FORTY-ONE KNOWN TO BE DEAD

Verified List of Michigan Fire Victims, With Fifty Families Unreported.

BAY CITY, MICH., Oct. 20.—A dispatch to the Bay City Tribune from a staff correspondent at Alpena, says: The verified known death list resulting from the forest fires in Presque Isle and Alpena counties stands tonight at forty-one, with several people still reported missing and a growing probability of severe loss of life in North Pulaski and Krakow townships in Presque Isle county.

At least sixty families were living near the shore of Lake Huron in the northern half of Pulaski and Krakow townships and practically nothing has been heard from them since the fires.

At Grand Lake a farmer and wife and four children are known to have taken refuge in a boat and nothing has been heard from them since. A dozen school children sent home by teachers have not been heard from.

While big fires are still burning throughout the northern tier of counties not a single village or town is now known to be in danger and only the Hurst branch of the Detroit & Mackinac railroad is out of commission. Some apprehension is felt for Grace Harbor, which is located on the shore of Lake Huron northeast of here. No word has been received from there since the fires.

At the lowest estimate there was 1,800 people homeless and there is not even an adequate supply of water.

Kling to Go to "K. C."

KANSAS CITY, Mo., Oct. 20.—John G. Kling, Chicago's star National league catcher, may become manager of the Kansas City team of the American association. It is said Kling will take $25,000 worth of stock in the team. "If I can get control of the Kansas City club, I am willing to give up my fat job with Chicago," said Kling today.

NEBRASKA MAKES BIG HIT

Cornhuskers Praised by Chicago Man as One of Best.

GOT THE BETTER OF THE GOPHERS

Leo De Tray, Stagg's Assistant, Thinks Minnesota Will Give Chicago a Close Rub This Fall.

That Nebraska outplayed the Gophers last Saturday is the almost unanimous opinion of the 400 rooters who accompanied the team to Minneapolis and also of the experts from other universities who were present to get pointers on both teams.

Leo De Tray, for several years star on the Chicago team and now Stagg's first assistant, was the Chicago Tribune representative at the Cornhusker-Gopher game, and he is not sparing in his praise of the Nebraska team. He says the Nebraska aggregation was "One of the strongest teams I have ever seen on a foot ball field."

De Tray said things looked dark for the Chicago team when it came to meet Minnesota, and in an interview to the Chicago Tribune his praise of the Gopher team must "go double," for Nebraska played them to a tie. He said:

"Compared with the Gopher team of last year I believe the 1908 Minnesota eleven is far stronger. In the first place, the team is farther advanced. In the second place, the coaches seem to have much better material, and third, and probably most important of all, is the fact that the eleven is not built around just one man, as it was last year.

"Capron will not be missed much, for the coaches have a man who takes his place much better in the Gopher style of play. Plankers is the best full back I have seen since the time of Bezdek. He is a ferocious bucker, is fast and heavy, weighing probably 180 pounds, although he moves about like a 150 pounder.

"With him Minnesota simply relied on straight foot ball in its game against Nebraska, which, by the way, is one of the strongest teams I have ever seen on a foot ball field. It was a case of rip through one tackle and then another. Plankers just tore through that Nebraska line, which was a most powerful aggregation."

GRAND ISLAND GETS COLD FEET

Asks to Be Released from Game with Bellevue College.

Manager Hamblin is in receipt of a communication from Howard M. Sheaf, manager of the Grand Island foot ball team, stating that Grand Island desires to break the date with Bellevue for Saturday, October 24. His reasons are that unexpected expenses have been forced upon the management and that to bring the Bellevue team there would only put the association further in debt. Consequently he desires that Bellevue accept their proposition to cancel the game. He also states that some gathering of the state Young Women's Christian association is to be held at the Grand Island college that day and fears this would limit the attendance at the game. While this act is far different from the position Peru took last year in protesting Browne, it is still very displeasing to the Bellevue management. The matter of expenses is generally a dark horse in small college athletics. And also Bellevue brought the Grand Island team to Bellevue last fall at a decided expense, but was glad to do so for the practice.

Manager Hamblin of Bellevue has replied that Bellevue needs the practice badly and desires to play the game as scheduled. It is rather late for them to break a date and it leaves this management in a bad way so far as securing another game for that day is concerned. The heavy game with Hastings follows immediately after and a fairly light game is desired, but above all some game must be had.

