Women's Tailored Suits

After all, in spite of each store's claim of the best suit values, an unbiased comparison must lead you to believe that Bennett's is the one place where good honest values rule; where styles are on a par with the highest, and where variety is unexcelled.
 More than this, the materials that enter into the making of our suits are of the most substantial sort, the kind that are not made merely for show. Each suit is man tailored, designed by fashion authorities; lined, inter-lined finished and pressed by master workmen. These are points in which our suits excel, that give them an air of distinctiveness and character, and that will make you be glad to own and wear them.
 We are the strongest on the popular price lines at—
