out moderate selling of corn at the start, which resulted in initial declines of a shade to light acceptances in the country, and on the strength in wheat. An advance of lac to le in the price of the cash grain was also a factor. First trades of the year in July, 1999, corn were made today, the price being 644,666%. The market closed strong at almost the top price. September closing at 71%c and December at 869,86%c. Local receipts were 590 cars, with 133 of contract grade.

Oats were affected by the strength of wheat and corn, but prices failed to show so great an advance as in the leading grains. The close was firm, with prices 4cc to 1,68%c higher. Local receipts were 285 cars.

LONDON, Aug. 25.—Money was in increased demand on the market today and Statement of the settlement of the settlement, in which carry-over rates were unchanged. British securities attracted better investment buying. Grand Trunk was firm on better traffice returns than had been expected, while foreigners, especially Japanese bonds, improved on Paris buying. The proposed action against the coal roads and the investigation of Saturday's trading on the New York Stock exchange checked business in American securities and caused uncertainty and easing. Prices moved listlessly around parity in the forenoon.
