BIG RALLY FOR THE WINDUP

Laboring Men of Des Moines Show Their Loyalty to Republicanism. Cummins and Carroll Say Big Republican Majority, While White, Democrat, Says No One Can Foretell the Result.

(From a Staff Correspondent.) DES MOINES, Nov. 3.—(Special.)—The chairman of the two state committees closed headquarters yesterday and went to their respective homes to cast their ballots. Frank of the republican committee resides in Butler county. He will return Tuesday evening. Chairman Price of the democratic committee is a candidate for re-election as a member of the house from Warren county, but will hardly be elected again, as the county is strongly republican. Both refused again to give any definite statements as to the vote in Iowa. The campaign as conducted has been entirely free from personalities and has been handled strictly along national lines.

Governor Cummins, who has done more speaking for the republicans than any two other speakers in the state, after addressing fifteen meetings last week, went to Perry today, where he spoke in the afternoon. He states that from his viewpoint the republican party is very strong in Iowa and that there is perfect harmony among his friends here. He finds no disposition whatever on the part of the party, but that Taft will have the usual republican majority in the state.

This evening the republicans had a closing rally in Des Moines under the auspices of the laboring men of the city. It was addressed by Governor Cummins, Lieutenant Governor Clark, and others, and was an immense success. The laboring men of the state have been advertised as all for Bryan, but the demonstration tonight shows that the majority are for Taft and the whole republican ticket.

A mild sensation was aroused today when it was found that the local civic league is engaged in investigating alleged infractions of the state primary law. The league secured legal advice to the effect that certain extensive advertising which has been placed in Iowa papers attacking and misrepresenting Governor Cummins and intended to do injury with the voters is plainly in violation of the law. It was stated that immediately after the election the offenders would be punished.

Views of Politicians. Below are some expressions from politicians on the outcome in Iowa tomorrow: B. F. Carroll, candidate for governor: "I believe the republican ticket will have a substantial majority. I have no apprehensions, but I believe a good republican legislature this winter."

Fred E. White, democratic candidate for governor: "I do not believe a republican legislature will be elected in this state will be so close that anything is liable to happen. I believe I stand a good chance for my election. It will be close in Des Moines."

Sheriff Prefers Colorado. It has come to the knowledge of the authorities here that Frank Shercliff, the notorious desperado, confined in jail in Knoxville, Tenn., really prefers to go to Colorado rather than to be taken to Minnesota, where he is accused of connection with a bank robbery. He is under sentence in Colorado for murder and has a twenty year sentence. It is expected here that the Minnesota officers will reach Knoxville first, but Shercliff says he will resist extradition, which will give the Colorado officers a chance.

WARRANTS FOR FOUR HUNDRED Men Illegally Arrested in St. Louis Will Be Arrested if They Try to Vote.

ST. LOUIS, Nov. 3.—Judge Allen of the circuit court yesterday issued 400 bench warrants for men who are accused of illegal registration and these warrants will be served tomorrow if the suspects attempt to vote.

ROOSEVELT'S TRIP TO AFRICA He Will Leave New York on Monday Afternoon for Naples March Thirteen.

NEW YORK, Nov. 3.—The Times tomorrow will say: From an excellent authority the New York Times learned yesterday that President Roosevelt plans to leave New York on March 13, nine days after the inauguration, by the North-German Lloyd liner, Konig Albert for Naples, via Gibraltar, where the liner is due on March 5.

Besides his son, Kermit, who will take photographs of the big game in Africa, he will be accompanied by a professor from the Smithsonian institute and an official from the Navy department.

From Naples, Mr. Roosevelt and his party will travel on one of the German East African steamers to Mombasa, via the Red canal and Aden, a sea journey of seven days, including stops. So far no arrangements have been made for the six months the party will spend in Uganda province, between the coast and Port Florence, a distance of 84 miles. On Lake Victoria, Nyanga, the party will embark for Entebbe in central Africa. One thing is certain, Mr. Roosevelt will not enter the Congo territory.

