For Coroner

Subject to the Primaries
Tuesday, Sept. 1

There being a rumor that if elected coroner that all work in connection with the coroner's office would be taken to South Omaha, on account of my being in business there, I wish to make the statement that the work will be divided among the Omaha undertakers, as it should be, and no effort will be made by me to have any change in the usual manner of conducting the office of coroner, as I shall maintain an Omaha office after election the same as is now maintained.
G. H. BREWER.

To Republican Voters

Isaac E. Congdon is a candidate before the coming primary to succeed himself as Republican Member of the Water Board.

Mr. Congdon is an able attorney, and a man of the highest character and integrity.

He was appointed by Governor Mickey, when the Water Board was organized, because of his character as a citizen and his fitness for the position, and he has served the City faithfully and efficiently.

The City is now acquiring the Water Plant and is in the midst of complicated litigation involving \$6,250,000, hence it is of the utmost importance to every citizen that the interest of the City be honestly and efficiently conserved.

For the above reasons, and without disparaging any other candidate, we urge every Republican voter to support Mr. Congdon's candidacy, as his familiarity with the Water Question, and his fitness for the office, makes him the logical and best equipped candidate before the Republican Primary.
