Lord Bacon Said, "Digest"

This is the Secret of Life in Business or Health.

It is claimed that Lord Bacon struck the prime keynote of life when he wrote: "Some books are to be tasted, others to be swallowed, and some few to be chewed and digested."

He wrote of books; many who have followed him have written likewise of life. The man who digests his business, makes success; the actor or actress who digests his or her art brings fame; the man who lives his life and digests it as he should lives as was the intention he should live.

Stuart's Dyspepsia Tablets contain in pure, concentrated form the essences which when they reach the stomach, turn dyspeptic conditions into those of healthy digestion.

These little tablets are dissolved in the mouth by saliva; they mix with this fluid and are passed down into the stomach, where they immediately set to work upon the food and digest it. They are many times more powerful than the human digestive fluids, and thus replenish Nature with those juices which sickness, abuse or wrongful eating have exhausted.

The world's best chemists in Europe and America agree on the ingredients best adapted to perfect digestion. Stuart's Dyspepsia Tablets are these ingredients concentrated to the stomach in the most pleasant and lasting form.

Powders and liquids soon lose their effectiveness through chemical actions and decay. Stuart's Dyspepsia Tablets are made under terrific pressure, and their qualities are thus made lasting.

Forty thousand physicians prescribe and use these tablets, and every druggist sells them. Price 25 cents. Send us your name and address and we will send you a trial package by express free. Address: F. A. Stuart Co., 160 Stuart Building, Marshall, Mich.

SIXTY CENTS FOR DAMAGES. Toll on Telegram is What Court Allowed Instead of \$750, the Amount Asked.

Sixty cents damages were allowed John E. Von Dorn by Judge Sutton in Von Dorn's suit against the Western Union telegraph company for \$750 for failure to deliver a telegram to a grain firm in Balti-

more. The damages allowed covered the toll paid for sending the telegram.

Von Dorn has a contract with the Baltimore firm to deliver a consignment of grain. When it became apparent he could not fill the contract, owing to the jump in the grain market, he wired the Baltimore firm asking how much it would take to cancel the contract. The message was not delivered. The market still continued to rise and Von Dorn sued for the loss he sustained by reason of having to deliver the grain at the higher price. Judge Sutton held there was no way of proving that the Baltimore firm would have accepted the offer in the telegram, and hence, no way of showing his damages. He took the case away from the jury and allowed nominal damages to cover the cost of sending the dispatch.

OMAHA ORCHIDS TO FRONT. Flowers Will Be Exhibited at Horticultural Society of Chicago Show.

"Orchids and Omaha" will be synonymous at the first national flower show to be given by the American Society of Florists in connection with the show of the Horticultural society of Chicago, November 6 to 14, and then the Omahans will try to arrange for a flower show and meeting of the florists in Omaha next year.

For some time Hess & Swoboda of Omaha have been furnishing orchids for Chicago trade and other florists have recently taken up the culture of the beautiful flowers, until Omaha is an orchid market as well as a grain market and packing center.

L. Henderson, president of the local florists' association, and J. H. Hadkinson, secretary, will attend the Chicago show and take an exhibit of flowers as will also representatives of the Hess & Swoboda firm, which is to furnish a large share of the orchids.

Mr. Hadkinson has had charge of many flower shows and floral displays in St. Louis, New Orleans, Chicago and elsewhere. He is one of the original "flower show" men and will go to Chicago with the idea

of promoting a flower show for Omaha next year.

The society giving the show in Chicago is offering \$500 in prizes for the best flowers. The management of the flower show is in the hands of some men whose names are known in the world of flowers about as well as carnations and roses. The board consists of the following: William F. Kaestig, Buffalo; Philip Breitmeyer, Detroit; E. G. Hill, Richmond, Ind.; W. N. Ruden, Morgan Park, Ill.; George Amos Chicago; J. C. Vaughan, Chicago; Otto Koenig, St. Louis; August Pochman, Chicago; and J. A. Valentine, Denver.
