## No "Brand" Clothes Here

The clothes we sell are exclusive and are found nowhere else—“Brand” clothes are exceedingly common and are advertised and sold in every village and city in the country.

Our wholesale connections enables us to buy woolsens at first cost and is a privilege enjoyed by no other western store. It puts us on the same footing as the MAKER of “Brand” clothes and enables us to sell a fabric of equal worth at 20 per cent less than the RETAILOR of a “brand.”

By placing our tailoring orders according to the ability of the tailor in the particular work assigned him we get an individuality, excellence and variety absolutely impossible with the maker of any particular “brand.”

### OUR GUARANTEE IS BINDING

We are here every business day to make good our guarantee—to refund your money if you wish it. Should anything you buy here need righting, bring it in to us or have us send to your home for it, and have it made right according to YOUR ideas. ### SUITS FOR MEN AND YOUNG MEN

### Half Minute Store Talk

It sometimes happens that, although our stock is unusually large, we are unable to fit a person properly without some slight alteration—being careful almost to a fault on the subject of “fit” we employ several expert tailors. These men are all journeymen tailors who served their apprenticeship and for years earned their livelihood in shops that make clothes to measure, but they find the new way of “clothes service” more to their liking. You don't take any chances when we alter a garment for you.

### POINT IN TELEPHONE LAW

Subscriber Has No Right to Connect Up Two Separate Lines.

### COUNTY NEED NOT PAY PREMIUM

Mrs. Alpha Shevaller Bound Over on the Charge of Larceny in Connection with Property of the Horn Estate.

(From a Staff Correspondent.)

LINCOLN, Oct. 9.—(Special.)—In a case from Nuckolls county, the court finds that Henry L. Pharris, a farmer living near Superior, was not entitled to have two telephone lines in his home, connected with a switch enabling him to use one or the other at his convenience, while paying the same rate as other patrons who had only one line. The plaintiff in this suit was the Red Line Telephone company of Burr Oak, Kan., which asked an injunction to restrain Pharris from connecting up one of the lines after it had been disconnected.

The company owns poles and wires running from Burr Oak to Superior, past the farm which Pharris owns. The evidence showed that when the telephone was first put into his home it was put on a different party line from the one on which some of the people with whom he wished to communicate had instruments. He “kicked” to the president of the company, and the latter agreed to put in the switch so Pharris could talk on either line. When the directors heard of this, they vetoed the arrangement and ordered one line disconnected. After this had been done, Pharris connected it again and threatened to do so every time the company cut him off.

It is held by the supreme court, in affirming a writ of injunction issued from the district court, that Pharris had no reason to claim a special privilege over other subscribers.

### Officer Can't Recover Premiums.

W. F. Prowett, former treasurer of Nance county, is not entitled to reimbursement for \$60 which he paid to a surety company as premiums on his official bond during a four-year term. The supreme court, in reviewing the suit which he brought against the county for that sum, affirms to a similar action brought by former Treasurer H. F. Knight of Lancaster county, under like circumstances. It was held therein that Knight could not recover in the ab-

sence of a previous agreement between himself and the county commissioners that the premium should be paid out of public funds. In Prowett's case the district court held against him and the supreme court affirms the finding.

### Correspondence Pupil Must Pay.

William H. Martin of Lancaster county is obligated by a decision of the court to pay the International Text Book company the full amount of \$78 for instruction which he contracted to take. He paid \$50 and then quit, having neglected to pursue his studies or answer questions sent him by mail as part of the course. The district court directed a verdict for the defendant, but the supreme court reverses this and remands the case for retrial, at the same time declaring that as the plaintiff was not in default in performing his part of the contract it is entitled to recover.

### Mrs. Shevaller Bound Over.

Mrs. Alpha M. Shevaller was bound over to the district court this afternoon on a charge of larceny. The woman was named as the beneficiary in a will made by Mrs. Horn by which she was to receive some \$60,000. The will was knocked out in the district court and Mrs. Shevaller was arrested on a charge of secreting some of the property belonging to the estate. She put up no defense today. She was released under \$1,500 bond.

### Basett Commends Commission.

S. C. Bassett of Gibbon has written the railway commission congratulating the members for their order saying upon how much capital stock the traction companies here could draw an income. The order was issued several months ago, but recently the traction companies have been using it in advertisements and there is where Mr. Bassett learned of it, which the commission says is another evidence that it pays to advertise.

### Looks Good to Allen.

George Allen, former chairman of the Fifth district congressional committee, while in Lincoln today took occasion to inform the republican state committee that Taft would carry Nebraska by a vote of 15,000 to 20,000 majority.

“I have been all over the Fifth district, clear out in Colorado,” said Mr. Allen, “and it is all the same in every county. The people are for Taft. All that is necessary is for the farmers to get out and vote. Overconfidence is what the republicans have to work against. In my community I can not find a single republican who is going to vote for Bryan, but I can find many democrats and populists who are going to vote for Taft. There are too good and the record of the republicans is too

good for the people to vote for a change. Judge Norris will be re-elected and Judge Taft will get a handsome majority in his district.”

