### BIG MOVE TO SOUTH DAKOTA

Northwestern Prepares to Haul 65,000 Persons to Tripp County.

HALF WILL PASS THROUGH OMAHA

All Business of the Railroads Continues to Improve and Operating Officials Expect to Be Taxed.

"The Northwestern road is preparing to move 65,000 people to Dallas and Gregory, S. D., for the opening of the government lands in Tripp county, and at least 50 per cent of these will pass through Omaha," said Frank Walters, general manager of the Northwestern road, who has returned from Chicago. "Tripp county contains 838,-609 acres, of which approximately 38,000 icres will be allotted to the Indians and 800,000 acres will be allotted to the public, a total of 5,000 quarter sections. The conditions are somewhat changed from former openings and as the land is most attractive we expect to have all the people we can assemble cars to handle during the dates for the filing of applications and for regis-

"Gregory and Dallas are the most accessible towns to Tripp county, as they are on the edge of the county and both on the Bonesteel extension of the Northwestern road. Both are new and up-to-date towns with hotels and sidewalks and other improvements and will be better prepared for handling crowds than many towns have been at former government openings. No fee is charged for filing applications and the cost of this land will be \$6 an acre Savidge, the ceremony being performed at for all lands entered before June 1, 1909, and \$4.50 an acre for all lands entered after June 1. Tripp county contains some farming land as good as any to be found anywhere and these prizes are surely worth

> Applications for registration may be made at O'Neill and Valentine in Nebrasks, and at Dallas, Gregory, Chamberlain and Presho, South Dakota. The registering points are at Dallas and Gregory only, which are on the Northwestern at the edge of Tripp county. Applications made at other points than Dallas and Gregory must be sent by mall or otherwise to Judge K. W. Whitten of the Department of the Interior, who has been appointed superintendent of the opening, by 4 o'clock p. m.,

October 17. The date of the drawing is October 19, at Dallas. The allotment will be made at pires on that date and the second hearing Dallas sometime after March 1, 1909. The government has made more liberal provisions than heretofore for old soldiers and sailors and this fact, coupled with the high character of the land will make the drawing one of the most popular ever held by Uncle Sam.

All Business Improves.

Business on the western railroads continues to improve and the operating officials expect to soon be taxed to their capacity to handle the gnormous business which will be given them to haul. A year ago the overland roads were doing the largest business in their history and the tracks were crowded until it was almost an impossibility to get trains through. In fact, the railroad men thought they had reached the limit of tonnage for single track roads. To relieve the situation the Union Pacific was rushing double track work that the pressure might be relieved. Then came the financial flurry, with orders stop all new work. The double track builders were laid off and all new work was too much for him braska and Wyoming. That this track is Addresses will be made by ministers of needed, and needed as soon as possible, is enormous, Wednesday of last week was the special session. banner day for all time to that date for Excessor Springs, Mo 461 loaded cars were sent rolling eastward 461 loaded cars were sent rolling eastward | Jetter's Gold Top Beer delivered to any from Ogden and ten trains arrived from part of the city. New Steel Observation Cars.

The Burlington has placed in service between Omaha and Chicago, on trains Nos. 5 and 12, two new steel observation cars, the first cars of this kind that have been used on any line in the west. They are eighty-four feet in length and are of the newest Pullman construction—wider than the old steel cars—and the toilet roms are much larger than in the old type. They much larger than in the old type. They are ten-section cars and the rear is the observation compartment equipped with current magazines and periodicals, and afford a comfortable desk for writing. The nerous electric lights turn night into day.

SUNDAY SCHOOL MEN BUSY Meetings to Stimulate interest in the County Convention Next Week.

