PHENOMENAL

Clothing Bargains

The entire wholesale stock of Men's High Class Suits and Overcoats from P. H. Gaspard & Co., 653-655 Broadway, N.Y. So immense was the stock that the past week's selling-the greatest ever known in the history of our clothing department-has scarcely made an impression on the completeness of the lines and none whatever on the quality of the offering.

Some of the choicest lots of the suits will be shown for the first time and in addition to these a delayed shipment of 760 Overcoats just received, including Top Coats, Rain Coats and heavy Winter Overcoats, in all lengths, styles and fabrics, will be added to the already enormous assortments shown for Saturday.

TOWN CORN SHOW SOCIETIES

Vork of Organizing is Done by Burlington Traveling Agent.

LIVE INTEREST ON THAT LINE

will McCone Says He Can Deliver All of Buffalo Bill's Indians to the Corn Show if Destred.

niging seventy-five county or town as something for the National Corn "lion" is the record of J. T. O. Stewraveling representative of the Burlington Railroad company, who has been in the road in the interest of the corn

Mr. Siewart returned Friday from the where he went to confer with offias of the road, and leaves again for ter- show tery on the Burlington which has not yet | The Wild West is now in Los Angeles

been organized for the National Corn ex-

"The interest being taken in the corn west of the Missouri river indicates that opens in Omaha. the corn show is to be a greater event "Everywhere I have found business men, bankers, grain dealers and farmers willing and anxious to co-operate to make the the business men what to do and they do it. Though I have organized seventy-five organizations which will do something for the national show, I consider the best workers are the children of the schools. I know there are more than 5,000 on our lines. who are either making aprons or growing show societies or clubs and putting corn for the show in Omala. And all of bys and girls to work "making or these children will want to come or at least their parents will want to ottend

and Omaha will be swamped with the crowd." Colonel "Bill" McCune has given notice that he can secure all of the Buffalo Bill Indiana for the National Corn exposition if the management degires to have the Indians in Omaha during the big agricultural

show a success. All I have to do is to tell clean concessions and shows in the vicinity proved by both the art and bridge comof the exposition buildings. The Buffalo missioners, Bill Indians may be one of them.

> HUDSON Features of a New York Structure Which Will Mark Advance in

Concrete Construction. One of the most interesting of the proposed bridges around New York is the concrete bridge over Walnut Lane. Phil-Hudson Memorial bridge, which will cross adelphia, and within 175 feet of the span the western end of Spuyten Duyvil creek. of the Niagara bridge over the Niagara

sion to Riverside drive and to the new subway from Kingsbridge, Several plans have been worked out by ments and fifteen feet at the crown. private individuals and by the department | On this massive arch concrete columns

headed toward Texas and Colonel Bill says of bridges. One of the first called for o the Indians will be at liberty about Novem- steel arch bridge with a span of too feet. one is designed for four subway tracks. Each person judges the habits of animals gauge was it noticed that they were all ber 20, which is a little more than two but with this particular span it was found gas mains, water pipes, etc. The upper one solely by what he has seen them personally, flying backward to keep the dust out of show all along our lines both east and weeks before the National Corn exposition impossible to obtain proper foundations is for pedestrians and carriages. It will or read of them personally. So when one for the plers. Another had a span of 80 have a clear width of eighty feel, with comes along who has seen an animal do The question of entertainment at the show feer, but the general design was rejected a fifty-foot roadway in the center and a strange thing and undertakes to tell about in the history of the west than Omahans is still under consideration and it may be by the Municipal Art commission. Finally ever dared hope for," said Mr. Stewart. arranged to bring the Indians to Omaha as the bridge department took hold of the At each end of the main arch will risone feature of the entertainment. Some of problem and, after many preliminary those interested in providing the amuse- studies drew up a set of plans for a rement for the corn show favor having a few inforced concrete bridge, which was ap-

> A reinforced concrete bridge of the diarch necessary to span the Spuyten Duyvil Post creek will be one of the longest in the world, even including those built of steel. It will have a clear span of 725 feet, which is nearly three times as long as the new Commemorating the discovery of the river. The arch will be built of concrete Hudson river, it will serve as an exten- reinforced with steel rods and expanded meial. It will be about seventy feet wide and twenty-five feel thick at the abut-

fifteen-foot sidewalk on both sides.

enormous concrete piers 110 feet wide, thirty feet long by 180 feet high, to which the bridge approaches will be connected. These approaches will also be built of concrete and consist of seven semi-circulaarches. The arches are to have 108 feet mensions called for would be a notable span and there will be three on the Man-MEMORIAL BRIDGE advance in concrete construction, as no Duyvil. The bridge, with its approaches. hattun approach and four on the Spuyten structure like it has been erected. The will be nearly 1500 feet long.-New York

PORT JERVIS BIRDS Caught in Dust Storm They Turn Tail to the Breeze and Fly Backward.

The prompness with which animals adapt hemselves to new conditions has been the subject of many interesting discussions, It would not be going any too far to say many acrimonious arguments.

it, all the others question his veracity, and are just as likely as not to hoot him. One of the latest stories of this character,

by the way, is about birds. The weather in the east, and more particularly in the who have been repairing the roads have calities upon the methods of the postoffice suffered much round about Port Jervin, service, buying of money orders, addressing But these honest men and their honest letters, rates of postage and the different clouds and well nigh amotheredd.

That these birds must have told other questioned by anybody who calmly considers the sequel. Last Saturday the birds designed to serve. scemed to come along over the roadways Por there is scarcely anything regarding were directly over the spot where some Penton Drug Co.

their eyes and bills.-Chicago Inter Ocean.

POSTMASTERS AS TEACHERS Nasbys Are Asked by Uncle Sam to Educate Schools on Mail

Service.

An order has been recently issued by the neighborhood of Port Jervis, on the Eric Postoffice department suggesting that postrailroad, has been exceedingly dry. High masters make it a point to deliver occaway commissioners in the country districts signal talks before the schools in their loassistants have not been so taken up with classification of mails. The department their own troubles that they have found no siso asks that the postmasters co-operate time to sympathize with the blads, which with the boards of education in dissemihave been so frequently caught in the dust | nating this information among the school children as widely as possible. is to secure a greater efficiency in the birds about their experience can hardly be postal service for the accommodation of the great public, which it is specifically
