We Have the Honor to Present the First Correct Fall Models
IN THE SMARTEST OF ALL READY-TO-WEAR APPAREL

Fashionseal

TRADE MARK

"THE STYLE
ARISTOCRATS"
SUITS
FOR WOMEN
\$25

Brandeis is exclusive agent in
Omaha for these matchless suits.

Thousands of women await this first showing of the "Fashionseal" suits at Brandeis because it is an assemblage of the highest character suits that can be made to sell at a moderate price.

It is also a great style event. "Fashionseal" styles are always the choicest models among all the high-class tailored suits.

The Reigning Fall Style in Its Hosts of Varied Adaptations in the
DIRECTOIRE SUIT

in Modified and Americanized Form.
The Fashionseals show these stunning new long coat effects with all the clever new features of trimming.

The graceful long coats predominate—many show the novelty sash effect—the trimmings of self-colored braid and the latest favorite, the Aiglon collar.

The new hipless effect is prominent in the "Fashionseal" styles.

No other line of \$25 suits can be compared with Fashionseals. Fashionseals show a marked superiority in style.

Strictly tailored mannish suits are included in this showing of Fashionseals.
The new skirt features include everything that is correct and modish.

We wish every woman who reads this to regard it as a special invitation to attend this fall showing and view this brilliant congress of ready-to-wear apparel that bears the name of "Fashionseal."

All the Correct New Shades for
Autumn 1908 are Included

Materials used in these suits were specially woven for the Fashionseal suits and show a marked superiority to the usual fabrics found in even more expensive suits.

We mention specially the chiffon panamas—the Herringbone cheviots—the fancy worsteds—the mannish suitings, etc.

Every suit has an individual touch of smart style.

Wisteria, catawba, stone green, Edison blue, peacock blue, taupe, donkey grey, smoke olive, wine, crushed raspberry, Bordeaux.

Suits of such high character as Fashionseal could be bought nowhere else for less than \$35 to \$50. Fashionseal suits are \$25.

UNCLE SAM BOWS TO KING

War Department Permits Soldiers to March for Ak-Sar-Ben.

TROOPS WILL BE IN BIG PARADE

Samson Refused to Take No for an Answer and Pressed the Matter with the Government at Washington.

United States troops will participate in the big Ak-Sar-Ben parade.

This word was received by Samson Saturday morning and was welcome news, as the War department had previously turned down the request for soldiers to parade.

Samson did not like a turnaround, so he immediately took the matter up a second time and showed Uncle Sam where it had become a custom for the regulars to parade at Omaha, and the word immediately came back that, although it was against the rules of the department, the soldiers could come if General Morton, commander of the Department of the Missouri, was willing.

A committee will go to St. Joseph next week to ask this of General Morton.

The committee also will try to arrange to have a troop of cavalry from Des Moines stop in Omaha for one day on the return from St. Joseph. The troops are now in attendance at a military tournament at St. Joseph, and the Board of Government hopes to be able to have some cavalry stop in Omaha one day on the return. The horses will need a little rest, anyway.

Archae Are Owing Up.

Two huge arches are now in the course of construction for King Ak-Sar-Ben and will assist in giving the city a gala day appearance when the strangers are within the gates. The big arch at Seventeenth and Douglas streets, which is used as an entrance to the King's Highway, is fast assuming shape, and the permanent steel arch at Eighteenth and Farnam streets is assuming shape. This arch will find considerable use in the next year and will help bid welcome to a large number of gatherings which are scheduled for Omaha.

"Doc" Breed, in charge of concessions, has succeeded in getting the contract for Sullivan and Kilrain to appear in Omaha during the carnival. Before they would sign the contract Sullivan insisted on the stipulation being added that he would not be asked to attend a banquet while in Omaha and that no banquet would be prepared in his honor. Besides being the champion fighter of the world, Sullivan was a champion at money making.

ELKS WILL HAVE BIG PICNIC

Plan an Outing at John Finley's Grove North of Florence.

Omaha Elks, their wives, sisters, mothers and sweethearts, will go to John Finley's grove, north of Florence, next Saturday for an old-fashioned picnic, the picnic to be during the afternoon and evening.

