CORNHUSKERS OUT TUESDAY

CREIGHTON TEAM IS STRONG
University Foot Ball Men Are Showing Up Good In Practice Work.

Foot Ball Squad Will Begin Practice During Coming Week.

"KING" COLE WILL BE ON HAND

He Is Expected to Bring New System of Forward Pass and Other Tricks of the Gridiron.

LINCOLN, Sept. 12.—(Special)—The curtain will be rung up on the 1908 foot ball season at Nebraska Tuesday afternoon when a squad of husky Cornhuskers will cavort at Antelope park under the direction of "King" Cole in the initial practice of the fall. On its first appearance the squad will not be large and will be made up practically of only the eligible veterans of the 1907 eleven and some members of last year's freshman team. But before the end of the week it will be augmented by the addition of many likely candidates, and is expected to number between forty and fifty aspirants then. By the time of the Penn game, September 24, there will probably be 100 men in foot ball uniforms. The coming week is the time set for the registration of students at the state school, and as fast as the promising Cornhusker foot ball men get entered for their studies they will be rushed out to work under the coaches.

"King" Cole, who is now in the east, has written that he will be here Tuesday evening and ready to take charge of the squad that afternoon. He spent a great deal of time this summer studying the 1908 rules and getting up new plays to be used by his pupils this fall. The forward pass received much of his attention, for "King" Cole, although he was slow last season to adopt best plays best suited for the de-brutalized game proved by the experience of the year and by the close of the season, on Thanksgiving day, had decided to abandon the old style foot ball and convert to the reformed game.

What he had not learned regarding the forward pass before Thanksgiving he was taught on that day in the decisive defeat administered his Missouri Valley champions by St. Louis. Coach Cole seems now, as Coaches Cocheme and Stagg did early last fall, that under the revised rules an eleven must use a highly-developed forward pass or else defeat is inevitable in a contest in which the two teams are the equals of each other in weight and kicking.

New Style of Forward Pass.
The Nebraska coach will come to Lincoln with some new styles of the forward pass, thought out along his own lines, and among the first plays given the Cornhuskers will be work with the pass, and throughout the fall they will be drilled to as near perfection in its use as one season's practice can be given. The supply of new men, among them Douchy of Ames, Lovelady and Gallagher of Georgetown are fast demonstrating that end will be well fought position this year. Two new full backs, Killman and Bakule have joined the squad. The latter is well known at St. Mary's, Kan., for his long distance punting and fine forward passing. The center position has several candidates. The most prominent seems to be Gillispe, who weighs the modest sum of 197 solid pounds. Young is a close second with 188 to his credit. At tackles, Brennan of four years' high school experience and Siersck, an inexperienced player, yet fast and heavy, will make good and fill the place left vacant by Lamphier's graduation. Leo Hennifin, Riley and Remander are working out for quarter back and although they have a hard task before them, bid fair to fill "Chuk" Brone's boot. Joe Lynch, who made the All-Minnesota team, just fits naturally into a guard position. Frank Morris looks good for half back as a running mate for Welch, who is to report Monday.

New Men Show Well.
McIntyre is the most valuable of the three. In the fall of 1906 he played half back on the second eleven, where his work was described as lightning fast. He was a terrific line plunger and found holes in the defense of the first team with the aptitude of a veteran. Chauncey was a hair back on the freshman team in 1906 and Arnold played on the first year team a season later at that position. Both of them displayed exceptional ability and clinched places on their respective elevens early in the season. The return of the trio will greatly strengthen the Cornhusker squad this fall.

Cooke and Collins Absent.
With the glad tidings of the coming of the recruits to the Nebraska ranks came depressing rumors to the effect that two members of last year's team had been forced to change their plan and would not return to the university this fall. Cooke and Collins were the two men mentioned as likely to come back. No direct word has been received from either of these men about their intention to be absent from the squad, but some of their friends who were in the city this week said that the two Cornhuskers had secured good positions, which they did not feel like giving them up for a year's schooling, and had decided to stick to work. These friends were sure that the two veterans would not be regaled in school this fall.

The reports about Collins and Cooke came as a great surprise to Manager Eager, for only a few weeks ago he had been told by both of them that they would be in the game again this fall. At that time they were planning to return and were enthusiastic about the prospects for a championship season. Collins was with the squad at Lead, S. D., all summer getting into shape to do brilliant work at center on the Nebraska eleven, and was making all preparations to be on hand for the opening of practice. Cooke was in Lincoln the latter part of August and announced he would be ready to don the moleskin at the first call of the coach. The declaration of the two Cornhuskers not to play foot ball this fall has just held a consultation with Tad Jones, who is to assist in coaching the Eli eleven this fall. Burch is still strongly in favor of the forward pass as preferred above the drop kick, as he considers it the most scientific play in foot ball, and the Yale team will be taught the use of this play, even further than they were last fall.

STAGG IS IN HIS NORMAL FORM
Chicago Coach Says His Team Will Not Be Winner.

CHICAGO, Sept. 12.—Athletic Director Stagg of the University of Chicago says that both quantity and quality are lacking in the foot ball outlook of the Maroons this season. He says that conditions are worse than they have ever been since 1902, when all the big elevens in the midwest took a fall out of Chicago's foot ball team.

BLAIR BOYS WHO MADE A GOOD RECORD.

WHITE SOX WIN IN TENTH

Chicago and Detroit Play Fourth Overtime Game in as Many Days.

PITCHERS ARE STRONG IN PINCHES

Contest is Fast and Exciting All the Way—Winning Run Made on Single, Double and a Sacrifice.

DETROIT, Sept. 12.—Another overtime game, the fourth in as many days between these teams, was played by Detroit and Chicago today, the visiting team winning in the tenth, to 1. The Detroit's winning streak, following its recent dominant sacrifice. Detroit got four hits in the first inning, but could not bunch them after that. Both pitchers were strong in the pinches. The game was well played by both sides and fast all the way. Score:
