FAKE WRITERS BUSY AGAIN

Put Words in Duke's Mouth that He is Said to Have Used.

ROME, Oct. 14.—The numerous reports which have been sent from here giving rumors of the breaking off of the engagement between Miss Catherine Elkins, daughter of Senator Stephen B. Elkins of West Virginia, and the Duke of the Abruzzi, notably the alleged Rome dispatch published in the United States purporting to give the duke's announcement to the royal family of the termination of his betrothal and the text of the answer of Dowager Queen Marguerite, in which she congratulated him on the outcome, are pure inventions.

JAPANESE EMPEROR SPEAKS

Imperial Rescript Given, in Which He Hopes for Peace Between Nations.

YOKOHAMA, Oct. 14.—The official rescript this morning published in the Imperial rescript counterpane by Premier Katsura, in which the emperor says:

"The East and West are dependent upon one another for the promotion of their mutual welfare and on this account we should endeavor to cultivate the friendship of our nations. At the same time it is highly important in these post-bellum days that we should be united with other countries in advancing the industries. In this we shall be true to our forefathers and our glorious national history. We trust that our loyal subjects will assist us in glorifying the virtue of our forefathers."

FOREIGNERS ARE IN DANGER

Followers of Satar Khan Are Unrestrained in Looting Houses of Monarchs.

ST. PETERSBURG, Oct. 14.—The correspondent of the Novoe Vremya at Tabriz, Persia, says in a dispatch published today that the situation in the province of King of Tabriz is critical. The nationalist agitators, embittered against foreigners in general and Russians in particular, are quite out of hand and threaten a general massacre and pillage of the city. Already they have sacked the houses of several high-ranking monarchs.

D., Oct. 14.—(Special)—Clement Lindskog, of Volga, fell from a Chicago & Northwestern passenger train near Valley Junction last night, receiving injuries that resulted in death this morning. Mr. Lindskog was 22 years of age, single, and a member of the local fire department.

Smith today granted a continuance until November for the defense in the case of Mrs. Christina Clark, charged with the murder of her divorced husband two months ago at Alsen, Clay county. Hundred Delivery Wagons Stolen. NEW YORK, Oct. 14.—The arrest of nine men, who were arraigned today, the police believe they have solved the mystery of the disappearance of 100 delivery wagons and horses and merchandise valued at \$100,000 in this city in the last few months. The stolen wagons, all repainted, were found in a stable at Central avenue, Brooklyn. Nearly every one of the wagons were taken while delivering goods.

BOMB IN TAXICAB STRIKE. Strikers Alleged Its Use Was for the Purpose of Discrediting Cause of the Men.

NEW YORK, Oct. 14.—The bomb made its first appearance in the struggle between the New York Taxicab company and its striking chauffeurs, which has been in progress for more than a week. The company declares that a deliberate attempt was made by the strikers to destroy the property of the company and the strikers maintain that the attempt was made in an attempt to turn public sympathy against them or by some misguided sympathizer. The bomb was thrown early today into the big enclosure in Eighth avenue between Fifty-sixth and Fifty-seventh streets, where 29 taxicabs belonging to the company were stored for the night. The explosion shook the buildings for blocks and hundreds of persons in the neighborhood were thrown into wild excitement. Police details from many stations were rushed to the scene and for a time all their efforts were required to control the great crowd which had gathered in the vicinity. The explosion tore a great hole in the ground. One of the special policemen on guard declares that he saw the bomb thrown over a high fence around the enclosure. It struck near a big tank of gasoline.

NEW BILL WILL BE USED. Railroads of East Take Steps to Place Same in Effect First of Month.

CHICAGO, Oct. 14.—Announcement was made today that all of the 46 railroads in official classification territory have arranged to address notices to shippers to the effect that on and after November 1 shippers using the new uniform bill of lading prescribed by the Interstate Commerce

commission will be charged the regular rates provided in the "official classification." If a shipper will elect not to accept the conditions of the new bill of lading and shipping order, the shipper will be transported at carrier's liability, limited only as provided by the common law and by the laws of the United States and of the several states, insofar as they apply, and the charge will be 10 per cent higher than the regular rate.

The Central Freight association and the Trunk Line association, comprising the Ohio river, have joined in a statement to the public regarding the new bill of lading, which says in part:

It is the belief that this uniform bill of lading, the result of three years of arduous negotiations between the shipping interests and the carriers, with the benefit of advice from learned counsel and the banking interests of the country, who are vitally interested in the practicability of the bill of lading, has resulted in a document which, as to its form, is so nearly perfect as to commend itself to every shipper.

Democracy Masquerade as Republicans SOUTH OMAHA, Oct. 12.—To the Editor of The Bee: Some days ago I read a communication in The Bee, penned by an anonymous individual, somewhere out in the state, who took great umbrage at some of your editorials on the political issues of the present campaign. I also read your courteous, yet independent, reply to the said unknown. In Sunday's issue of The Bee I observed another article of the same nature, signed by W. D. Green of Girard, Neb. Both correspondents are seriously aggrieved at your boldness and audacity in earnestly exposing the fallacies of Bryan and have quit reading The Bee because the facts fully presented grated too harshly upon their delicate and sensitive self-assumed republican instincts. They also intend to vote for Bryan, the apostle of idiosyncrasies and fake theories.

