Sour Stomach

Stopped At Once With Pure Willow Charcoal, the Greatest Gas Absorber Known.

There is no necessity to suffer the humiliation, chagrin and discomfort of bad breath, billiousness, sour stomach, gastritis, sluggish liver, etc., when a little lozenge of charcoal will cleanse the stomach and make it pure and sweet.

Do not drug yourself when a simple little natural charcoal made from fragrant willow branches, sweetened with honey, will add tone to your stomach, liver and intestines, rapidly absorbe gases and stop foul odors of all kinds.

Charcoal will absorb one hundred times its own volume in gas. A box full of charcoal placed in a bed room will keep the air of such a room pure and sweet.

A little charcoal lozenge dissolved on the tongue after meals will also keep the stomach fresh and clean. Charcoal is justly called the scrubbing brush of the stomach. The old monks of medieval times cured A little charcoal lozenge dissolved on the bad cases of stomach trouble, cast out devils from the system of man by feeding such a man charcoal.

Scientific men of today believe in the great strength of charcoal for the curs great strength of charcoal for the curs of human liks. Too much of it cannot haim one The system crayes it just like often. Charcoal goes into the stemach gently and is welcome. It settles down gently and is welcome. It settles down gently and is welcome. It settles down through the action of the stomach, and filters through all the food, absorbing gas, aiding digestion and giving tone to the judges, so that when the food goes into the fut the stomach at 10.20 s. m. and will preach at 7.30 p. m.