Deep disappointment has been manifest in the Purple and Gold ranks since the Highland Park game last Saturday. While no one expected an easy game, neither was there any expectation of defeat. It is true the park team showed the result of splendid coaching since their ragged game in Omaha, but nevertheless a much better showing against them had been expected by the Bellevue management.

While the terrific smash of the Bellevue team was effective at times and more than once carried the oval forty to fifty yards without a break, still there was weakness clearly apparent in more than one place. The offense failed to gain at critical moments. The line seemed sadly weak at times when to let a man through was more than costly. The interference was slow—too slow to be of any value. There was the real weakness of the situation—the interference was positively not effective. And lastly, there are not a sufficient number of plays in use by the Purple and Gold. The lack of variety may explain the weakness of the offense at times. At least, whatever the cause, end runs and cross bucks repeatedly ended in failure.

The line seemed fairly strong on defense, but strangely enough let men sift through on offense, often breaking up a play behind the scrimmage, or before it got fairly started. The system of interference as taught by Coach Cronk is a highly organized style that would prove more than effective if used by an experienced team, but as far as has been made perfect by the Bellevue team. Neither has the team as yet gained the speed that it has had in the past.

The complete change of style since last year has naturally made the team less effective for a time, though there is time yet for it to round into shape. Coach Cronk has declared his disappointment with some of the men who played in the Highland Park game and states his intention of throwing some more subs into the lineup. There are many of the subs who crowd old men for their positions in fierce style. It will not be surprising, then, if some new men appear in the lineup.

Captain Marvel had a hard proposition on his hands in the game and all things considered he did well. He failed to get the speed that proved so irresistible last year, but that was a fault not his alone. The speed didn't seem to be there to get. Coach Cronk has started practice on many new plays to be worked on this week. It is likely more fakes and open plays will be perfected by the next game. Every energy will be directed this week toward developing strength where weakness showed up Saturday.

HOT MATCH RACE AT STROMSBURG

Queen of the West Defeats S. S. All in a Bruising Contest.

YORK, Neb., Oct. 20.—(Special.)—A hotly contested match race was pulled off yesterday at Stromsburg between Queen of the West, owned by Bud Smith, and S. S. All, owned at Stromsburg and driven by William Staats of Lincoln. For several years the Stromsburg sports have brought S. S. All to York and several times different York horses have gone to Stromsburg and attempted to win from that great pacing stallion, S. S. All, but up to yesterday's event York never had a horse that could outfoot him. Both pacers have made great winnings in the different circuits in the west and there has been a great spirit of rivalry among the backers and lovers of the respective horses and when they met here last week it was a mutty contest, but was finally won by S. S. All and yesterday's return match was one of the longest and most hotly contested pacing races ever held in the west. Queen of the West, a York bred mare, was given a record of 2:15¾, and S. S. All has a record of 2:12¾, the track had just been laid off in 3, when field and was heavy or there would have been a great track record made in yesterday's races. he first heat was a race from the start, being neck and neck until just under the wire. S. S. All won by half a neck in 2:18. In the second heat Bud Smith trailed and in a whipping finish won by a nose. By this time the Stromsburg crowd bet the York boys until finally they had just 30 cents left. In the third heat S. S. All was driven a hard race, gaining on the start, and won by half a length in 2:18. On the fourth heat Queen of the West showed great speed and endurance and it was plain to the talent that she would win. The pace was too fast and S. S. All went in the air and could not recover. The fifth and final heat sent S. S. All for all that was in him and spurted for the first half, but after that Queen of the West forged ahead and won the final and Cecil's [illegible]

Carlisle to Play Cornhuskers.

LINCOLN, Neb., Oct. 20.—An agreement was entered into this evening by the managers for the Carlisle Indians and Nebraska foot ball teams for a post-season game to be played in Lincoln either December 2 or 3. The Carlisle team will come to Lincoln following its game with St. Louis on Thanksgiving day.

EVENTS ON THE RUNNING TRACKS

Latonia Meeting Opens With Large Crowd and Six Good Races.

CINCINATI, O., Oct. 20.—The fall meeting of the Latonia Jockey club opened today with a large attendance and six good races. Colonel Jack Chinn, a member of the racing commission, who was supposed to have reported on the booking conditions at the track, missed his train and did not arrive until tonight. This forces a postponement of the commissions until Wednesday.