With a view of stimulating interest in the Douglas County Sunday School convention, which meets in Omaha next week, the schools of the many of Omaha's churches held two rousing meetings Tuesday night. The Castellar Street Presby-byterian, the Grace Eaptist, the South Tenth Street Methodist, German Methodist. Free Methodist and Reformed churches were represented at a meeting held at the Castellar church. The principal speaker of the program was T. F. Sturgess, who spoke on "Sunday School Methods." H. F. Keiser dealt with the "Adult Class" and George C. Wallace spoke on the county convention, calling attention to Marion Lawrence, secretary of the International Sunday School Conventions of the World, who will address the convention next Monday. Devotional

and singing services concluded the program. At the meeting held at the Calvary Baptist church, St. Mark's Lutheran, Seward Street Methodist, Second Presbyterian and Calvary Baptist churches were repre-Rev. S. A. Engineer Answers Critics,

Concerning the attacks or a local democratic paper on the engineer's office the city engineer, G. W. Roberts, said: "We have been criticised for specifications on a foot bridge which equalled in cost the specifications of a wagon bridge at Twenty-fifth and Polk streets. The foot bridge is at Sixteenth and I streets. It does sound rather plausible on paper without explanation; but it is like the free fight, every head in sight gets hit, whether there is any merit in the attack or not,

"The most casual glance at the specifications themselves would have shown that there was no discrepancy. The wagon bridge is only straight work, a mere culvert, twenty feet wide and forty feet long, all simple in construction. The foot bridge spans a wide draw, with 490 feet of sidewalk and three long flights of stairs leading down to it. The bridge itself is 120 feet long, built in nine bents and sands twentyfour feet above the surface. Our estimate am confident that my memory recalls not one but several similar meetings held in host. the city hall during the last administration by the democrats. I am sure if the demoagainst this administration we will be new hishop, who is to make his home in that double tracking be resumed in Ne- entirely grateful to the opponents who are not usually considerate.

COUNCIL PROCEEDINGS Mercer Company Asks Damages for Condemnation of Buildings.

Formal claim for damages in the sum of \$38,600 for the condemnation of the old Cambridge botel, Thirteenth street and Capitol avenue, was made to the city council last night by the S. D. Mercer company, Mr. and Mrs. B. T. Thomas entertained the claim being accompanied by a long pe-Mr. and Mrs. J. H. Royce and Mr. and tition setting forth the alieged facts in the case and alleging unfairness and gross mis conduct on the part of the council and the city building inspector, C. H. Withnell. The petition was not read, but was referred to the committee of the whole for discussion.

The petition alleges that, while the build ing was condemned April 17 last, it was not inspected by the building inspector until three months thereafter, or July 16, and that then the building inspector but entered the office in the hotel building and made no inspection of the structure. When the building was condemned it was done solely on the testimony of the building inspector, the petition asserts, no attention being paid to testimony of a former building inspector, John H. Butler, and an architect, George L. Fisher, and a number of other witnesses, that its structural strength had not been weakened 50 per cent.

Work of Wrecking Commenced.

On August 6 the building inspector, with a crew of four men began razing the building, working parts of four days. At the expiration of that time operations ceased with a portion of the roof torn off and the windows removed. The work of tearing down the structure was begun while th building was occupied and without giving warning to the occupants, it is asserted. despite the weakening of the building by the partial razing process, it is shown that it withstood a storm on the night of August 25 and 26 in which a number of newe buildings were racked and many plate glass windows blown in.

It is also claimed that if the building was this no danger signs are posted and if the building is liable to collapse at any moment city for poles, conduits or wires for the the public is not warned of the fact. After making this showing of what it

laims to be the facts in the case, the pctitioner quotes the law and intimates that not act with good faith. In the event that the city council should Castellar streets. lde to besse a poemit allowing the re-

pairing of the building, then the Mercer intersection of the following streets: Thirtycompany will reduce its claim for damages second street and Lincoln boulevard, Thirtythe expenses incurred in placing the building in the condition it was when the razing process began. If the petition is finally rejected, then the full \$38,800, including the \$30,000 as the value of the hotel, will be in-

