Will Not Down.

Will Net Down. "After all, my friends." said the cam-paign spellbinder. "vital principles never to cloud the real and living issues from lime to time, but the issues themasives are the same from generation to genera-tion. Political parties, in the main, agree as to aims. It is a difference of opinion as to methods that divides them. For example, what one thing do we all, without regard to political affiliations, regard as one of the essentials of our civilization?" "A good scent cigar?" Model an en-thusiastic hearer on the outskirts of the crowd -Chicago Tribune.

A Grocer After "Dead Beats."

A Grocer After "Dead Heats." Householders in the vicinity of 'Twenty-first and Master streets are stitling up nights watching the show windows of Car-ter's grocery stors, on the northeast corner of those streets. Carter has a sign an-nouncing that he will placard the window next week with the names and addreases of the 'deadbeats," as he calls them, who have owed him grocers bills for sixty days or more. Some of those who buy at his store are wondering if he means what he enys.