### PRAIRIE SCHOONER IMPROVED ON

Maine Man Comes Through in an Automobile.

CENTRAL CITY, Neb., Oct. 9.—(Special.)—The old timer who crossed the plains in a covered wagon drawn by an ox team would have opened his eyes with wonderment if he had seen the latter day emigrant outfit which drifted into town last Saturday evening. It consisted of a big Olds touring car of latest design hung about with baskets, telescopes and bundles strapped to the body of the car, and thoroughly equipped with such utensils as might be needed for preparing meals and sleeping along the road. The car carried the 189, Maine. It was driven by J. W. Young of Bangor, Me., who bought it in Boston four weeks ago and after loading his family in started out to find a home in the west.

He left Boston about the middle of September, and had been on the road about three weeks and a half when he reached Central City. The car was in need of some slight repairs and was detained at the garage here for a day or two until the deficient parts were mended.

Mr. Young's destination was Callaway, in this state. He has relatives there and also owns land near there, and if his family is suited he will unload the baggage from the auto and stay. If not, he will go further in quest of a place to locate, or if he decides that the country is not to his liking he may return to Maine again.

### SYNOD APPROVES OMAHA SCHOOL

Formal Seal of Approval Placed on the Transfer.

WAYNE, Neb., Oct. 9.—(Special Telegram.)—The Presbyterian synod continued its meeting today after the opening session last night. Rev. James Clark of Mitchell, Neb., was unanimously chosen as moderator. Dr. John Baird of Plattsmouth, who for thirty-four years has been the synod's stated clerk, retired today from this position and Rev. Thomas L. Sexton of Lincoln, for twenty-six years in the synod and who for twenty-two years was synodical missionary, was elected stated clerk for a period of three years.

The morning session was given largely to representatives from Hastings and Bellevue colleges and Omaha seminary. One of the most significant actions of the day was the approval by the synod of a plan to establish in Omaha a Protestant Christian

university. A site has been secured for such a project. Tonight Dr. James S. Dixon, secretary of the college board and Dr. A. E. Turner, president of Hastings college, delivered addresses. Rev. D. E. Jenkins, D. D., of the Omaha seminary, delivered a splendid address this afternoon on “The Education Problem.”

### Effort to Save Children.

DAVID CITY, Neb., Oct. 9.—(Special.)—Proceedings have been instituted in a probate court to have a guardian appointed for the infant children of Charles Prochaska under the provisions of the Nebraska statute providing for “neglected children.” Prochaska assaulted his wife on the Northwestern passenger train out of Fremont last Tuesday. No complaint was filed against him by his wife and he was released from jail by the sheriff. Prochaska has disappeared and up to this time has not been heard from. The present Mrs. Prochaska is his second wife and she is here with friends in David City. She dare not go home for fear that Prochaska will kill her. The children are by a former wife of Prochaska's. There are four of them, the oldest being but nine years of age, and they have been left alone on the farm since last Tuesday. The oldest child, a little boy, had made a shift to get them something to eat and keep them warm, but when discovered by the neighbors they were in a pitiful condition and suffering from cold and hunger.

It is not known where Prochaska went when he was released, but it is thought he took the Union Pacific passenger train out of here Wednesday morning.

### Confesses to Robbery.

CENTRAL CITY, Neb., Oct. 9.—(Special.)—Caught with part of the stolen property secreted about his clothes, and in his confession telling the officers where they might find the balance of the booty, the person who entered Ross, Dye & Cowgill's hardware store last week and made off with a quantity of goods was apprehended Thursday in the person of Ed Powell, a young man about 18 years of age. County Attorney Ross, Sheriff Her and the latter's assistants had been working on the case for some time and yesterday morning the county attorney and the sheriff confronted the young man with the charge, and after “sweating” him out for a short time he broke down and told all he knew of the affair. He said that he entered the store about 11 o'clock last Thursday night and took the goods.

### Brown Talks at Burwell.

BURWELL, Neb., Oct. 9.—(Special.)—Senator Norris Brown spoke here last evening to a full house on the issues of the campaign. The republicans were delighted and he made the democrats sorry; they were not republicans. The senator seemed at his best and his arguments were forceful and convincing. He showed how the pledges in the state platform of two years ago had been fulfilled to the letter and he made plain to the voters how necessary it was to elect Taft to carry out the Roosevelt policies. This county is sure for Taft by at least 125 majority.

### Prairie Fire Does Damage.

DICKENS, Neb., Oct. 9.—(Special.)—The second disastrous prairie fire in this locality this fall swept over a strip two miles east of here from one to three miles wide and about five miles long yesterday afternoon and evening destroying several tons of hay, besides the burning off of the range. The fire was started by sparks from a passing train on the Burlington.

completed condition it is at once the most handsome and substantial depot building in the state outside of Omaha. The building is a two story structure built of a light pressed brick with a mission finish interior and modern throughout and was erected at a cost of \$75,000.
