### TERMINAL TAX LOWERS LEVY

Adding Million to Assessment Roll Cuts Combined Rate.

FOUR MILLS UNDER LAST YEAR

Ure Refuses to Sign, Saying, "Let the Fellow Who Refused to Add the Million Be Responsible."

The combined tax levy of the city, school district, county and state probably will be in the neighborhood of 4 mil's less than they were last year, when the county board completes its work Thursday afternoon. The decignes is nold to be due largely to the addition of almost \$1,000,000 to the assessment roll of the city and school district by the terminal tax law.

After deciding on the county levy in committee of the whole Wednesday, the board falled to act Thursday morning because of the refusal of Ure to sign the report.

"Let the fellows who refused to add \$1,000,000 to the real catale assessment last year make the levy and be responsible for he said when the report was handed to him. He asserted if the proposed in-crease had been made last spring the levy for county purposes would not have to be increased now. The board adjourned to meet at 2 o'clock and take up the matter again. If it adheres to its action Wednesday the total levy against Omaha citizens in comparison with last year will be as

	1908. Wille	1907.
School district	14	14.5
City general	33.9	38.3
County	14.5	12.4
State	6.25	7
Totals	78.05	82.8

This year the total levies will amount to about 1.58 per cent of the full value of property; while last year it was 1.66 per

#### GAS STILL BELOW THE MARK Supply to City No Different Despite Passage of That Ordinance

Recently. The passage and approval of the recent gas ordinance has had no appreciable effect and city gas continues to average about 5 points below the 600 British Thermal unit test as provided in the ordinance.

'Action under the new ordinance providing for a deduction from the total bills of the company if its product falls below the test cannot be taken until the close of September, as the ordinance was passed during August?" says Gas Commissioner Crowley. 'For the week ending September 3 gas tested 595.3, and for the week ending September 10 it tested 596.5, British Thermal units. The candla power has been above the requirements all the time."

Healthy kloneys filter the impurities from the blood, and unless they do this, good health is impossible. Foley's kidney cure makes sound kidneys and will positively cure all forms of kidney and bladder dis eases. It strengthens the whole system, All druggists.
