INTERURBAN CARS COLLIDE

Passengers Shaken Up, but Train Crew and One Woman Only Ones Injured.

(From a Staff Correspondent.) DES MOINES, Oct. 23.—(Special.)—Passenger coaches on the interurban lines out of this city yesterday and to Fort Dodge came into collision with the city limits this morning and seriously injured three persons. The two interurbans leave the city over the same line of the city railway. The brakes on the Fort Dodge car refused to operate at a curve as the two were leaving the city and the Peery car, which was behind, ran into the other one. The windows of the cars were all broken and both cars were badly injured, though neither was overturned. All the passengers were shaken up. E. V. Kittles, conductor on the Boone car, had his wrist broken, his shoulder wrenched and his arm bruised. H. M. McDonald, motorman on the Boone car, had his body bruised and his leg injured. Mrs. H. R. Caughy of Ames had a shoulder broken. McDonald was in a similar accident a year and a half ago and had his back and his head injured. Students of the colleges and universities of the state will, make an appeal to the Iowa legislature next winter to have the laws changed so that students can vote at their temporary residence places in the college towns without the necessity of going home. At Iowa City, where the state educational institutions the boys have asked for a two days' vacation that they may return home and vote and generally this will be granted. But as the attendance increases and the political and educational passes have been on off in recent years, the demand is great for the right of students to vote at the college towns.

FLOOD RESUMES FORCEFUL SUIT

Arrested for Second Time on Charge of Threatening to Kill.

R. W. Flood was again arrested yesterday for threatening to shoot Freda Sterling, a domestic employed in the Goodrich hotel. He arrived in the city yesterday morning from Kansas City and went to the place where the young woman is employed. He told her that unless she consented to marry him he would kill her and then commit suicide. She escaped from him and going to the police court swore out a warrant for his arrest on the charge of threatening to kill. When Flood was arrested he was on his way to the city jail. Flood's home is at Linneus, Mo., where he is an insurance agent. It was at that place he became acquainted with Miss Sterling and became infatuated with her, but the young woman has not returned his affections. He followed her here and on September 23 was arrested on the same charge as now lies against him. At that time he was released on payment of a small fine and the promise that he would leave town and reappear at the court room. "I have learned my lesson, and I will not bother her any more." He evidently was unable to keep away and possibly may not escape so easily this time.

BAD CHECK FAILS TO FLOAT.

James Bedford was arrested by the police yesterday afternoon on the charge of attempting to pass a worthless check on M. Solomon, the clothier at 212 West Broadway, in payment for a suit of clothes. The check, which was for \$15, was drawn on the Council Bluffs Savings bank, signed Charles B. Allen and made payable to James Bedford. Solomon was suspicious and declined to deliver the suit until he had called up the bank about the check. Inquiry showed that the bank had no account with Charles B. Allen.

Papers found on Bedford show that he was released as late as October 2 to the United States military prison at Fort Leavenworth and that he was dishonorably discharged August 23, 1907, from the army, in which he had enlisted May 8, 1907, as a private in Troop G, Sixth cavalry.

Bedford is said to have gone under the name of Allen in this city as well as by his supposed right name of Bedford.

BRANDENBURG IS ARRESTED

Man Who Sold Cleveland Article to Newspaper is Charged with Forgery.

DAYTON, O., Oct. 23.—As he was boarding a train for New York City here tonight Broughton Brandenburg was arrested by local detectives on the charge of forgery and grand larceny. A telegram from the New York City police department advised the local department to hold him. He is alleged to have sold the New York Times a letter which he represented to have been written by Grover Cleveland, in which the dead statesman predicted the election of Taft and which letter is now declared to have been a forgery.

Brandenburg was locked up, as the amount of his bail was not fixed. It was said by his attorney tonight that if his client was not released tomorrow he will institute habeas corpus proceedings.

In a statement issued tonight Brandenburg says he had the proper authority from Mrs. Cleveland and Mr. Hastings, co-executor of the Cleveland estate, before he sold the article to the Times and furthermore asks if it is reasonable to suppose that any sane man would falsify the utterances of an ex-president of the United States for \$10. At the time he was arrested he was on his way to New York City to give District Attorney Jerome additional evidence. He says the arrest was made by those interested in offsetting the influence of Mr. Cleveland's utterances, the object being "to secure a dramatic climax just before election."

