BULLETIN.

TOLEDO, Sept. 3.-H. M. Nevins was elected commander-in-chief of the Grand Army of the Republic this afternoon, Opposition developed late today to Salt Lake City in the contest for the next encampment, despite that it had no active rivals in the convention. There was talk about Atlanta as a possibility, and a decided sentiment in favor of going to Washington, D. C.

TOLEDO, O., Sept. 3 .- With the parade and other features of the forty-second encampment over, delegates to the encampment of the Grand Army of the Republic today took up the business of the orders. Business meetings were held by the Woman's Reitef Corps, the Daughters' of Veterans, and the Ladies of the Grand Army of the Republic. The meeting of the Grand Army of the

Republic was held in the Valentine theater and the report of the commander-in-chief. the quartermaster general, other officers and several committees were received. Burton Congratulates Members.

Commander Burton, after congratulating the members of the organization upon the be hanged. success of the encampment, said:

Mindful of the fact that this encampment has assombled for the transaction of
business, I shall not tax your time by
induiging in an econium upon the Grand
Army of the Republic or its accomplishments, but shall content myself with directing your attention to the objects for
which it was created and the purposes for
which it exists, coupled with the admonition that we cannot too often dedicate ourselves to the achievements of those objects and the fulfillment of those purposes.

The consolidated reports of the assistant
adjutants general for the term ending
June 20 are never received in time to enable the adjutant general to tabulate the
for the benefit of the next succeeding national encampment, and it is impossible to
state our numerical strength on June 3),

"On December 21, 1908, the members in good standing numbered 229,862. On De-cember 21, 1907, the members in good stand-ing numbered 225,157; net loss in member-ship during the year 1907, 4,776. Those Mustered Out.

During the year 1937 our loss by death was 10,312, which was partly offset by 4,567 numbers who were added to our roll by number and reinstatement.

"suspended list" is very large and suggested that whenever it is apparent that comrade cannot pay his dues without detriment to himself or family his post should promptly remit them. The commander-in-chief congratulated

the members of the Grand Army upon the passage of the Sulloway bill in April, 1903, which grants a pension to every honorably discharged soldier of the war of the rebellion who had served ninety days or more and who had reached the age of 62 years of \$12 per month and to the widows Saturday of such soldiers a pension of a like sum. Coroner Brewer Will Hold Hearing Next Tuesday Morning.

Undecided finally as to the cause and manner of the death of Dr. Fred Rustin. Chief of Police Donahue is continuing a vigilant search for possible clues and an inquest has been decided on. The inquest FOR OMAHA, COUNCIL BLUFFS AND ICINITY-Fair Friday, moderate the body will be buried Saturday.

Chief Donahue, County Attorney English and Coroner Brewer held a conference Thursday morning and came to the conclusion an inquest was demanded by the circumstances of the case and should be held Tuesday for several reasons. First, it could not be held before Saturday, as the police could not complete present plans of investigation before then and it was not desirable to hold it on the day of the funeral, as the widow would have to testify. It would not be legal Sunday or Monday, the latter being labor day. So Tuesday was the earliest coffvenient date.

'The coroner's jury was impaneled Thursday afternoon and in company with Coroner Brewer visited the scene of the tragedy and viewed the body of Dr. Rustin. The A. C. Not Satisfied with Suicide. Chief Donahue Thursday said he was still unable to dismiss the theory of suicide entirely from his mind, and yet was not ready to say finally that such was the manner of death.

The inability of the police or any one else Page 2 to find the revolver that fired the fatal shot and the fact that no skilled surgeon, Page 1 it seems, would shoot himself in the Iowa decides to vote on a short-term stomach, are the two chief obstacles to the suicide theory. (From a Staff Correspondent.) LINCOLN. Sept. 3 .- (Special.)-The republican campaign in Nebraska was opened at the State fair grounds this afternoon by Governor Coe I. The speaking was in the new auditorium, and practially every one of its 4,500 seats was occupied, while hundreds remained on the outside, standing during the entire speech. WORK WARMS UP IN OCTOBER

Republican Speakers Will Then Begin in Earnest.

GREAT DEMAND FROM THE WEST

Speakers' Bureau Besieged with Requests from Every Doubtful State-Committee Gets Plans Ready.

CHICAGO, Sept. 2.-Chairman Frank H. Hitchcock of the republican national committee announced today that when Mr. Taft goes from Sandusky to Cincinnati on Tuesday next the candidate will meet the people at all points where stops are made by the Big Four train.

Mr. Taft will leave Sandusky at 12:45 p. m. The train stops at all stations between Sandusky and Carey and about a dozen points between Carey and Cincinnati, where the arriving time is 7:45 p. m. Joseph A. Breckens of Cheyenne, Wyo., was today appointed assistant director of the literary bureau of the western republican headquarters in this city. He represents in Washington, during sessions of congress, a large number of western news-

Tams Bixby o St. Paul visited republican headquarters today and declared that he believes Minnesota will give Taft 50.000 plurality and that Jacobsen, the republican candidate for governor will defeat Johnson by a close vote. Mr. Bixby is manager of the St. Paul Pioneer-Press.

Work Warms Up in October. Most of the speakers of national rominence who will take the sturp for Taft and Sherman will not be available until about October 1, and until then the campaign in the doubtful states will be waged by local speakers. Senators Beveridge and Borah, and Lestie M. Shaw, former secretary of the treasury, and perhaps Secretary Garfield of the Department. of the Interior, will be ready by September 15. A few speeches by these men will be made earlier.

Vice President Fairbanks and Speaker Cannon are expected to make political addresses outside of their own states beginning October 1, and Senator Foraker, Senator LaFollette, Senator Knox and Governor Hughes will start out the same week, In addition to these practically all of the members of congress, who will make up the volunteer speaking force, have agreed to arrange their plans so as to speak constantly for the last month of the campaign wherever they may be wanted.

Best Men to Speak. Chairman Hitchcock today corrected the impression that the volunteer speaking force is to be used to the exclusion of paid speakers. He said today that negotiations are proceeding to secure the best republican speakers in the country and that many of these will be paid for their services. They will be used during the last

two weeks. The speakers' bureau in the west has been besieged by republicans from every doubtful state that Mr. Taft, President Roosevelt, Mr. Sherman and prominent senators be sent into the campaign at

This is taken as an indication of political interest. There has been no change in Mr. Taft's determination to remain in Cinc.nnati during the campaign and address such delegations as call upon him at his home. It is possible, however, that late in the campaign, perhaps the last two weeks in October, he may make a number of short speaking trips into middle west states.

The Ohio political situation was considered further by Mr. Hitchcock when he received a call from State Auditor Gilbert of that state today. It was said that while there is dissatisfaction in some portions of the state over nominations made for some of the state offices the national ticket would not be seriously involved.