Frank Rogers, Gould Dietz, J. D. Weaver and John Tallard compose the committee on arrangements and they have engaged busses to carry the picnicers to and from the terminal of the street car line in Florence and are now arranging for an amateur game of base ball and other sports. They request that the feminine relatives of the Elks meet in the club-rooms some day next week and make arrangements for the lunch. The picnic is to be more for the women than for the men and the Elks hope to make of the occasion an event the women will not soon forget and to which they will look back

ing. He absolutely earned in his time more than \$1,000,000.

Bull Wrestler, Too.

The man who wrestles with a bull will be another attraction on the King's Highway. This man does not carry around a trained bull which lies down when tired, but will wrestle any fractious bull brought into the arena. Several travelers from Omaha saw this exhibition in the east and say it is a great show.

Fences, booths and stalls are all being hurried up along the King's Highway. Samson is a cautious person and wants to have everything in readiness, so that a precarious rain may not delay the opening of the big show. Twenty-five shows have been secured and the board of governors say they are confident that the show will be larger and stronger this year than the never before.

The den is also a busy place. Gus Benz is preparing some special torture for the newspaper men of Nebraska and Iowa for next Monday night and the floats are also being built. Monday night will be the last initiation for the year, and as an inducement for all the old-timers to turn out for the fun several new stunts are being prepared.

SEMINARY OPENS IN FEW DAYS

Theological School Will Have Course of Study Enlarged to Meet New Conditions.

The Omaha Theological seminary, in Kountze Place, will begin its eighteenth school year next week. Wednesday morning the faculty will meet for the matriculation of new students, after the chapel service at 10 o'clock.

President M. B. Lowrie will make the faculty address Thursday evening in the seminary chapel. The hour will be 8 o'clock.

The undergraduates of last year are all expected to return, and appearances indicate that the addition of new students will maintain the usual attendance. The course of study has been enlarged, including some new electives, beginning with the present year, in order to meet the demand created by modern conditions and provide for the training of evangelists, lay workers, Bible students and others. The schedule of lectures and recitations has been arranged so as to permit a selection of work to cover a two years' course, or any part of it, in Bible study, history, applied Christianity, religious pedagogy and sociology.

It is expected that Sunday school teachers and other religious workers will take advantage of this extra course of study.

ELKS WILL HAVE BIG PICNIC

Plan an Outing at John Finley's Grove North of Florence.

Omaha Elks, their wives, sisters, mothers and sweethearts, will go to John Finley's grove, north of Florence, next Saturday for an old-fashioned picnic, the picnic to be during the afternoon and evening.

Frank Rogers, Gould Dietz, J. D. Weaver and John Tallard compose the committee on arrangements and they have engaged busses to carry the picnicers to and from the terminal of the street car line in Florence and are now arranging for an amateur game of base ball and other sports. They request that the feminine relatives of the Elks meet in the club-rooms some day next week and make arrangements for the lunch. The picnic is to be more for the women than for the men and the Elks hope to make of the occasion an event the women will not soon forget and to which they will look back

CITY TO GIVE SITE TO MILL

Business Men Will Provide Lots for the New Building.

CONTRACTS ARE NOW CLOSED

Maney Milling Company of Oklahoma, with Capital of \$200,000, Will Establish a Plant in Omaha.

Business men of Omaha will give the Maney Milling company, organized by Oklahoma millers, a site worth \$6,000, on which to erect its new mill and contracts were closed Saturday with the company, the deeds being placed in escrow in the First National bank to be turned over to the company when their plant is completed.

The site, which has been bought by the business men, is on Great Western track, near Twentieth street. It is 600 feet long and forty-six feet wide, a strip passing along the edge of this for railroad tracks is fourteen feet wide and 60 feet in length, giving the mill a site 610x90 trackage.

The new corporation has a capital stock of \$200,000 and is to erect a thoroughly modern milling plant, with a capacity of 200 barrels.

The fact that the Commercial club had secured a subscription of \$6,000 to buy the site for the mill was kept quiet until the last dollar was secured and the deed to the property transferred to the club.

Bloom Buys Lot.

O. C. Wagner has sold the corner of Seventeenth and Cuming streets to J. F. Bloom for \$7,000, and Mr. Bloom will occupy it with his marble and granite works, which now occupy a lot leased from Ward Burgess on Farnam street, between Eighteenth and Nineteenth streets.

Mr. Wagner offered the two lots on Seventeenth and Cuming streets early in the spring for \$10,000, but property in that vicinity has increased somewhat in value, and he has just sold one of the lots for \$7,000.

