Half Minute Store Talks For several days we've been inviting sojourners in Omaha to visit this store—telling them what a great store it is—how differently we do things—and that neither we nor our goods would disappoint them. Seems like most everybody accepted the invitation—and so far as we know no one has regretted it. It's a source of considerable satisfaction to know that our claims to store superiority are supported by all who enter our doors. Come again.

A few moments' reflection on your part ought to convince you that "The Home of Quality Clothes" would be the best place to buy your new suit or overcoat—unequaled in size, equipment and store service. It is a pleasant place to look or buy. The immensity of its stocks and its bonafide value giving, makes buying here profitable, and our unqualified guarantee on everything sold puts you on the safe side of every transaction, and what more could be expected of a store than that it be PLEASANT, PROFITABLE AND SAFE FOR CUSTOMERS

Men's suits in any style, color or fabric you may want from \$7.00 up, and overcoats from \$9.00 up, and every one a money-saver, but particularly noteworthy are those we are selling at \$13.00, \$15.00 and \$17.00. You can go where you please and pay several dollars more, if you want to waste money, but you'll get no better clothes and no where near so binding a guarantee. The man who picks his winter coat or suit from these will not have to worry whether he is picking from the fall's crop or not. \$13 \$15 \$17

MEN WHO ARE HARD TO FIT SHOULD COME HERE It's a part of our policy to cater to stout men, slender men, big men or little men—can't be too irregular in build for us to fit and do it right.

THE "RIGHT" IDEA IN BOY'S CLOTHES In most stores the boys' wear is a secondary consideration—not so here.—When this store was planned, we did not lose sight of the fact that the boy of today is the man of tomorrow—we planned to have a department so attractive and a stock so complete as to interest him now and by fair dealing retain his patronage in after years. We think we have the "right idea."

QUITE REMARKABLE BOY'S SUITS \$5.00 is not a remarkable price for a boy's suit, but the quality, tailoring and assortment we have at this price is certainly remarkable. We positively guarantee that an equal value is absolutely unobtainable at any other store in the middle west \$5

THESE ARE UNDERWEAR DAYS SURE ENOUGH Lewis Underwear is unquestionably the finest made. We have it in many different kinds at various prices. In window 5 is shown a blue silk mercerized, jersey ribbed garment that we think is one of the most satisfactory number we ever saw, garment. 250

QUARANTINE FOR CATTLE

Governor Issues Proclamation Against District Infected with Anthrax.

STOCKMEN MUCH EXERCISED

Part of Northwestern Nebraska and Sections of Wyoming and South Dakota in the Region Quarantined.

From a Staff Correspondent.

LINCOLN, Oct. 2.—(Special.)—Owing to several startling telegrams that cattle from Wyoming and Colorado and some parts of Nebraska were dying with anthrax, some reports to the market, Governor Sheldon issued a quarantine proclamation to protect cattle owners of this state.

From A. L. Schuner, county judge of Sioux county, the governor received the following message:

HARRISON, Neb., Oct. 1.—Governor George L. Sheldon, Lincoln: Cattle dying with what is thought anthrax in South Dakota, Nebraska citizens desire quarantine against this disease. Reports that cattle are being moved into Nebraska along Sioux county line.

Another telegram was received from W. H. Hurst of Chadron, as follows:

Cattle dying in Sioux county north of Chadron.

Quarantine Proclamation.

The governor then issued the following quarantine proclamation: Whereas, I have reason to believe that a contagious, communicable and transmissible disease, known as anthrax, has become prevalent among live stock in the following sections of South Dakota, to-wit: All of Clay, and that part of Yankton county lying east of the James river and Fall River county, also Laramie and Converse counties in Wyoming.

That the importation of any live stock from any of these localities above named outside of said state, shall be, and is hereby prohibited unless accompanied by a certificate of health given by a state veterinarian or his duly authorized deputy or veterinary inspectors of the bureau of animal industry, who shall have examined and inspected all such live stock prior to its leaving a point in localities above mentioned.

Provided that no live stock from an infected area or part of a diseased herd or bunch may be imported into the said state. All persons, companies or corporations are hereby prohibited from driving, shipping or permitting any live stock to cross or drift into any portion of the state of Nebraska without first complying with the provisions of this proclamation and notifying the state veterinarian of Nebraska at Lincoln of such proposed importation.

