STATISTICS OF SCHOOLS

County Superintendent Completes Report to State Official.

THREE THOUSAND NOT IN SCHOOL

the Entire County is Two Dollars and Forty-Seven Cents-Porterville the Highest.

The annual report of E. R. Jackson, county superintendent of schools in Pottawattamie county, which he completed and forwarded yesterday to J. F. Riggs, state superintendent of instruction, contains

during the year. The total enrollment of all the schools in the county, including those in the city of Council Bluffs, was 13,006, while the total average attendance

ville, Lincoln township, where there are only nine pupils, with an average attendance of but seven. The cost per pupil in this district was 35.82.

Oakland had the distinction of enrolling the largest number of non-resident pupils, namely sixty-three, as against only sixteen in Council Bluffs.

Including Council Bluffs, there are 258 school houses in the county, with 227 rooms will serve until the annual meeting in two years ago, declared that his reasons in the rural schools and 202 in the graded schools. These schools are scattered throughout 24 subdistricts. During the last year there was an average of 8.8 months of school work.

During the year thirty-nine male and 581 female teachers were employed in the county, including Council Bluffs, although there were only 426 teaching positions. The number employed shows that in some districts the teachers were changed two and three times during the year. The average compensation of male teachers was \$80.38 and that of female teachers only \$48.88. During the last year the county superin-

endent granted certificates to ten male and 200 female teachers, while three male and ninety-eight female applicants for certificates were rejected. This, County Superintendent Jackson claims, is a very low percentage.

One meeting of school officers and nine educational meetings were held throughout At a luncheon to be held today at the the county during the last year by the

WATER COMMITTEE GETS A ROAST

The members of the special committee of the local association says there were 12 of business men who devoted much time

f the circulation, and reduce it to a weak, watery fluid. The body is then deprived of its necessary nourishment and strength, and is unable to resist the countless disor-lers that assail it, and the general system suffers in consequence. The appetite fails, ligestion is weakened, chills and slight fever are frequent, while the sufferer loses mergy and ambition. Boils, skin eruptions, and sometimes sores and ulcers follow when the blood becomes deeply polluted with the malarial germs. Both a tonic and alood purifier are needed to cure Malaria, and S. S. S. is best fitted for this work. It is he most perfect of all blood purifiers and at the same time an invigorating, healthful onic. 'S. S. S. goes down into the circulation, and removes every trace of impurity or soison, and gives to the blood the health-sustaining qualities it needs. It cures Malaria horoughly and permanently, because it removes from the blood the germs and poisons which produce the disease, and while doing this tones up and sterngthens every part of the system. Book with information about Malaria and any medical advice furnished THE SWIFT SPECIFIC CO., ATLANTA, GA.

emergencies during the twenty years oc-cupied in paying off the bonds is at vari-ance with common sense. The committee makes no allowance for the future growth of Council Bluffs in population and its various and varied industries.

A member of the committee, when told of the action of the West Council Bluffs Improvement club, said: "I presume if he committee had brought in a report ecommending the city to go ahead and buy the prescht plant or build a new on and involve the city in an indebtedness which it could never hope to liquidate the ciub would have eulogized us. We reached our conclusions after giving the matter a thorough investigation and I, for one, believe the committee could not have reached any other conclusion, as time will Average Cost of Tuition per Pupil for show. the Objection. At the meeting of the recently organized Council Bluffs Automobile club last night It was decided to try the oiling of the unpaved strip in the center of Broadway for four blocks west from Thirteenth street as an experiment. The oil, it was stated, would be furnished for this strip by the Citizens' Gas and Electric company. The experiment will be tried this week.

The constitution drawn up by Dr. T. B. Lacey, the secretary, was adopted. According to it, the club is a "social and protec tive organization of all persons interested in the use, manufacture or sale of motor vehicles and has for its objects the protection of such persons from unjust legislation or unreasonable enforcement of laws and ordinances; the co-operation with others in securing the punishment of violators of such laws and ordinances; the enactment of rational legislation affecting the use of such vehicles; the promotion and encouragement of movements to secure the construction

and maintenance of improved highways." The general management and control of the affairs of the club will be vested in a board of five directors, consisting of the president, vice president, secretary and treasurer and one other member. The dues City Journal and an opponent of Governor are fixed at \$5 a year. The present officers Cummins for the gubernatorial nomination

Elimination of This Fight Puts Away the Only Hope Democracy Had of Securing Anything in State Election.

DES MOINES, Aug. 26-Late yesterday evening Governor Cummins issued his procmajority of the people of the state are proposition of that kind. in favor of expressing their choice for United States senator in the primary elec-

Nearly 1,000 republicans were in conference here today to allay the factional strife that has torn the party during the last few years, and which is believed by many to be a menace to the success of the republican ticket in this state.