Counter Proposal on Jail. The council rejected the proposal of the county commissioners regarding the building of a jail for the use of county prisoners while the new court house and jall is under construction, and in turn decided to make a proposition to the commissioners. This proposition is that the city will construct a Hart, Shaffner & Marx ever made to us jail as an addition to the present city jail was stolen in transit. The R. R. Co. immeat Eleventh and Dodge streets, will heat and light it, furnish the kitchen and pro- apprehended the thieves, recovered the visions for the prisoners, furnish a patroi goods and sold them to us at 50c on the wagon for hauling the prisoners to and dollar. from the court house and will move the cells from the old jail. The jail is to be done January 1, at which time the commissioners are to pay the city \$18,000 in a lump sum as rent for the time the county uses it. When the new court house is done, the the city proposes to buy the cells at the value set upon them at that time by a

board of appraisers. Attorneys W. J. Connell and W. H. Herdhigh five Wednesday evening at her home man sent a communication to the council in compliment to Miss Erma Staples and proposing to reopen the old George P. Bemis Miss Tress Robbins, who leave this week damage suit against the city and endeavor to force the Armour company to reimburse in with large flags and the card tables the city for the amount of damages paid arranged here and through the rooms. The Mr. Bemis by reason of personal injuries reguest list included Miss Staples, Miss Rob- ceived from a falling billboard some four bins, Miss Ruth Kinney. Miss Julia Buker, years ago. The attorneys stated that they had secured sufficient evidence to place the lecker, Miss Marguerite Cocke, Miss Nell responsibility on the Armour company and Donohue, Miss Myra Whidden, Miss Alice asked to be authorized to bring a case in Baker, Miss Jones, Miss Caroline Conklin, court, under the supervision of the city's legal department, on a contingent fee of 20 per cent. The city paid Mr. Bemis nearly \$18,000, famages and interest, last spring. The proposition was referred to a com-

In a stunning sheath gown of flowered material a handsome young woman, whose identity was well concealed by a clever By resolution Health Commissioner Con- disguise, was the center of an admiring nell was asked to show cause why he has group of young men, who braved the rethe council and the building inspector did not abated a nulsance caused by the exist- preaches of their women friends in order ence of a whip factory at Thirteenth and to gain the pleasure of a joyful turn about the waxed floor with her. On all Electric lights were ordered placed at the of the "sheathad" dancer, who talked freely with many, but skillfully avoided any query concerning her name, and the question of who she was continued an

open one throughout the evening. Another feature of the entertainment was the serving of ice cream in sheathsotherwise known as cones-which were specially made for the occasion by one of be women members of the order.

Music for the dancing was furnished by Heyn's orchestra and the committee in charge consisted of Mrs. C. F. Slingerland, Mrs. George Norman, Mrs. Frank Carmony, Mrs. J. T. Blair and J. G. Lantz.

#### At the Theaters

Stranger from Berlin" at the

With melodrams and fun, and here and there a song and,dance, "A Stranger from Berlin" is playing at the Krug, but the play is no longer unknown to a large number of the theater's patrons, who received it with open arms last evening at its initial performance in the city. The story is that of a young man who was spirited away to Berlin by the man who killed the lad's father in order to get the latter's riches and interest in a big steamship company. After many exciting ex-SHEATH GOWN A DRAWING CARD periences after returning to his native city on this side of the ocean the young man comes into his own, is restored to his "leetle sister" and witnesses the death of the villain whose great love for his own daughter had led him to use foul means in Who says that the sheath gown is not providing for her. Though the plot of the opular? Or that the directoire suit does play holds the interest of the audience not become a young woman or attract a the piece serves as an excellent vehicle crowd? True, the latest French model is by which to introduce a number of winn no danger of being worn by Omaha ning specialties, and it is the latter which women this fall and winter, but as a draw-fetch the most appreciation. Jack S. Jef-ing card at a lodge dance the privilege of fers, as the stranger, gives a clever set dancing with a young woman gowned in of dialogue parodies on Mary and the one of the latest Parisian creations has lamb and Roy Burton, Ethel and Charles been tried and found a success by Omaha Barney and the Douglas sisters win ap-