McKINLEY ORIGINAL TAFT MAN

Senator Dolliver Tells of Interview Between Marty and Judge.

DAYTON, O., Oct. 23.—Senator Jonathan P. Dolliver of Iowa enacted the star role at a huge political meeting here in the Victoria theater tonight. He delivered an address covering particularly the personal fitness of Judge Taft for the presidency. The climax came when he told the story of how he had heard William McKinley, as president, shortly before his death, name Taft for the presidency. It was at the time that Judge Taft was on the bench that McKinley sent for him and told him that he proposed to appoint him governor of the Philippines. Senator Dolliver said that at first Taft demurred and then McKinley delivered a lecture upon a man's duty to his country.

"And now, Judge," said President McKinley to Taft, "I want to offer you a great opportunity to serve your race and generation and if you do as I want you to do you will one day be president of the United States. For if you do this work well the historian will write you down not as the president of his country, but as the father of an independent nation away off yonder across the Pacific."

NEW RAILROAD IS INCORPORATED

Proposal to Build from Rapid City to Wilsonton, in North Dakota.

PIERRE, S. D., Oct. 23.—(Special.)—Articles of incorporation were filed this afternoon for the Dakota Southern Railway company, with headquarters at Lemmon, S. D., and Dickinson, N. D. It is organized by local men and proposes to construct a line from Rapid City to Wilsonton, N. D., by way of Lemmon, and is capitalized at \$90,000.

ROD AND GUN CLUB TO BUILD

Holding Company to Be Organized to Finance the Proposed Improvements.

To build a new club house and acquire larger grounds at an expenditure of \$30,000 was the decision reached by the Omaha Rod and Gun club at a special meeting held at the Creighton institute last night. The interest of the club in the proposition was shown by the number who answered the call of the president, John A. Scott, the first floor audience room of the institute being filled with enthusiastic members.

As a result of the deliberations and discussions which held the club for more than two hours it was decided to form a realty corporation to acquire the new property and hold it for the club, as the latter corporation is hampered by an authorized capital stock of only \$10,000. More than \$20,000 worth of stock in the new holding company was subscribed at the meeting and arrangements were made for committees to take up the work of soliciting the additional amount necessary. It is expected that the necessary amount of stock will be subscribed within a short time.

In a statement issued tonight Brandenburg says he had the proper authority from Mrs. Cleveland and Mr. Hastings, co-executor of the Cleveland estate, before he sold the article to the Times and furthermore asks if it is reasonable to suppose that any sane man would falsify the utterances of an ex-president of the United States for \$10. BERGERS IN DIVORCE COURT

Former Loan Agent Sued by Wife, Who Secures Some Restraining Orders Also.

John W. Bergers, formerly a chattel loan broker but now proprietor of the Bergers Automobile company at Nineteenth and Farnam streets, is defendant in a suit for divorce filed Thursday by Maud B. Bergers. Mrs. Bergers also sues for the return of \$9,000 she says she loaned her husband and which he has invested in his business as broker and later in the automobile business. The money, she says, was left to her as patrimony and is part of her separate estate.

Mrs. Bergers charges her husband with cruelty. She says he has been guilty of grabbing her by the arms and shaking her until her arms were almost broken. She says he also uses bad language toward her.

She asserts her husband owns \$10,000 worth of real estate and \$10,000 in personal property and has \$25,000 in the First National bank. She has secured a restraining order to prevent the Bergers investment company selling or incurring the property and the First National bank from paying out any of the money until her rights can be adjudicated.

She wants \$100 a month temporary alimony and permanent alimony in such a sum as the court thinks is right. They were married in Minneapolis October 15, 1906.

JOHNSON GETS A FURLOUGH

Officer Who Quieted the Utes is Given Several Months' Leave of Absence.

Captain Carter P. Johnson of the Second United States cavalry, who has been in practical charge of the disaffected Ute Indians since their sensational march across the country from their reservation in Utah to central Wyoming and having seen the Indians faint on their way back to their reservation, has been granted two months' leave of absence, with permission to apply for an extension of two months.

To Captain Carter P. Johnson was delegated the task of quieting the Indians, as they were very friendly toward him since the time he intercepted them in their march in the Powder river country. Since
