Qldring, cf. . 3 0 2 1 1;

Behind This \$1500 Car In the last eight years we have made and sold more than \$11,000,000 worth of Mitchell cars-sold at an

average price of \$1500 each. We are the pioneers of low-priced cars. Other cars have been reduced to \$1500. Mitchell cars have sold for \$1500 for the past eight years.

The first Mitchell car was a good car. And every succeeding Mitchell model was better.

Our first year we sold fifty cars. Last year we sold 2,500 cars. That is proof.

And now all of our \$11,000,000 worth of experience we have crystallized into this new \$1500 car.

It is a five-passenger, four-cylinder, 30 horse-power touring car. Big, handsome, strong. Powerful, speedy, easily controlled.

It embodies the best of all that we learned in making \$11,000,000 worth of cars.

And there is not one experiment in it. Everything, from its power plant to its steering mechanism, has been tried, tested and proven in actual, daily use.

We call this a \$1500 car. Its cost to you is, in fact, only \$1200.

For it has, in all, more than \$300 worth of actual automobile value, which you can get in no other \$1500 car.

The \$1500 price, for example, includes a \$150 Splitdorf Magneto, in addition to the regular ignition system.

The \$1500 price includes thirty-two inch wheels and four-inch tires.

The \$1500 price includes a dozen things that you would expect only in a \$5000 car.

Judge this car, not by what we say-but by what it is, by what it will do. Judge it by what, for eight years, earlier Mitchell models have done.

And then remember, that while there is not one single experiment about this car, yet it represents a thourand refinements gleaned from \$11,000,000 worth or experience.

Don't Pay this Price and Get a Lesser Car

Don't pay \$1500 for a car that hasn't got a \$150 Don't pay \$1500 for a car that has less than 32x4-inch tires.

Don't pay \$1500 for a car with its cylinders cast

\$11,000,000.00 Worth of Experience

Don't pay \$1500 for a car with insufficient bearings on its crank shaft.

See, first, all the good, extra-value features you get in this new \$1500 Mitchell.

Almost any manufacturer can turn out a car at \$1500. He can buy his engines of one maker. His transmission of another. Various parts here and there. And at \$1500 he can still figure a profit. The Mitchell car is made

complete at our factory in Racine. We build the engines. We grind the pistons. We cut the gears. We case-harden the

The same quality workmanehip in an assembled car would cost you \$2000 to Take one example:

The crank shafts of ordinary cars are suspended from a bearing at either end. There is play in the middle. Where there is play, there is added strain. And there are broken crank shafts as a result. In the Mitchell Crank Shaft there are five bear-

ings. One at each end, and three extra ones in We have made 5,000 crank shafts in this way,

and not a single one of them has ever been broken. Consider this when you look at any other \$1500 r. Open the crank case and bear down on the shaft at its center. See the play, and imagine the added strain as the pistons exert their power upon it.

Then decide whether you would rather have the kind of crank shaft that breaks under sudden strains-or the kind that, in 5,999 cars, has never had to be replaced.

We could multiply comparisons endlessly. But we would rather that you see for yourself.

Compare this new \$1500 Mitchell with the best American cars - no matter what their cost or

You will not find in them more vanadium or nickel steel. You will not find in them more perfect engines. You will not find in them any single feature which this \$1500 Mitchell lacks.

This \$1500 Mitchell is an imposing looking car.

It has a wheel base of 104 inches. The body is wholly of metal. Its four cylinders are cast separately, as the cylinders of the best engines always are. 28-30 horse-power.

The engine is housed under a big, handsome hood—no taxicab effect such as seen in many of the cheaper cars.

The springs are of vanadium steel. Aluminum castings are employed wherever pos-sible; only we go to the trouble and expense of strengthening them with bronze where there is wear and strain.

The wheels are big — thirty-two inches — fitted with detachable rims and four-inch tires. There are two complete ignition systems-the \$150 Splitdorf Magneto and a regular battery system. The lubricating system is the best that we have

found in eight years of experience.

The transmission is of the best selective sliding gear type—as in \$5000 to \$7000 cars.

The battery and tool boxes, made of based enam-eled steel, are furnished without extra expense to you.

The tonneau is detachable—and you have your choice of either tonneau, surrey body, rumble seat roadster or runabout deck at \$1500.

Judge this car by any standard—judge it by its beautiful, graceful lines—judge it by its tried and proven power plant—judge it by the simplicity and flexibility of its control—judge it by its ease of riding—judge it by its luxury. Or judge it by what it will do and how it will wear

Send the coupon for detailed description, to en-able you to check this car up with others at its price.

F. H. GAINES STATE CHAMPION

(Continued from First Page.)

No. II—Both made good drives, but Foye's ball was turned saide on the bounce of the approach. Gaines had a good shot for his put and took the hole, 4 and 5, which made them even.

1 to 8 made them even.
1 to 8 made them even.
2 to No. 12—Foye took the hole after Gaines had missed his brassie shot for the second.
8 core, 5 and 4, Foye 1 up.
No. 18—Foye drove a slice and sent his second into the grass. He made a good approach from there and Gaines missed his second brassie shot skain. Foye took the hole, 5 and 5, making him 2 up.
No. 14—All shots were good and the hole was halved at bogey, 5 and 5.
No. 16—Like fourteen, this hole was halved in bogey, with no remarkably good or bad shots. Score, 5 and 5.
No. 19—This hole was halved in one under bogey, 3 and 3. Both drives made the green.
No. 17—Foye rimmed the cup and hung No. 19—This hole was halved in one under bogsy, 3 and 3. Both drives made the green.

No. 17—Fore rimmed the cup and hung on the side, which spoiled a four and Gaines took the hole at 4 and 5, making him 1 down.

No. 18—Gaines rimmed the cup on two and sort three while Fore rimmed it are o-o BREWERS WIN FROM MILLERS eighteen were finished all even.

No. 4-Foye sliced over the fence out of bounds, just as he did on this hole in the chances and his stick work was fine, gettirst time around and lost his distance. Gaines took the hole, 6 and 7, making him Score:

Gaines Two Up at the Turn.

No. 10—Gaines won on Foye's missed putt, making him three up. Score, 3 and 4.

No. 11—Gaines got into a sand pit and took three for the green. Both missed short putts and the hole was halved, 5 and 5.

No. 12—Foye dubbed his drive and went into the grass. Both fell short on their approaches, but Gaines won out on the putts and Gaines took the hole 5 and 5, making him 4 up.

No. 13—Both sent their balls into the long grass, but recovered well and the hole was

Marshall/Town, is., Aug. 29,—(Special)—Two thousand people attended the annual field meet at Conrad, Grundy county. Thursday, A program consisting of base ball games and other sports was given. The Liscomb team beat Union 5 to 4, and Laurel beat Whitten, 4 to 2. The wrestling match between Dilling and Ballog, which the latter won in straight falls. was the feature of the afternoon.

LIVERPOOL, Aug. 28.—Among the passengers on the steamer Lucania, that sailed from here today for New York are M. J. Bitchis and J. C. Parke, who have bean chosen by the English Lawn Tennis association to represent Great Britain in the preliminary sound for the Dwight Davis lawn tennis challenge cup, which is to be played in America. played in America.

Cleveland Plays at Betroit. DETROIT. Mich., Aug. 39.—The Wayne county circuit court today refused the petition of Prosecutor Fackes to mandamus Police Commissioner Fred W. Smith to prevent Sunday games at the grounds of the American league base ball club, holding that the police department had ample authority to deal with the question.

The Cleveland team will play here to-morrow.
