DEMOCRATS NOT PLENTIFUL

Only a Handful Registered So They
Can Vote that Way at Primary.

BERGE'S FRIENDS FEELING SORE

Democratic State Headquarters Are
Practically Deserted and So Far
as Appearances Go There
is Nothing Doing.

(From a Staff Correspondent.)

LINCOLN, Aug. 28.—(Special.)—An investigation of the Personal Rights League after the departure of Mayor Dahlin this morning showed that none of the candidates for the democratic and populist nominations for governor will get much of a vote from its membership. The reason is simple. Most of the members have been registered as republicans and therefore will not vote in the democratic primary. Those who are registered as democrats will vote for the candidate they think is the strongest, and just at this time it looks as though Dahlin will get most of that vote. Dahlin is the only one of the three who has come out against county option, and therefore he has the sympathy of most of the democratic members of the league in this city.

George W. Berge, of course, will get the majority of the democratic vote here and probably all the members of the anti-saloon league who are registered as democrats. Shallenberger will get some of the old-line democrats here. But as a matter of fact the democratic vote will be so small in this county at the primary that none of the candidates will be materially helped.

Berge's Friends Sore.

Friends of George W. Berge are put out because their candidate cannot break into print through the medium of the alleged party organ at Omaha. Notwithstanding Berge has been making a campaign, his friends have been unable to make the Omaha paper see it, and they have failed absolutely to get his speeches or even excerpts published. They lay it all to a desire on the part of Congressman Hitchcock to nominate A. C. Shallenberger. The attitude of the World-Herald has brought Dahlin and Berge closer together than ever and they are saying nice things about each other. What they said about Shallenberger and what they are going to say about the Harlan county man indicates that he will get little comfort at any time from either.

Democratic Headquarters Quiet.

Democratic state headquarters at the Lincoln hotel is about as busy looking as a tired horse under a shade tree. Tom Allen drops in occasionally because he is chairman and one girl stenographer is kept fairly busy answering inquiries for the whereabouts of the chairman. So far as the eye could detect there are no other stenographers employed except the one who answers the telephone.

Warm Time at Primary.

The primary campaign in Lancaster county is winding up at a blood heat temperature. Both the county option advocates and the anti-county option advocates have named slates and both are

working hard. Those who are opposed to county option have been classed by the adherents of county option as "saloon men" and other such terms. The one standard by which candidates are judged is county option. Past, present and future has been lost sight of by the prohibitionists. If the candidate is for county option he is supported by this element. If opposed, or if he refuses to say he favors county option, he is opposed. That is the one question asked. On the other hand, the other side is just as bad. If the candidate is for county option, he will not do. Any other qualifications are not necessary in Lancaster this year. Party lines will not do. No one with either side in the election either, so they say.

Colored Men Plan Big Rally.

The L. L. Lindsey club will hold a big meeting on the night of September 7, at which Congressman Pollard, Judge P. J. James Cosgrave, Major Moore and B. F. Johnson will speak. The club quartet will sing. Everybody in Lincoln is invited to attend and see for themselves that the colored people of this city are not for Mr. Bryan, as has been reported.

FIFTY SHEEP KILLED BY CARS

Switch Engine Backs Them Into a
Flock of the Animals.

GRAND ISLAND, Neb., Aug. 28.—(Special.)—A string of Union Pacific cars shoved down a sidetrack at the Union stock yards east of this city plowed through a bunch of sheep which were being returned from the pasture lands and killed fifty. One of the cars was derailed. The string had by an oversight been left without a member of the crew on any of the cars to set the brakes. The loss of sheep is estimated at \$200.

Trace of Oil at Nebraska City.

NEBRASKA CITY, Neb., Aug. 28.—(Special.)—Gilbert Hanks, who is sinking a deep well on his farm south of the city, and has gone to the depth of 1,000 feet, has concluded to go at least 500 feet further, and in this he has been joined by his neighbors. At that depth he has encountered several traces of oil and two good veins of coal. He is confident that in the next 500 feet he will strike either a large volume of oil or gas. There has been encountered a heavy flow of artesian water, which he shut off with steel casing, and now has a dry well to go further down. If anything is struck at this well, the other well in this city, which is down to the depth of 1,000 feet, will be sunk another 500 feet, because the hole here is larger and all cased. The neighbors of Mr. Hanks are jubilant over the finds so far, and if this well is not successful will sink another about a mile west, which will be a larger hole and go down 1,500 feet.

McCook Chautauqua.

McCOOK, Neb., Aug. 28.—(Special.)—The McCook chautauqua today reached high water mark in interest in its opening year. Having had such first-class talent as the Heppner male quartet, Dr. Monroe Marley, Hugh A. Orchard, J. Mohammed Ali, Judge Lee, Estelle, William Rainey Bennett, the Kirksmith Concert company, Carl D. Thompson, Gilbert Eldridge, the Royal Hungarian orchestra, Thomas Brooks Fletcher, Judge John B. Allen, The Hon. Champ Clark, was a fitting addition to the program. It is fair to prophesy that McCook will offer no objections to a renewal of this delightful and instructive system another year, but will enter into such a scheme for better entertainment and community uplift with avidity.

York to Entertain Rural Carriers.

YORK, Neb., Aug. 28.—(Special.)—A business men's meeting met in the rooms of the York Commercial club for the purpose of making preparation to receive and entertain the state convention of the Rural Letter Carriers' association, which meets on Labor day, September 7. There is a York way of entertaining state conventions that makes every delegate who attends a convention always remember the good time they had at York. Every arrangement will be made for entertainment and a banquet

will be served the boys by York women,
who are noted for the "good things to eat."

Political Days at Winside.

WINSIDE, Neb., Aug. 28.—(Special.)—Winside will devote two days to politics and expects to have candidates in attendance and to enjoy a big celebration. September 1 will be republican day and the following day will be devoted to the democrats. C. A. Robbins of Lincoln will be the orator for the first day. The fraternal orders and business men of the town have taken a great deal of interest in the celebration and a parade will be held that will be one of the events of the season.

Seventh Day Advent Campmeeting.

HASTINGS, Neb., Aug. 28.—(Special Telegram.)—Nearly 600 persons are established under canvas here for the annual campmeeting of the Seventh Day Adventists. Probably the attendance will be 1,000 before the week is over. The meeting was opened last night by Presiding Elder Robinson of the Nebraska conference. This morning a revival was conducted by Elder Luther Warren of Washington, D. C., and tonight an address was delivered by Charles Thompson of Topeka, Kan.

Vacancy on Primary Ticket.

HASTINGS, Neb., Aug. 28.—(Special Telegram.)—The death of Henry Conrad yesterday leaves a vacancy on the legislative ticket in this county. He was a candidate for the fusion nomination for representative against J. R. Cooper, who will now receive the nomination. Another fusion candidate will go on the ballot by petition after the primary election.

Delell Talks on Education.

LEXINGTON, Neb., Aug. 28.—(Special Telegram.)—Prof. J. E. Delell, republican candidate for state superintendent, delivered an address yesterday on educational day at the Edgelyville harvest festival. He went to Kearney today to speak at the graduating exercises of the Buffalo county eighth grade pupils.

Auburn Woman Helms.

CHICAGO, Aug. 28.—(Special Telegram.)—Mrs. Mary J. Daly of Auburn, Neb., is one of two heirs to Charles Draper's \$50,000 estate.
