Saner Feeling Prevails at Immediate Danger Point in Balkans.

POWERS WARN KING PETER

People Realize War with Austria Would Mean National Suicide.

BRITISH FLEET TO LEMNOS

Warships Under Command of Prince Louis Leave Malta.

TURKEY SENDS IDENTICAL NOTE

Formal Protest Made to Powers Against Annexation of Two Provinces by Austria-Hungary.

LONDON, Oct. 9.—Servia, the immediate danger point in the Balkans situation, is calming down today and in this direction the war cloud is not so threatening as it was yesterday. The powers, notably France and Great Britain, have warned the Servian king to control his people, and saner counsels prevail in Belgrade, where it is beginning to be recognized that war with Austria-Hungary would mean national suicide. Austria-Hungary shows no serious apprehension over the Servian ebullition. Great Britain has dispatched a fleet to the Turkish island of Lemnos, presumably at the request of Turkey. The presence of these vessels in the Aegean sea will exert a calming influence.

Turkey has protested to the powers against the annexation of Bosnia and Herzegovina by Austria-Hungary, and the Turkish imperial commissioner at Sofia has been instructed to continue the discharge of his duties, as neither the ports nor the powers have recognized the independence of Bulgaria. This may lead to some overt act against the imperial commissioner. M. Jowelsky, the Russian minister of foreign affairs, has left Paris for London to continue his efforts for the calling of the international conference.

British Warships Sail. VALLETTA, Malta, Oct. 9.—The battleship Prince of Wales, flagship of Prince Louis of Battenberg, the battleship Glory, the cruisers Diana and Suffolk and the torpedo boat destroyers Aggie and Banishes sailed today for the Aegean sea. The squadron will be followed later by the battleship Canopus and the cruiser Minerva.

LONDON, Oct. 9.—The foreign office and the admiralty have confirmed the press cablegram from Malta, saying that British warships have been ordered to the Aegean sea. It is explained that these vessels are sent out simply to watch events, but it is understood from other sources that Turkey intimated it would welcome the appearance of the British fleet as likely to calm the population.

Turkish Protest Forwarded. CONSTANTINOPLE, Oct. 9.—The protest of the ports concerning the annexation of Bosnia and Herzegovina was dispatched to the powers today. It is practically identical with the protest against the Bulgarian declaration of independence.

Doubt regarding the success of the proposed international conference persists in Constantinople. The ports has instructed the imperial Ottoman commissioner resident in Sofia to continue his functions, as neither Turkey nor the powers have recognized the independence of Bulgaria.

Ivolsky Enroute to London. PARIS, Oct. 9.—The fate of the international conference as a solution of the Balkan crisis depends on the answer given by Great Britain to M. Jowelsky, the Russian minister of foreign affairs, who is proceeding to London.

France is confident that if a program can be arranged diplomatically way can be found by which Austria-Hungary will participate and that after this no difficulty need be expected. Germany and Italy are now believed to be in direct negotiations with Constantinople and Vienna. The recognition of the annexation of Bosnia and Herzegovina would remove Austria-Hungary's only objection to being recognized at the conference. France, while sympathizing with Russia's desire to open the Dardanelles to her warfare, supports the English view that the conference should be limited to the regularization of the existing situation by obtaining compensation for Turkey instead of at her expense.

War Fever on Decline. BELGRADE, Oct. 9.—The war fever among the people of Servia was distinctly on the decline today. The salient element of the population gradually are obtaining an ascendancy over the more excited politicians and patriots, who, during the past few days, have demanded persistently the immediate advance of the Servian army.

This morning many of the fire brands were beginning to comprehend that an attempt to measure swords with Austria-Hungary would be equivalent to national suicide, and the opposition is slowly gaining ground that Servian interests probably would be best served by depending on the joint action of the powers.

VIENNA, Oct. 9.—Official advices received here this morning are to the effect that the situation at Belgrade, Servia, which had been generally expected to be an impression of a war with Servia are noticeably less. The morning papers, however, warn Servia not to play with the fire, as Austria-Hungary will not stand any nonsense.

In spite of the official statement the dispatch of river gunboats from Budapest in the direction of Belgrade is only a maneuver, this action is believed here to be a measure of precaution similar to the guarding of the bridges near the frontier by regiments of infantry. The hope is expressed that this will make an impression on Servia and prevent that kingdom from precipitating hostilities.