It was reported at the track today that the illness of Colonel E. F. Clay and Milton Young, two members of the commission, might stop any commission meeting and allow Latonia to run through for twenty-four days unmolested. Three favorites won. Old Honesty captured the feature event in handy fashion, leading all the way. Track fast. Summary:

First race, five and one-half furlongs: Dr. Holberg (104, McGee, 8 to 5, place) won, Arinette (104, Kennedy, 8 to 5, show) second, Harriet Rowe (105, Pickens, 4 to 1, show) third. Time: 1:07. Elizabeth Harwood, Tennessee Boy, Admonish and Plume also ran.

Second race, six furlongs: Friend Harry (106, Heidel, 9 to 20) won, Buffouns (100, Martin, 4 to 1, place) second, T. M. Green (112, Pickens, 7 to 10) third. Time: 1.14. Irfaneh and Alice George also ran.

Third race, six furlongs: Topsy Robinson (108, Deverich, 8 to 1) won, Honest (106, McCann, 2 to 5, place) second, Marbles (99, Kennedy, out) third. Time: 1:13⅘. Lardy Carol, Vandan and Stoner Hill also ran.

Fourth race, mile and one-sixteenth: Old Honesty (107, McGee, 4 to 5) won, Martha (96, Kane, 2 to 5, place) second, Hanbridge (102, Treubel, out) third. Time: 1:45⅘. Three starters.

Fifth race, one mile: Severus (103, Kennedy, 3 to 1) won, Hostile Hyphen (103, Glasner, 4 to 5, place) second, Robert Cooper (108, Garner, show, 3 to 5) third. Time: 1:40⅘. Stone Street and Blue Lee also ran.

Sixth race, mile and one furlong: Arrowswift (98, Kennedy, 7 to 1) won, J. F. McMillan (106, McGee, 2 to 1) second, Belmers (107, Moreland, out) third. Time: 1:53⅘. Red Gauntlet also ran.

Iowa Plucks Up Courage.

IOWA CITY, Ia., Oct. 20.—(Special.)—"Iowa has had its off game of the season," said Assistant Coach Griffith after the practice last night. "The fellows will work their hardest to redeem themselves after the Missouri defeat." This was the cheerful view taken by the assistant after running the men through signals and directing the first limbering up after the return Sunday from Columbia.

Coach Mark Catlin took a vacation in spending the afternoon hunting north of Iowa City. Griffith had charge of the men and devoted a large part of the time to a good heart to heart lecture which filled the men with determination to whip Nebraska on October 31 and to make a creditable showing at Sioux City next Saturday against Morningside.

Doctors examined the bad shoulder of Right End Perrine and discovered that the bone was fractured, an injury which will keep him out of the lineup until the Nebraska game at the earliest in all probability. Perrine is playing his first year on the varsity, though he has been in college three years before this fall. He has played star ball, his long basket ball training playing him in excellent stead in catching forward passes. His teammate on the other extremity, Hyland, was the star of the Iowa-Missouri game. Hyland is another crack basket ball player. He is over six feet tall and Catlin predicts a brilliant future for him on the gridiron.

Freshman Coach Heinzman brought back the report from Minneapolis that the Cornhuskers had a game foot ball team and that Iowa's offense would have to improve materially to gain a victory over Nebraska.

SEVERE SNOWSTORM IN COLORADO

Six Deaths Due to Accidents Resulting from First Touch of Winter —Cloudburst Near Lamar Stops Traffic.

CHEYENNE, Wyo., Oct. 20.—One of the worst storms in years is now raging over the Laramie plains between this section and Rawlins. The storm is accompanied with snow and a most terrific wind. All trains due at Cheyenne are six hours late, and it is reported that several trains are blockaded between Laramie and Rawlins, unable to proceed owing to the intensity of the wind and drifting snow.

CHEYENNE, Neb., Oct. 19.—(Special Telegram.)—Two laborers were killed about thirty miles west of here on the Union Pacific at 6:30 Monday night when a caboose on the work train was blown from the track and down a thirty-foot embankment. The worktrain was returning to Buford, where it was to lay up for the night, and as it reached the big fill just east of Sherman the wind twisted the caboose from the rear of the train and hurled it down the thirty-foot embankment, killing two laborers and injuring nearly all the others more or less. Thirty men were in the caboose when it went over the embankment. Roadmaster Corliss was seriously injured.