President Roosevelt has received an invitation from Mr. McMillan, nephew of the late Senator James McMillan of Detroit, who owns 50,000 acres of forest, mountain and jungle in the Natori district of Uganda, to shoot over his estates and use the comfortable shooting boxes that have been erected in various sections where big game is to be found.

WARRANTS FOR NIGHT RIDERS Hundred Men in Northwest Tennessee Are Charged with Three Tickets.

UNION CITY, Tenn., Nov. 3.—Upon the affidavits of James D. Deasch, relative of Captain Quentin Rankin, Hiseman Taylor, son of Colonel R. Z. Taylor and J. C. Burdick, owners of the fish docks at Samburg, which were once destroyed by night riders, 300 state warrants for the arrest of 100 alleged night riders will be issued tomorrow by Justice H. Polk. There are three sets of warrants against each of the 100 men and of this number at least two-thirds are already under arrest or on parole by the military authorities at Camp Nemo. One set of warrants charge murder in the first degree, being based upon the killing of Captain Rankin. The second set charge assault with intent to commit murder while masked, also a capital offense under the laws of Tennessee.

They are based upon the attempt made to end Colonel Taylor's life. The third set, those sworn to by Mr. Burdick, charge the parties named with going masked upon the premises of another in the night time. The maximum punishment for this crime is twenty-one years in the penitentiary and the minimum punishment is two years.

BIG FIRE IN PHILADELPHIA Three-Quarter-Million Blaze in Lumber Yard Etes Up Traffic in Quaker City.

PHILADELPHIA, Nov. 3.—A spectacular fire that was marked by many thrilling incidents destroyed the lumber yards of R. A. & J. J. Williams, in the northwestern section of this city tonight, entailing a loss estimated at \$250,000. The yard is on a rectangular piece of ground at Glenwood and Siddle avenues and Cumberland, York and Twenty-second streets, and close beside the tracks of the Pennsylvania railroad. As a result of the fierce blaze southern and western trains were held up several hours, causing great inconvenience. A fire engine, owned by the city, was called to the Philadelphia Rapid Transit company crosses Glenwood avenue also at the scene of the blaze. The bridge caught fire and the heat warped the rails so that traffic was tied up. It is believed the fire was of incendiary origin.

Every House a White House

If you "Let the Gold Dust Twins do your work"

You have probably in your own experience seen, or at least heard of "the woman who always was tired." If such a woman knew of Gold Dust she could relieve herself of the back- and heart-breaking methods of household cares.

Gold Dust makes spotless floors, milk-white clothes, shining wood-work, clean inviting dishes, and brightens every nook and corner with which it comes in contact.

Gold Dust cuts dirt, grease and stains like magic. It is the greatest cleansing agent that has ever been discovered, and any woman who has tried to keep house without it should "right about face" to-day, and buy a package of Gold Dust at her grocer's.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form. The Gold Dust Twins need no outside help.

Council Votes Down Ordinance Opening Thirty-Ninth Street.

ALL DEMOCRATS AGAINST IT

Property Owners on the West Side on the Warpath Over Blocking of Their Hopes—No Trace of Murderers.

The democratic members of the city council voted down the proposition to open Thirty-ninth street after a stormy session of the city council Monday night.

The people in the Fifth ward have been exceedingly anxious to have Thirty-ninth street opened. The city has already appropriated \$400 to purchase the right-of-way and the only thing remaining was to pass the ordinance opening the street. The sudden attitude of the democrats, assisted by Swan Larson, caused a storm in the ranks of fifty men of the west side of the city. The explanation was that as the city had not been able to compel the Union Pacific to build a viaduct at F street or at U street "it wouldn't look right" to attempt to force the Burlington to build at Thirty-ninth street. The men on the west side could see no connection or logic in this explanation. The Burlington has been willing to construct such improvements heretofore and the expense to the company would have been slight. So the men of the west side were mad, boiling, and said as much. The city clerk, J. J. Gillin, was so incensed at the disgruntled "speaks out" in meeting and called John Hasburgh a "four-flusher," saying "There is no sense in such action. This is an example of the way the democrats will recognize the will of the people when they get in," said one of the disgruntled taxpayers. "We can't get a thing we want and have to be run down by the other side."