W. T. Graham is contemplating erecting a three-story brick building at the corner of Nineteenth and Farnam streets, but has not definitely decided to build this fall.

POSTMASTERS OFF FOR SOUTH

Thomas of Omaha, Sixer of Lincoln and Others Go to Chattanooga.

Postmaster and Mrs. E. F. Thomas left last night at 10:45 for Chattanooga, Tenn., where Mr. Thomas will attend the annual convention of the National Association of Postmasters of the First Class. Mr. and Mrs. Thomas will join the Nebraska delegation of postmasters which will reach Omaha Saturday evening and all will depart by special car for Chattanooga Saturday night. In the party will be Postmasters E. B. Sixer, vice president of the national association of Lincoln; H. M. Wells of Crest, Iowa; and several others, several of whom will be accompanied by their wives.

Postmaster Thomas will speak on the topic of "Efficiency Records and Promotions." Postmaster General Von Meyer and First Assistant Postmaster General C. P. Grandfield, with numerous chiefs of divisions of the Postoffice department will be present at the Chattanooga meeting.

The general purpose of the meeting is to discuss and suggest legislation for the better efficiency of the postoffice service. Incidentally Postmaster Thomas will seek

to impress upon the postmasters the efficiency of the distributing check device invented by John P. O'Connor of the Omaha postoffice, and which has been in successful operation in the Omaha office for a year or two.

The program of the convention includes an elaborate banquet, addresses by prominent postoffice officials and a visit to the famous battle fields in the vicinity of Chattanooga.

COURT GOES OUT TO CHADRON

Judge, Clerks and Other Officers Leave for West End to Hold Fall Term.

Judge W. H. Munger, Clerks George H. Thummel and R. C. Hoyt of the United States circuit and district courts, respectively, United States District Attorney Charles A. Goss, D. W. Dickinson, United States Marshal W. P. Warner and Deputy Marshal Nickerson will leave Sunday for Chadron to open the fall term of the federal courts there Monday.

Only three criminal cases are docketed for hearing. These are against Henderson, Abbott and Hendricks for buying government property in violation of law. The two first named are charged with buying cattle from Indians and slaughtering the beaver. Two of the hides with all their ornaments have been in the possession of the district attorney for a day or two and will be taken to Chadron as exhibits "A" and "B" by the officials. Hendricks is charged with buying government clothing from a soldier, which is also a grievous offense against the peace and dignity of Uncle Sam.

The civil docket at Chadron will be quite light and it is possible that the term of court will not last longer than next week.

AUTO AND STREET CAR CRASH

Collision Disables Both Vehicles and Lays Out the Automobile Driver.

While driving the large touring car belonging to T. G. Northwall, John Lindell, 308 North Thirty-eighth street, suffered a badly sprained back by a collision between a westbound Walnut Hill car and the automobile at the intersection of the boulevard and Cuming street at 1:35 Saturday afternoon. The automobile was going north and was hidden from the view of the motorman of the street car by an intervening house. Suddenly the automobile was seen to start across Cuming street and the collision followed. Both the automobile and the street car were put out of commission. Another car passed the disabled car up the hill, while Northwall sent another automobile to tow his dilapidated touring car to the garage. Lindell was the only one injured in the collision, and he was taken home in an automobile. His injuries, although painful, are not considered serious.

OMAHAN WINS FIRST PRIZE

M. O. Plowman Sells Most Smith Premier Typewriters During the Year.

In the international selling contest of the Smith Premier Typewriter company, the International trophy, which has been held by Berlin, Kansas City and London, has been won this year for Omaha by M. O. Plowman, manager of the Omaha office, and his salesmen.

Besides bringing the city the honor of holding a trophy cup, Mr. Plowman feels that he has made good his statement as to business conditions in Omaha and the territory surrounding the city.

When the financial trouble of last winter paralyzed business in some parts of the United States, Mr. Plowman was asked to report as to business conditions in Omaha and the outlook in his territory. He said at once that this city was not affected by the panic to any extent and the outlook in the city and country around it was exceedingly bright for a big year's business, perhaps the largest in the history of the Omaha office.

When the notice came that the Omaha office was the trophy cup for showing the largest proportionate increase of sales of any city in the United States on Smith Premier typewriters, Mr. Plowman realized that the city and country were in the con-