Reservists Ordered Out. BUDAPEST, Oct. 9.—According to information received here the Servian reservists have been ordered to join the colors October 11. It is reported also that Servian hands are being formed and directions have been given to guard the roads and bridges on the Bosnian frontier. An explanation is being demanded of Belgrade regarding the reported calling out of the Servian reserves. In the meantime Austria-Hungary has notified the signatory powers of the necessity adequately to protect her frontiers, including that of Bosnia and Herzegovina. Baron von Aehrenthal, the foreign minister, in view of the more pacific tone of today's dispatches from Belgrade, is hopeful that Servia will refrain from further hostile action.

BIG FUND FOR UNIVERSITY

Corporation Will Ask Half Million for Presbyterian School.

BOARD OF TRUSTEES IS NAMED

Judge Howard Kennedy is Made President and Location for Building Has Been Selected in North Omaha.

A long step toward the realization of plans for the University of Omaha, including Bellevue college, was taken Friday when the university corporation was organized and incorporated and announcement was made the university hoped to raise \$500,000 to start it off. With a site practically located in North Omaha, the move toward the raising of this fund was given an impetus.

The citizens of Omaha will be asked to donate \$200,000 of the half million by popular subscription, the other \$300,000 to be raised by the corporation. The Presbyterian state synod in session at Wayne has given its endorsement to the project and commended the formation of a big Presbyterian university in Omaha. The articles of incorporation were filed Friday afternoon with the county clerk. Under the law a university corporation is required to show by appraisers it has at least \$50,000 worth of property before its incorporation becomes effective. To estimate the value of the property Judge Leslie appointed H. H. Maynard, C. S. Hayward, W. T. Graham, O. C. Redick and A. A. Lamoureux as this board of appraisers.

Judge Howard Kennedy has been selected president, W. T. Graham secretary and David W. Morrow treasurer of the incorporation during its early existence. The board of trustees appointed to serve during the formative period are in three classes, the terms of each class expiring at intervals of a year.

First Board of Trustees. The list of trustees is not complete, but as it appears in the articles of incorporation it is as follows:

Term expires June, 1909: Rev. R. B. A. McBride, C. M. Wilhelm, Rev. E. H. Jenks, David W. Morrow, Robert Demster, Judge Howard Kennedy, Frank Keyes, William Jenkins, Henry B. Maxwell, Rev. W. S. Fulton, J. D. Hankel, Dr. W. S. Gibbs, C. F. McCrewe, Albert B. Webster, Dr. J. H. Vance, Judge Howard Kennedy.

Term expires June, 1910: Judge A. I. Sutton, Rev. William E. Kearns, Dr. S. W. Scooley, Dr. H. H. Maynard, William Laird, Rev. James H. Salisbury, W. T. Graham, Dr. H. V. McClanahan, Nathan Morrison, R. E. Stoddard, John R. Webster.

Term expires June, 1911: C. S. Hayward, Frank W. Johnson, Dr. W. O. Henry, Dr. H. Vance, H. J. Hughes, David Cole, Oak C. Redick.

Executive committee: C. S. Hayward, Dr. Edwin H. Jenks, W. T. Graham, C. F. McCrewe, D. W. Morrow, H. B. Maxwell, Dr. W. S. Gibbs, R. E. Stoddard, Dr. J. H. Vance, Judge Howard Kennedy.

The general purpose of the university is set forth in one paragraph of the articles: The object of the corporation shall be to establish, endow, conduct and maintain a university for the promotion of sound learning and education, such as is usually contemplated in colleges and universities, under such influences as will lead to the highest type of culture and the advancement of the people as a supreme authority.

Site Has Been Chosen. The latest plan is to locate the college proper on the Kountze and Redick tracts in the northern part of the city, and looking toward success in this project some money has been paid down on the Redick tract.

The exact location will be between Plinkney and Pratt streets and between Twenty-second and Twenty-seventh streets. The Kountze tract is east of North Twenty-fourth street and the Redick home property west of Twenty-second street. Both are included in the deal. It is proposed to use the Redick home for an art gallery and dormitory and the amount of land which goes with the home will be close to nine acres. As an assistance to the University of Omaha, Mr. Redick has cut the price asked for his property to \$100,000.

