

DALLAS READY FOR A RUSH

Railroads Prepare for the Influx of Land Hungry Crowd.

IS CENTER FOR REGISTRATION

Nearest Point to Land and Chosen as Headquarters by Judge Witten, Who Will Superintend Drawings.

DALLAS, S. D., Sept. 26.—(Special.)—Dallas, the gateway to the Rosebud lands which will be opened to settlement as a result of the registering which begins on October 3, is a bustling, bustling community full of plans for the future.

The town is growing in strides and is fast becoming a thriving city. Fortunately the founders of the town chose an excellent townsite with street grades that afford drainage in every direction.

Another reason why it is anticipated that the bulk of the crowds will choose Dallas as their Mecca is the fact that while registration papers can be made out at the four railroad points, namely, Chamberlain and Fresno, S. D., and O'Neill and Valentine, Neb., and these papers can be sent to Dallas and Gregory, all papers will ultimately have to be mailed or brought to Dallas and delivered to Judge Witten, the superintendent of the opening, before 4:30 p. m. on Saturday, October 17, as Judge Witten's headquarters will be here after September 26, and the drawing will take place at Dallas beginning at 10 a. m. on that day, October 18, inasmuch as the instructions of the interior department prohibit the sending of the registration papers by registered mail, many will choose to make sure of their papers being in time by coming to Dallas to register or else by mailing their papers direct to Dallas.

HOW TO GET CORRECT COUNT

Method of Securing Errorless Election Returns is Agitating Many Minds Just Now.

Errors in the late primary vote as returned by the various boards has caused considerable discussion about the court house as to the best methods of curing the evils connected with the present system.

"I believe all votes should be counted by one canvassing board composed of experts," said M. O. Cunningham, a member of the present canvassing board. "The ballot boxes ought to be sealed when they are taken to the voting booths. Then without opening they should be collected and brought to the counting place where the count should be ready to begin the count as soon as the polls closed. This would insure an accurate count."

"It would not be necessary, however, to wait for the polls to close. We might do as they do in New York, collect the ballot boxes two or three times during the day and have the board begin the count at once. This would insure early returns and an accurate count."

COUNTY OPTION VOTE ASKED

If Board Will Put It on Machine Thomas Says He Won't Name a Ticket.

Elmer E. Thomas, representing the Anti-Saloon league, Saturday morning presented to the county board a request that the question of county option be placed on the ballot at the coming election in order to express an expression of opinion on the subject from the people of this county.

"The vote would not be binding on anyone," said Mr. Thomas, "and I realize we would be beaten. But we want an expression of the voters in this county and this would be a good way to get it. The Anti-Saloon league is up to this point—if we can't get an expression of the voters this way we will have to put up an independent ticket to get it. This would jeopardize some good men on both tickets and we don't want to do it. If the board will put the question of county option on the voting machine an independent ticket will not be necessary to secure the expression."

CHILD THE TIE THAT BINDS

Little Boy Holds Father and Mother Together When Trouble is Brewing.

William Jacobs of Sixth and Pierce streets, a railroad engineer, was arrested and brought before Justice of the Peace Bachmann Saturday morning on the charge of kidnaping his own child.

It appears that Mrs. Grace V. Jacobs, who filed the complaint, and her husband have not been living together for some time and she had the care of their 3-year-old son, Arthur, Wednesday Jacobs enticed the boy away and took him to the house of a friend on South Eleventh street, where he was kept in hiding. He made an appointment to meet Mrs. Jacobs at the postoffice at 11 o'clock Saturday and promised to bring the child. In the meantime

STABBING OVER A CRAP GAME

One Colored Man Sticks Knife Into Another Who Laughs When He Loses.

Jack Reynolds stuck a knife into Charles Roberts three inches below the heart because Roberts laughed when Reynolds lost money at a crap game and lost his temper.

The police had not caught Reynolds up to 3 o'clock, but were after him. The men are colored. The affair occurred in the pool hall of Couch & Brown, 241 N. street, South Omaha, where Detective Drummy was shot and killed by a colored desperado last winter. When the stabbing occurred the wife of Roberts' brother, who was across the street from the pool hall, fired a pistol off twice to attract the attention of the police.

BURNING OF BUNTING LESSON

Will Show Danger of Proximity to Incandescent Lights, Says Michelson.

City Electrician Michelson says that the burning of the bunting on the front of the city hall Friday evening was a good thing in a way, as it will serve as a lesson to people when putting up decorations and deter them from putting bunting where it can by any possibility come in contact with incandescent lights.

"I have always maintained that the least from incandescent lights would set bunting on fire should the bunting become wrapped around the lights. When the decorations were placed on the city hall a few days ago I warned the men to keep the bunting away from the lights, but the high wind blew it loose. The city hall being a stone building there was no damage, but the little blaze Friday night should serve as a lesson to owners of tenants of frame buildings when decorating them."

HONOR AMONG THREE THIEVES

None Will Tell on Others to Secure Advantage in Penitentiary Sentence.

Frank Driscoll, Michael Cobb and Frank Ryan proved there is at least some honor among thieves when they lined up in front of Judge Sears to be sentenced to the penitentiary for breaking into a box car.

"Which one of you thought of doing this job first?" asked the judge. "None of the culprits spoke." "If you will tell me who thought of breaking into this car first, I will give the other a year off their sentence as a reward for being the first to speak." "I guess you all thought of it as soon as you saw a chance to do a job. I will give you two years each."

All three of the men were young. Driscoll and Cobb said they came from Chicago and Ryan from Rochester, N. Y. They have been traveling together.

ROADS REFUSE TO CONCUR

Nebraska Lines Take Radical Action in the Lumber Rate Contest.

Nebraska railroads will take the radical action in the lumber rate fight of refusing to concur in the through rates to points in Nebraska, west of Omaha and Lincoln. They say they will file their notice of non-concurrence Monday or Tuesday at Washington. In this contest the railroads are fighting for the wholesale dealers of Omaha and Lincoln. Some time ago the commission ordered a readjustment of the rates, putting Lincoln and Omaha on a parity on southern lumber. This was done by raising the rates to Omaha. The southern roads refused to advance the through rates to a basis of the combination of the local, which puts the wholesale dealers of Lincoln and Omaha at a disadvantage.

Uncle Remus on Advertising.

The late Joel Chandler Harris' said an Atlanta clergyman, "used to laugh at the way everybody seemed to want a free advertisement of some sort from the editor. It was the same, he would say, by the physician—everybody wants free advice on the health question from him."

"I once heard him tell about an editor who served ten days in jail for looking the mayor. The warden treated him very kindly and at the ten days' end, escorting him to the door and shaking him by the hand, said: "Well, good-bye and good luck, Ed. And say, would you mind giving the jail a puff?"