Traveling Auditor Sumption of the Union Pacific was also in the caboose, but escaped with slight injury. The wind was said to be unprecedented and had been blowing a gale for twenty-four hours.

As soon as the accident was reported to Cheyenne a relief train with three doctors was sent to the scene of the wreck and everything possible done to relieve the suffering of the injured.

The killed:

LABORERS MIRI AND OHIRAMATE.

The injured:

William Bedford, section foreman, sprained ankle.
John Andros, laborer, both hands and arms burned.
Nick Johnson, scalp wound.
Andos Tarta, laborer, cut on head.

Heavy Snow at Alliance.

ALLIANCE, Neb., Oct. 20.—(Special Telegram.)—The rain that has prevailed continuously over this section for the previous twenty-four hours, turned last evening to a heavy, wet snow which at midnight, driven by a strong wind and accompanied by falling temperature, has changed to a most severe blizzard, completely interrupting all telegraphic and telephone communication to the west and promises a heavy loss to stock and other interests if it continues unabated throughout the night.

Six Killed in Colorado.

DENVER, Oct. 20.—Six accidental deaths are treaceable to the snowstorms which prevailed in Colorado Saturday night and Sunday. Besides seven persons sustained serious injuries in railroad collisions and by coming in contact with live wires. The dead:

Cloudburst Near Lamar.

LAMAR, Colo., Oct. 20.—A cloudburst struck this city yesterday registering a fall of nearly four inches of rain. The Arkansas river, already a torrent, is rising rapidly and the large bridge over this stream is momentarily in danger of being swept away. The approaches are already washed out and the water is surging half a mile out of its banks on either side of the river.

All of the irrigating systems north of the river are flooding valuable farm lands. Most of the crops, however, are past danger, and the loss will not be very great.

All communication with the outside world was cut off until late this morning. All passenger trains from the east, with 500 passengers, are anxiously awaiting orders to proceed. Those from the west have not been heard from.

Damage at Lincoln.

LINCOLN, Neb., Oct. 20.—(Lincoln for scarcely three minutes early last evening experienced the novelty of an October tornado, which did considerable damage in the area of less than a dozen square blocks. The heaviest loss was sustained by the Lincoln Electric Light company when fifteen of the largest poles, carrying the heavy feed wires, were snapped off at the ground stringing the wires along the right of way of the Burlington railroad blocking traffic in the yards for an hour. The city is in darkness tonight so far as lights from that source is concerned. A freight car on a bridge was picked up by the twisting wind and blown into Salt Creek. Other damage was done in the Burlington yards. There were no casualties.

SUTHERLAND, Neb., Oct. 20.—(Special Telegram.)—Nearly five inches of rain fell last night and today. The lowlands are flooded. Now that the protracted drouth is broken much winter wheat will be planted.

Tornado in Kansas.

SHARON SPRINGS, Kan., Oct. 20.—Two separate tornadoes struck Sharon Springs today and completely demolished three residences and injured a dozen people. It is thought that one will die. The tornadoes were about 200 feet wide and traveled north.

In the vicinity of Doniphan, twelve miles south of this city, some smaller buildings were damaged. The storm came up in almost the twinkling of an eye and passed over in a few minutes.

WAR CLOUD IS DISAPPEARING

Probability That Trouble in Balkans Will Be Settled by Direct Negotiations.

LONDON, Oct. 20.—The latest phase of the Balkan difficulty points to the possibility of the most serious issues being settled by direct negotiation before the proposed international congress meets, leaving to the congress the work merely of ratifying and legalizing the arrangement already made.

Confirmation is had from Vienna of the statement that negotiations have been opened between Turkey and Austria concerning Bosnia and Herzegovina, with fair prospect of success, while Constantinople dispatches are more hopeful that Turkey and Bulgaria will reach an understanding on the oriental railroad and Rumelian tribute questions. The Bulgarian charge d'affaires today informed Sir Edward Grey, the British foreign secretary, that his government officially authorized him to give most positive assurances that Bulgaria would take every possible step to avoid war with Turkey.
