I have only got one thing to say and that is I feel pretty sure of electing our legislative ticket. I also feel sure that we will elect at least half of our county ticket. If not more. If we do not carry the county for Fred White for governor we will certainly cut down the republican majority most materially. It would not surprise me one bit to see Bryan carry Pottawattamic county or Fred White as far as that goes. I believe the result of tomorrow's election will be somewhat of a surprise to the republicans.—Al Lenocker, chairman of the democratic county central committee.

### T. A. HOLLISTER REPUBLICAN CANDIDATE FOR COUNTY ATTORNEY

Every republican in Douglas county should vote for T. A. Hollister for county attorney, not only because he is the republican candidate, but because he is one of the best qualified men who has ever been nominated for this important office.

His democratic opponent is now running for this same office for the fourth time. He seems to think that there is something in the law that requires him to run and run, and keeps on running for it; but in this he is mistaken; he has served his county long enough, and our political traditions at least, demand a change,

Elect Hollister, and you will have one of the best county attorneys who has ever held that office in Douglas county.