In witness whereof I have hereunto set my name and caused the great seal of the state of Nebraska to be affixed at Lincoln, Neb., this 2d day of October.

Feas of Secretary of State.

The fees of the office of Secretary of State Junkin for the month of September amounted to \$3,770.20. Of this amount \$3,655.15 was from filing articles of incorporation. For registering automobiles there was received \$114.05.

Cloagh Still Has Majority.

The recount of the vote in Fairfield county in the contest filed by G. W. Fitzsimmons, defeated for the republican nomination for representative in the Forty-ninth district by F. W. Clough, failed to change the result though Fitzsimmons gained three votes. The official returns for the district before the recount gave Clough 198 and Fitzsimmons 232. The recount still leaves Clough a majority of one vote in the district.

Populist Falls Out.

C. A. Skoog of Holdrege, populist nominee for the state senate from the Twenty-eighth district, today declined to accept the nomination, though he took oath that he would abide by the result of the primary when he got his name on the ticket. He got out of the way for the democratic nominee in order to help out the Bryan plan of killing off the populists.

So far George W. Berge has not brought himself around to the point where he feels like violating his sacred oath in the interest of Mr. Shallenberger.

Mother Falls to Get Child.

BEATRICE, Neb., Oct. 2.—(Special Telegram.)—The habeas corpus case of Mary V. Cunningham against Mr. and Mrs. W. H. Peach to secure possession of her daughter, Ruby Lanham, who she alleged that the Peaches were trying to keep from her and restrain the child's liberty, was disposed of by Judge Pennington. The court found in favor of the defendants and released the girl from custody. The parties to the suit live at Liberty.

TRAVELERS AGREED UPON LAWS

United Body Favors Acts Proposed by Nebraska Organization. HASTINGS, Neb., Oct. 2.—(Special.)—W. P. McCreary, counsel for the Nebraska Travelers' association, has announced that representatives of the United Commercial Travelers and the Travelers' Protective association have approved the proposed legislation recently introduced by the Nebraska Travelers' association at its first annual convention here.

The matter was taken up in conference at Omaha and Mr. McCreary reports that approval was unanimous. One bill provides that all lodging houses and hotels that are three stories or more in height and have fifteen rooms above the first floor, shall be equipped with fire escapes. Violation of the law will be a misdemeanor, punishable by fine, and there will be provision for penalty in case of delay in the construction of a fire escape after the owner of the building has been notified.

Another bill provides for sanitary regulation. It seeks to require sewer connections, wherever service is available. An interesting feature of the measure is the provision that bedsteads in hotels and boarding houses shall be 9 feet long. Traveling men aver that this requirement is not designed to protect persons with "cold feet," but purely a sanitary measure. Penalties are also provided for violation of these requirements and for delays after conviction. Annual inspection will be required, the same as under the fire-escape law, but the total amount to be paid for such inspection shall not exceed \$10.00 per year.

Democratic Meeting at Ponca.

PONCA, Neb., Oct. 2.—(Special.)—A. C. Shallenberger addressed a small house yesterday on the political situation as the democrats see it. J. P. Latta, democratic candidate for congressman from the Third district, was introduced, and emphasized the "Guarantee of Bank Deposits."

A. J. Paul, democratic candidate for county attorney for Dawson county, was introduced and spoke for a few moments. His home is Wakefield.

J. B. McDonald of Emerson, democratic candidate for representative to the state legislature, was introduced and spoke of his former residence in Ponca. There was no committee at the depot to meet the speakers and the farmers were too busy to attend the meeting.

NO GUSHER

But Tells Facts About Postum. "We have used Postum for the past eight years," writes a Wis. lady, "and drink it three times a day. We never tire of it."

"For several years I could scarcely eat anything on account of dyspepsia, bloating after meals, palpitation, sick headache—in fact was in such misery and distress I tried living on hot water and toast for nearly a year. "I had quit coffee, the cause of my trouble, and was using hot water, but this was not mending. "Hearing of Postum I began drinking it and my ailments disappeared, and now I can eat anything I want without trouble. "My parents and husband had about the same experience. Mother would often suffer from eating, while yet drinking coffee. My husband was a great coffee drinker and suffered from indigestion and headache. "After he stopped coffee and began Postum both ailments left him. He will not drink anything else now and we have it three times a day. I could write more but am no gusher—only state plain facts." Name given by Postum Co., Battle Creek, Mich. Read, "The Road to Well-being," in page. "There's a reason. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest."