Grading for Union Pacific Athol-Borie Cut-Off Completed and Work in Nebraska to Be Resumed. CHEYENNE, Wyo., Oct. 9.—(Special.)—Kilpatrick Bros. & Collins today turned over to the Union Pacific railroad company the completed grade of the Athol-Borie cut-off, and within a few days the grading outfit to other points where Union Pacific tracks are to be fulfilled.

About fifty per cent of the grading machinery is to be sent to Superior, Sweetwater county, where the big tipples of the Union Pacific coal company must be moved from the government ground, on which they were built by contract. About 1000 yards of excavating must be done at the location to which the tipples are to be moved. The improved location of the Superior tipples is about the most expensive mistake Union Pacific engineers have made in recent years.

The remainder of the Athol-Borie grading outfit is to be shipped to Oshkosh, Neb., where the Union Pacific will begin the extension of its North Platte valley line up the river into Wyoming. Definite information concerning this work cannot be obtained, but it is understood grading is to be pushed through the winter.

In addition to the Superior and Oshkosh work, Kilpatrick Bros. & Collins have another large Union Pacific contract—the grading for a double track between Granger and Green river, a distance of thirty miles. This work is progressing steadily and the double track will be in operation before the end of the year.

INDIANS GET MONEY SOON

Major McLaughlin Has About Completed Roll of Sioux Entitled to It.

HELD SINCE EARLY SIXTIES

Comes from Annuities Withheld from Those Who Participated in the Massacres in Minnesota and Northern Iowa.

(From a Staff Correspondent.) WASHINGTON, Oct. 9.—(Special Telegram.)—Major James McLaughlin, inspector of the Indian service, is in Washington after an absence of nearly three months, during which time he has been gathering data to make up the rolls of the descendants of the Sisseton and Wahpeton Sioux who participated in the so-called Minnesota massacre in that state in August and following most of the year of 1862. The government for years has been holding the money of these Indians, keeping it as penalty for the crimes committed by their forefathers back in the sixties. At the last session of congress an act was passed to authorize the attorney general to pay to these Indians or rather their descendants wherever found of the money so long withheld from them. Major McLaughlin said today that there were in round numbers about 4,000 Indians who will be entitled to a share in the distribution which, after deducting the attorney fee, amounts to \$100,000 about a per capita payment of \$100. The Indians who will come under this disbursement are located in Nebraska, North and South Dakota, Montana and Minnesota. There are about sixty now living on the Santee reservation in Nebraska, but the great majority are scattered in a scattering here in Minnesota and Montana. Major McLaughlin expects to have his report completed for submission to Secretary Garfield within the next two weeks.

"I want to tell you workmenmen that to be influenced by false promises or catch fancy schemes when you cast your votes next month," said the governor.

Leaving Governor Hughes prepared to speak before a crowd of zinc miners at Webb City tonight. Tomorrow morning at 7 o'clock he will go through St. Louis without speaking there and make stops in Illinois to close his tour through the middle west at Chicago in the evening.

CREW OF SCHOONER RESCUED Captain and Seven Men Saved After Perilous Time in Small Boat. NEW YORK, Oct. 9.—After having abandoned their sinking vessel and passing four days in a small open boat on a storm swept ocean, Captain Charles F. Hines and the crew of seven men of the Baltimore schooner John A. Matheson, were brought here today on the steamer Seminole from San Domingo. The Matheson sailed from Baltimore August 25 for Fortune Island. On September 10 it ran into a terrific northeast hurricane, which continued for three days. The schooner's masts were whipped out of it, its small boats were smashed and it began leaking so badly that the pumps availed nothing. Fortunately there was a sixteen-foot boat in the vessel's cargo. This was equipped with provisions and water and the eight men managed to get away. For four days and nights the little craft was tossed about. Then the Seminole, bound south from New York, happened in sight, took them on board and carried them to Turk's island, where they remained until the Seminole returned enroute to New York.

Johnson, both of Omaha, were president and cashier, respectively. An indictment was returned against Collins, subornation. Since then officers here have been searching for him. Collins was a director of the bank. It is charged he took twenty-one certificates of the institution signed by MacDiarmid to the east for the purpose of negotiating them. Later eighteen of the twenty-one missing certificates were returned. The source from which they came never was divulged.

HOKE SMITH TO TAKE STUMP Ex-Member of Cleveland's Cabinet Will Talk. ITINERARY OF TAFT

Republican Candidate Will Spend Three Days Next Week in Ohio.

