

GRAIN AND PRODUCE MARKET

Weak Opening, Because Liverpool Fails to Respond to Advance.

PROFIT TAKING SALES GENERAL

Comminution Houses, However, Check the Decline on Orders to Rest—Market Lacks Buying Support.

OMAHA, Sept. 17, 1908.

The failure of Liverpool to respond to domestic advance yesterday caused a weak opening. Profit-taking sales were general, but comminution houses had resting orders and the decline. The market lacked buying support, however, and a recovery was shown a decline.

Wheat opened lower under pressure of heavy realizing sales and under the responsive Liverpool market. Buyers were active on taking long shorts at the market advance and few bids were advanced. September wheat opened at 95c and closed at 94c.

Corn sympathized with wheat and sold lower, with receipts still coming larger than the market could absorb. The market advanced from 94c to 95c and closed at 94c.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Sept. 17.—The net result of a speculative day in wheat was the closing of many orders and the depressing of the December price to 95c at the close. Corn was heavier than wheat, and closed at a loss for the day of 1/4c.

Weather in the Grain Belt

Fair for Friday and No Change in Temperature. The weather is generally fair this morning, everywhere, from the Rocky mountains to the Atlantic coast.
