STEEL SHOD Shoes for Boys

We call them "Steel Shod" because they are just as near to steel as they can be, and are made of leather. The soles are of the very choicest Rock Oak Sole Leather. The uppers are of carefully selected calf, and they are made with great care, so that when we guarantee them to outwear any two pair of ordinary boys' shoes, we do so because we know how these "Steel Shod" shoes are made and what they are made of—and that knowledge tells us no other boys' shoe made can compare with it.

Once your boy wears a "Steel Shod" shoe he will always wear them—they look right and feel right—that pleases him—they wear right and that pleases you.
