#### LONG FLIGHT WITH AIRSHIP Frenchman Eclipses the Feat of the Weight Beothers with

Aeroplane.

PARIS, Sept. 7 .- Leon De La Grange president of the Aviators' club of France, established a new world's record with his aeroplane today, both for length and duration of flight. M. De La Grange remained n the air twenty-nine minutes, 24% seconds, and circled the field fifteen and one-half times, covering a distance of M.757 meters, or about fifteen and onefourth miles. He thus beat the longust flight previously made, that by Henri by Wilbur Wright yesterday by about one and three-fourths miles. The new records have been accepted officially. M. De La Grange's sensational flight, which closely approaches the longest unofficial flights. Claimed by the Wright brothers in the United States, is rendered still more impressive by the fact that he came down only because the fluid mark came down only because the fluid mark came down only sense the fluid mark came of the only because the fluid used for his motor

The religious part of the ceremonies being completed, Dr. Matt Tinley, as master of ceremogles, delivered a short introductory address and presented the Very Rev. F. P. McManus, as representative of the bishop of the diocese, who spoke briefly, giving an outline history of the Catholic church in Council Bluffs and the growth of this particular parish. He said:

"I believe that the laying of this cornerstone will mean much for the good not alone of this particular section, but for all the people of Council Bluffs. Here on this spot will be erected a temple which will be a credit to the parish and to the city. My heart goes out in gratitude to the worthy young pastor of this parish for what he has wrought by your assistance. May God's blessings abundantly follow the efforts of all of you, which have been this day so auspiciously begun.

Four thousand persons paced the space in front of Borough hall. Brooklyn, the while they gazed at a base ball bulletin board. The police moved here and there clearing the car tracks. Up came a boy. He didn't look much like a boy-because he was an actor. Behind him toddled an old woman, and behind her came a stage manager, a camera man, and a helper. Scarcely had the old woman established herself on the curbstone before a trolley car came clanging down the avenue. The hoy spat professionally on his hands. The old lady gathered herself together. The car was thirty feet away and bowling

#### BEATS THE IOWA CALF CASE Settlement of Lawsuit After Pending in the Courts of Mexico for 340 Years.

A final settlement has just been made business of seconds, and split seconds. in a lawsuit which had been pending in the 2 o'clock. courts of the state of Oaxaca for 340 years. The dispute arose between the local authorities of the towns of Yodocome and Nunu over the question of the legal boundary line between the two villages. Both towns families and friends enjoyed a big romp This time the boy leaped out. The car held titles to the same land, the conflicting grants being made by the coionial government. The titles held by private parties were also involved, and each town milk-drinking contest for balbes, a wooden brought sult against the other for the land claimed to be justly due it.

The suit dragged along for the first 100 years, one legal step after another being ded to the enjoyment. century passed, and then another, and still the suit was unfecided. During all this time the people of the respective towns were arrayed against each other in bitter enmity, and many have been the armed conflicts that have taken place between the opposing factions.

The father of President Porfirio Diaz was a native of Yodocome and stood high in the little country community because of his mental ability. He took an active interest in the long-pending suit, and during his lifetime made every effort to get a final decision of the case. He was unsuccessful, and the years dragged by. President Diaz gave the matter his personal attention not long ago, and the ancient records relating to the land grants and the conflicting boundary were carefully examined. The matter was then laid before the people ferences a settlement of the case was dismissed. It is said to have held a place upon the court docket longer than any suit in the world's history.-Philadelphia