FOLLOWING THREE DAYS IN SOUTH

Addresses to Be Made in Louisville, Chattanooga and Richmond.

SUNDAY AT WHITE HOUSE

Judge Will Be Guest of President Roosevelt October 18.

MONDAY NOON AT NEWARK

After Speech at Baltimore next of Week Will Be Spent in Indiana and Ohio—Final Week in New York.

CINCINNATI, Oct. 9.—Judge W. H. Taft and President Roosevelt will have a consultation in Washington, where the candidate will spend Sunday, October 18. In arranging his program it was found more convenient than otherwise that the Sunday in question should be spent in the national capital and probably much of that day will be spent at the White House. After the three days in Ohio, Monday, Tuesday and Wednesday of next week, Judge Taft will turn his attention to the south for the remaining three days of the week. The Ohioan has been in the south since he was in no sense "chasing rainbows" in his intended tour of the south, but had heretofore made promises that should he go on the stump he would speak in certain southern cities. He will keep these promises. They include speeches at Louisville, Ky.; Chattanooga, Greensboro, N. C., and Richmond, Va. The Richmond meeting will take place on Saturday night and at its conclusion the Taft staff will make for Washington to remain until Monday morning.

It has been decided that Newark, N. J., shall have the candidate for a noon meeting Monday, the 19th, after which he will return to Baltimore and thence west again, speaking the next day in western Maryland then devote October 21 to Ohio and the succeeding three days in Indiana.

He may make one speech in Chicago at the conclusion of his canvass of the Hooper state and give the remainder of the week to New York City and state, closing his work on the night of November 2 at Youngstown, O.

Mr. Taft admitted that he spent a solid twelve hours last night. His voice today had again regained its natural condition and he expressed himself as feeling rested from his trip and anxious to proceed with the work yet to be done. He devoted the day to the details of this work and saw no one of political prominence.

A. I. Vorya, who will accompany the candidate on the remainder of his campaign tours, left here for Columbus tonight and will return Sunday.

OHIO VOTERS SHOW APATHY

Registration in Cleveland Falls Below Record.

CLEVELAND, Oct. 9.—The second day's registration in Cleveland shows much apathy. Approximately the number who registered today was 5,000 less than the number who registered on the first two days of this year of 46,733. The total registration for the first two days last year was 52,941. Two days yet remain in which voters have the right to register. Election officials asserted today that the entire total this year would total a year ago was \$2,221 and in 1904, when President Roosevelt was elected, it was \$4,829.

CINCINNATI, Oct. 9.—That interest in the coming congress is becoming more general in this city was shown in yesterday's registration of voters. The total number of citizens who registered was 7,438, which was nearly 3,000 less than the same day last year, but 6,000 more than in 1904. The total registration for the two days of this year is 8,329, against 6,109 in 1904.

"EVERYTHING LOOKS LIKE TAFT"

This is Message Congressman Sherman Sent to Ohio. ALTOONA, Pa., Oct. 9.—"Everything looks like Taft," was the message brought from the west to the east by James S. Sherman, who passed through this city today on his way to Philadelphia, after a stump speaking tour through Illinois, Indiana and Ohio. There is not the slightest doubt that Illinois will roll up a tremendous vote for Taft. Indiana will surely be carried by the republicans. Her favorite son, William H. Taft, will carry Ohio by a splendid majority and Governor Harris' majority will be pretty near a record breaker.

CABINET MEMBERS TO TALK

Secretaries Root and Straus Will Take the Stump. NEW YORK, Oct. 9.—The republican state committee, after consultation with members of the national committee, has arranged for the stump speaking of Messrs. Taft and Sherman will speak in New York state. Arrangements, moreover, have been made for speeches by men of national prominence, including two members of the cabinet, Mr. Root and Mr. Straus. Vice President Fairbanks has been assigned to New York state for a few days.

HITCHCOCK TALKS OF OUTLOOK

Reports from State Chairmen in West Are Favorable. CHICAGO, Oct. 9.—National Chairman Hitchcock said today that the reports which he had received from state chairmen in the west were now coming in and that they showed in every instance improved conditions in the republican ranks.

Mr. Hitchcock said that Mr. Taft would spend October 16 in Kentucky. The national chairman is working out the details of Mr. Taft's trip through Ohio.
