ONE CENT FARE LIKE BOMB

Action of Union Pacific Big Surprise to Other Roads.

BURLINGTON WILL NOT MEET IT
says it Had More Business at Two Cents a Mile for State Fair Than it Could Care For Last Year.

A bomb was exploded in the railroad camps of Nebraska Tuesday afternoon when the Union Pacific announced that it had decided to put in a cent a mile passenger rate for the state fair at Lincoln. The state board says this rate is allowed. The other roads are undecided what to do, except the Burlington, which has announced that it will not attempt to meet the rate. The Missouri Pacific apologized to the State Railway commission for asking to put in a 1 1/2-cent a mile fare, saying it would lose money by the deal, but was forced to do so by the action of the other roads.

The Burlington maintains that last year it used over 20 cars for state fair business and at the rate of 2 cents a mile, effective at any time, passengers were left standing at various stations because it was not possible to handle them.

"The Burlington will maintain the special rate of 1 1/2 cents per mile which this company lately announced and put into effect over the state on the urgent request of the state fair management," said L. W. Wakeley, general passenger agent of the Burlington. "The concession from 2 cents to a cent and a half per mile was all the state fair management asked and was entirely satisfactory to them, and if we mistake not, to the public of Nebraska. This was a concession of 25 per cent from the established rate of 2 cents per mile in each direction."

WAKEFIELD'S BLACKBERRY BALSAM
is and has been for 61 years the most prompt and reliable cure for Diarrhoea, Dysentery and Cholera Infantum. As these diseases often come in the night, every home should be prepared to check them without delay by having Wakefield's Blackberry Balsam on hand. It never fails. All druggists sell it. Full size bottle 50c.

TROUBLE IN ROAD DISTRICTS

Each Annoyance Entailed Upon County Clerk and Assessor by New Law.
Changes in the boundaries of road districts recently made by the county board under a law enacted by the last legislature is causing no end of trouble to the county clerk and the assessor. Under the new law a road district must include at least one precinct. Heretofore four of the precincts had from two to four road districts in it.