There is no doubt but what these gentlemen patronized The Bee on account of its being the greatest and most reliable newspaper published between Chicago and Bryan, Wis., and in the future, if they want the general news of this country and the world they will skimish around for a copy of The Bee.

I seriously question the republicanism of anyone who in an important political crisis like the present, when the future stability and prosperity of our country is menacingly jeopardized, will change his politics and vote on so shallow a pretense as these individuals offer because the state organ of the grand old party in Nebraska is too radical in upbraiding the Bryanites, while to my personal knowledge many staunch republicans procure your paper for dealing too leniently with the demopops in the national and state campaigns.

In the Magic City of South Omaha there are, perhaps, a dozen or more citizens who claim to be republicans—some of whom are not straight national or state ticket, but have at times supported republicans in local contests, according to their personal prejudice or individual preference. These fellows, who have no solid political convictions, say they intend voting for Bryan, but give no good reason for doing so. I presume the state, however, that for every such vote cast there is an intelligent, patriotic democrat ballot polled for our well-tried national standard bearer, Judge Taft, and George L. Sheldon, the best governor that has ever served the state and people in that exalted capacity. I presume the two undaunted and unflinching correspondents from the interior are entitled to be classed with the thin-skinned "republicans" of South Omaha.

It is now in order for the two disgruntled ones to give the reading public a comprehensive statement of their past political affiliations—how well, how long and how faithfully they served the republican party to the present, same to be logical and succinct, not a childish case, for deserting the party that has for nearly fifty years spread general progress and prosperity upon the whole American people—democrats and republicans alike—by its wise and judicious methods of governmental affairs. The only correct test of a thorough and aggressive republican is his full appreciation and hearty endorsement of its platform and policies, and by voting to uphold and sustain the same.

There was a time when the personality and general makeup of the old democratic party was the peer of the old whig and new-born republican party. That period, I am loath to say, has long since passed over. It was before the advent of a new Moses from the sunny side of Fairview. Since 1896, the Bryan contingent is partly composed of 95 per cent of the loud, lawless and undemocratic element of our country. The democratic party, however, and its insidious principle of free trade was always unpopular and antagonistic to the interests of American manufacturers and workmen. Every young man and all sturdy farmers should study and carefully analyze the record of that party which on several occasions has brought our nation to the brink of ruin and almost annihilation.

As a pioneer republican, I enjoy the right and privilege to criticize and openly question the political integrity of those who profess republican views. As I have helped to organize the first republican club of the Twenty-fourth ward in Philadelphia, away back in 1864, acting as its secretary for four years, while later, in June, 1866, I occupied a seat in the first national republican convention that assembled in the old Musical Fund hall in that historical city, which resulted in the nomination of Fremont for president and William L. Dayton for vice president. During all these years I have fearlessly and loyally supported the republican party, its nominees and beneficent policies. Having thus started out right politically, I feel much gratified to know I have always been right as a partisan. You might ask, how do I know? I answer, because I have steadily acted with a large majority of the intelligent, thoughtful, patriotic class of American citizens. It is one of the most comforting memories of my political record. DAVID ANDERSON.

He Likes The Bee. COUNCIL BLUFFS, Ia., Oct. 12.—To the Editor of The Bee: A reader of The Bee for twenty-three years, I have no other daily in my house. In fact, The Bee contains all the news. Looking through the paper, I never fail to read down the "Our Letter Box" column. I read in Sunday letters commending the editor for fairness, the former signed W. D. Green, but the other unsigned.

I wish to say to these gentlemen, that if ever they were republicans and now intend to vote for Bryan, or the democratic ticket, that they have never received their education out of The Omaha Bee, as the paper teaches no such doctrine. It is a republican paper and prints all the addresses of the candidates, also gives an account of the movements of Bryan. Is this unfair? It prints an unsigned letter. All men look at this alike—who ever expects his letters to go in print unsigned is a coward.

The paper prints an account of the movements of Candidate Taft through the states of Iowa and Nebraska, and the millions of people who saw and heard him speak. I want to say to the republicans of the land that the above is good news. But wake up and stay wide awake until November 3.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until today we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in medicinal plants for the cure of most obstinate and fatal diseases. If we would properly investigate them and use them as Dr. Pierce has done, we could cure many of our most distressing ailments. His "Golden Medical Discovery" which has proven itself to be the "Golden" stomach, tonic, liver, and blood purifier, and is a most valuable medicine for the cure of many of our most distressing ailments. IS YOUR NOSE YOUR MISFORTUNE "IN DOMESTIC, BUSINESS, SOCIAL OR PROFESSIONAL LIFE, IMPROVED PERSONAL APPEARANCE HAS BECOME A MODERN DAY NECESSITY." A nose the most prominent feature of the face. NO CUTTING NO BANDAGES NO LOST TIME. How often we fail to appreciate our own facial defects and yet instantly notice them in others. Every man and every woman owes it to himself or herself to look as well as possible. Harmony of features is as essential to good looks as is harmony of notes to a chord of music, and often this harmony is ruined by an ugly nose or feature—sometimes the defect being very slight.