The feature of the occasion was Governor Cummins' announcement that he had decided to call a special session of the legislature to dispose of the senatorial matter, which since the death of Senator Allison has threatened to renew the old fight. This special session is asked to amend the state primary law to permit the republican voters to select the senatorial candidate at the regular election in November, instead of leaving it to a legislative caucus.

Many leaders of the party were present and most of the lows delegation in congress. Senator Dolliver was one of the speakers. He accepted the decision of the governor in good part and declared himself unequivocally for a harmony program George D. Perkins, editor of the Sloux for asking that the senatorial nomination be submitted to a primary election was that it would make possible the election of all republican legislative candidates and prothe Iowa Central to fill the places of its vide for an unbiased expression on the mat-

AFFAIRS AT SOUTH OMAHA Mr. and Mrs. J. L. Wells, Twenty-seventh and G streets, are to celebrate their silver wedding anniversary August 29. South Omaha Packers Not Interested in the Power Pro-

Inquiry among the South Omaha packers has developed the fact of a complete lack of interest in the proposition of the Nebraska Power company to furnish power to the city of South Omaha. Under the proposition offered the city was to either to take so much of the power as they willing Workers of the Christian church might agree upon. The city council was buy the power plant outright or contract favorably enough impressed to pass a evening Governor Cummins issued his proc-ismation for the special session of the leg-islature to amend the state primary law, fixing Monday, August 31, as the day for convening. The proclamation sets forth the governor's reason for convening the leg-the governor's reason for convening the legresolution that the plan looked feasible islature-his belief that an overwhelming be inclined to be pretty cautious on a

R. C. Howe of Armour & Co., said: "They need not come to us looking for help. If they have a good thing let them show it and when the power is brought here and is practically demonstrated as cheaper it will be an easy matter to secure subscribers. In the first place I do not believe that the city could enter into the kind of a contract proposed. They could purchase the plant and use it for lighting, if they chose, but they could sell no power to individuals. Like all propositions of this kind the good things never require any soliciting, but those which are visionary are likely to be

found only under that class of propositions. "If the city merely wants light for municipal purposes and is not satisfied with the present contracts, it is likely that one of the big packing houses which is provided with heavy machinery which is not run at all might be only too willing to furnish all the light needed. The city has less than 200 lights. Armour & Co., could easily furnish that much power and not feel it."

Power for incandescent service is proportionately diminished according to candle power, but the aggregate of all the smaller lights used amounts to more than the arcs. The contract of the Omaha Electric Light & Power company expires within a comparatively short time. This is one reason why the Nebraska Power company saw fit to advance its proposition.

"It seems to me that Omaha, not South Omaha, should be the municipality to consider this proposition, if it is a good one, said Mr. Howe in conclusion.

The city council met for a few minutes last night for the purpose of advancing the ordinance for the opening of Twenty-fifth street across the Union Pacific and the Rock Island right-of-way. It seems that the council has yielded to the pressure of the residents of the section most desiring the street opened, although the mayor is non-union laborers to seek meals and quiescence by all others. Following the inclined still to have confidence in the sleeping quarters outside the company's addresses by Cummins and Dolliver today, promises of the corporations to build a property. In some quarters about the city Auditor Carroll, the nominee for governor, viaduct. The residents have tired of the delays and are insistent in their demands. A meeting was to have been called early Kendall and Attorney General Byers all in September to consider the viaduct propspoke. They all urged narmony. Major osition finally. If the ordinance now be Lacey said that he felt he was being called fore the council should pass, it is likely to

M. D. Brewer of Canton, O., is visiting Who did it?" "Your fellows did the day. He comes from the city of McKinley, meet further to discuss campaign measures, have been sold and the property turned to use as the site for a large hospital. Everysonal property has been scattered among numerous relatives and heirs. It is looked upon as a most regretable thing that these effects and the old home might not have been kept intact, and a second Mount Vernon erected at Canton. Another thing which causes still more regret is that a sister of the president stands willing to buy the house and donate it to the National Historical society, provided the heirs re-

store all the personal effects as they were at the time of the great man's death. This' do, and the historical society will not accept the donation otherwise. So it appears that the effects of the president are destined to be scattered to the four winds." Mrs. Newton F. Bryson and Mrs. George F. Walker were hostesses at a large party Monday afternoon, given at the home of

Mrs. Bryson in honor of Mrs. F. H. Garlow of North Platte, Neb. The women played whist and at the close of the game a two-course lunch was served.
