HOW HE HELPED DEPOSITORS

Congressional Candidate Set Barred McGraw Free.

O'NEILL, Neb., Oct. 26.—(Special Telegram.)—As the congressional campaign draws to a close in this, the Sixth district, even the most partisan democrats concede the election of Judge Kinkaid by a very large majority. During the last two weeks Judge Westover, the democratic nominee, has undertaken to inject his name into the campaign by moving his literary headquarters here and is circulating the district by personal letters and otherwise, appealing to the people to vote for him because he favors government guarantee of bank deposits.

WEBSTER TO ANSWER ROADS

Omaha Lawyer Asked by Commerce Commission to Reply to Railways on Cut Rates.

Western railroads have put the Interstate Commerce commission in the position of defending the lower rates which the commission ordered some time ago on dry goods from Chicago to the Missouri river. From a petition filed by the railroads this reduction saves the Missouri river jobbers \$600,000 directly every year and costs the railroads millions of dollars indirectly.

WHY THE HUNTERS ARE MUM

Two Young Barbers Mistake Call for Deer and Pay the Bill.

W. C. Frazer, clerk in the county judge's office and Clinton Broome, a young attorney, took a hunting trip to Hoffer's island below Gretna several days ago, but since their return have been strangely silent about it. Several other Omahans who visited the island Sunday learned the cause of their silence and were unfeeling enough to tell about it on their return.

BOY KILLED WHILE HUNTING

Body Found in Woods Near Media, Pa., Under Circumstances Indicating Murder.

MEDIA, Pa., Oct. 25.—The body of John Denny, Jr., aged 22 years, was found in the woods near Upper Providence today under conditions which strongly point to murder. A large hole had been torn in the lower portion of his back by a charge of shot. Denny started from his home in this place Friday to go hunting. Accompanied by another man he was seen going toward the woods where his body was found. The suggestion that he was the victim of an accident or shot himself is discounted by the fact that his gun and ammunition and all of his valuables had been taken. An examination of the wound seems to indicate that two charges struck him and that the shot was from the side he used. The police have arrested three negroes, who they declare they know nothing of the shooting.

WISDOM REPUBLICANS ENCOURAGED

The republicans of Cumine county, Ohio, have been for so many years overawed by the enormous democratic majority of the county, are, since the rally at Boomer last Wednesday night, gaining some courage and considerable hope. The thinking democrats, especially those farmers who attribute their present prosperity to a republican administration, are beginning to inquire into the true inwardness of things and are more and more disinclined to allow themselves to be led away by the sophistries and clap-trap of the Bryan shouters. More independence of thought has been developed among the democrats, the men of substance of this community, during the last few months than they have shown for a decade. A general awakening along political lines seems to have overtaken them and the result will be an unmistakable flop and a reduction of the ridiculous majority heretofore given in this county for the losing candidates.

OMAHA MAN DIES IN PRISON

J. J. Fee, Who Attempted to Extort Money from Luther Drake of Merchants National Bank Succumbs to Heart Disease.

(From a Staff Correspondent.) LINCOLN, Oct. 26.—(Special.)—John T. Kent, Bryans' reception committee during those trying days of the Denver convention, the man who piloted Chairman Theodore Bell through the rain and floods to a hand-out which took him out of town, was today fined \$25 and costs for disturbing the peace of a number of veterans of the civil war. These veterans were in front of their hall and while the drum corps was playing Kent, so the evidence showed, insisted on drowning out the music by yelling for Bryan. His loudness caused the arrest by the police and today he was fined. He appealed the case.

LATKY CASE DISMISSED

The suit of J. J. Fee against Mrs. Latky, former supreme officer of the Nebraska League of Honor, Ancient Order of United Workmen, which was to have been tried before Justice Stevens this afternoon, was dismissed without prejudice on the motion of Claude S. Wilson, attorney for the plaintiff. Attorney Wilson says nothing concerning the dismissal more than that the plaintiff had decided not to present the case at this time. The suit was for \$50 on an alleged bond bill that had been running since 1904.

OMAHA "DYNAMITER" DEAD

The body of J. J. Fee, the man who stirred financial circles in Omaha some months ago, lies at the morgue and Governor Lincoln has ordered that he be buried in any of the man's relatives as to his disposition. Fee is the man who, armed with a bottle containing a colorless liquid, insisted on Luther Drake of the Merchants National bank of Omaha getting him out of the bank and then had him arrested. He was sent to the penitentiary, where he died Saturday morning of heart disease.

Chamberlain of Tecumseh, whose case is to be heard in district court next month. Chamberlain was here several days last week and it is reported he was in Omaha today conferring with Attorney Haskett and Colby relative to his case. The attorneys have little to give out regarding Chamberlain's visit to Beatrice and will not admit that they have been retained as his counsel.

PEOPLE OF TECUMSEH ENRAGED

TECUMSEH, Neb., Oct. 26.—(Special.)—The people of Tecumseh are indignant and wrought up over the theft of the books of the defunct Chamberlain Banking house which were collected by Sheriff Hall the greatest insult to the people here of any kind that has happened in years. It is said the receiver of the bank, John Ward, will offer a reward for the return of the books and County Commissioner W. H. Abbott is of the opinion the county board should also offer a reward. However, most people are of the opinion that the books have been destroyed. It has been suggested that the large ledger, unless torn to pieces leaf by leaf, would not be totally consumed by fire in several hours, at least, if not longer, unless subjected to furnace heat. There is not the slightest clew to the perpetrators.

GETS WRONG NAME IN LICENSE

Grooms Look Alike to License Clerk and Trouble is Threatened.

Frank J. Roach of Omaha and William B. Kelly of Torrington, Wyo., look so much alike they barely escaped a queer matrimonial tangle when they both applied for marriage licenses Monday afternoon. Kelly journeyed all the way from distant Wyoming only to find Marriage License Clerk Puray making out a license to wed his fiancée to Roach. The mixup happened in this way: Roach was first on the scene. He gave Mr. Puray his name and then Puray called into the judge's private office on business. Thinking he had gone for some time Roach, who had a pipe in his mouth, wandered out into the hall to have a few quiet puffs. While he was gone Kelly, who also wore a pipe in his mouth, entered and took the place occupied by Roach. Mr. Puray came back and not noticing the change in grooms, went on with his questions. "What is the girl's name?" he asked. "Elizabeth M. Black," answered Kelly. Mr. Puray wrote in the name under that of Roach and was scribbling away on the license when Roach returned back into the room, having finished his smoke. He looked at the license and saw a strange name under his own and then he protested. He refused to be married to a woman he had never seen and frankly told the marriage license clerk so. Mr. Puray looked at the pair of prospective grooms and then stumbled to his mistake. He tore up the license and began all over again.

PRECAUTION OF THE RAILROAD

Erie Railroad Issues Book of Rules to Make Employers Careful.

The Erie railroad has issued a new book of rules of the operating department, and under the head of "General Notice," the following observations are made: "The nature of the transportation business and its relation to the state and the community require the services of men of active minds, good character and general ability. The employees of a railroad are at all times, both in the discharge of their duties as employees and as citizens, under the constant view of the public. Failure to be efficient parts of the transportation system, of valuable citizens in whatever place they are domiciled, brings reproach upon them and the corporation with which they are connected.

The registration in Omaha and South Omaha compared this year to 1907, which is a record figure. In 1907 the total for the two cities was 25,603 and in 1908 it was 35,292. The registration for Omaha and South Omaha, which shows a large gain for the democratic is deceptive. The populists this year, most of them, have gone into the democratic column, where they always voted. The figures show a steady, consistent gain for the republicans.
