GOLFERS DISCUSS NEW RULES

May Add Much to Congestion of the Links.

AS WHOLE WILL BE IMPROVEMENT

LONDON, Oct. 21.—(Special.)—Taken as a whole, the criticism of the new rules has been eminently favorable, says the London Field.

Now, it is at all likely that the penalty of stroke and distance for a ball which has been driven out of bounds will tend to make players creep feebly up the middle of the course?

blowing in that direction, the obvious deduction is that he has still to improve his golf education. But he has no justification to try out against the harshness or unfairness of the rule.

The attempted scars about the effect of the rule in making the tee shot play more and more timid is not likely to have much weight with golfers who know their subject thoroughly and can draw upon a wide experience of play.

The new rule, therefore, or, rather, the going back to the old rule, is being denounced because it will lead every player in a match to abandon a dashing, slashing game in the tee shot and to adopt the safe and pawky tactics of all who believe that the middle way is ever the best.

Mr. Wm. L. Hill, of Winston, N. C., at one time traveling salesman, and well known in North and South Carolina and Virginia, says: "Two years ago my blood was in a wretched condition, and in addition to other bodily ailments I suffered severely from Rheumatism. S.S.S. CURES RHEUMATISM

This is just a short talk on Rheumatism, pointing out its causes and some of the reasons why so many fail to find a cure for this painful and often far-reaching trouble.

No other disease is more persistent and discouraging than Rheumatism. Those persons in whose blood this painful ailment has taken root, often grow disheartened, and sometimes conclude there is no permanent cure.

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually regarded as of no importance.

Rheumatism can never be cured until the blood is purified and built up. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and expelling the foreign matter from the system.

It strengthens and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, joints and bones, the entire body is nourished by rich, healthful blood, which completely and permanently cures Rheumatism.

S. S. S. is composed of both blood-purifying and tonic properties, just what is needed in every case of Rheumatism. S. S. S. contains no potash, alkali, or any other harmful mineral, but is made entirely of blood-purifying and healing roots, herbs and barks which enrich and freshen the circulation while curing Rheumatism.
