POSTAGE TO FOREIGN LANDS

Rates Are Revised in Many Instances on Mail Matter.

DISCLOSED FOR HOLIDAY USE

Letters and Parcels Have Benefited by the Changes Made by Government in the Last Few Years.

With the approach of the holiday season comes the need of information on postal rates to foreign countries. The rates have been changed considerably during the last few years, so unless one is careful in sticking the right amount in stamps onto the letters and holiday tokens he is sending abroad, he may expend more money than is necessary for the purpose.

Both letter and parcel rates have benefited by the changes, and now instead of having to pay regular rates for weights over a certain mark, one need only affix stamps at a lessened rate when the letter packages weigh more than the ordinary.

The parcels post rate is, with a few exceptions, 12 cents per pound or fraction, while the weights vary from four pounds six ounces to eleven pounds. To the Bahamas, Chile, Republic of Colombia, Costa Rica, Danish West Indies, Ecuador, Germany, England, Ireland and Scotland, Guatemala, British Guiana, Jamaica, the Republic of Honduras, Italy, Jamaica, the Leeward Islands, Newfoundland, Nicaragua, New Zealand and Panning Islands, Peru, Salvador, Trinidad, Uruguay, Venezuela and the Windward Islands the rate is 12 cents per pound or fraction and weight limit eleven pounds. To Australia, Belgium, China, Denmark, Hong Kong, Japan and Korea, Mexico, (to certain offices the weight is limited to four pounds six ounces, while to some parts of the republic the limit is eleven pounds, Norway, the Netherlands and Sweden the rate is 12 cents per pound or fraction and the weight limit is four pounds six ounces.

Some Cannot Be Registered.

To France, England, Ireland and Scotland, Italy, Uruguay and The Netherlands articles sent by parcels post cannot be registered, being transmitted in the ordinary mails only. To all other parcels post countries packages may be registered on payment of the registry fee, which is 5 cents in addition to the regular postage, all paid in stamps, to be attached to the parcel.

DICE TO SETTLE BUSINESS

Partners Shake to Determine Percentage Basis on Which to Divide Profits. A. J. Agnew, president of the Columbia Optical company and Elwood Riggs shook dice to determine whether Mr. Riggs should receive 3 1/2 per cent or 5 per cent of the profits of the concern when he became a member. Mr. Riggs won the throw and now the Columbia company is suing Mr. Riggs for \$2,250 claimed to be due upon the dissolution of the partnership.

The case was called for trial before Judge Kellee Wednesday morning and Mr. Agnew on the stand testified that he and Mr. Riggs made the contract after shaking dice to determine the per cent of profit the new member of the firm was to receive.

DRESHER WINS THE PURSE

Pulls Down One Hundred and Fifty Dollars on the Election of Judge Taft. In the archives that held many of the largest and smallest election bets made in Omaha this envelope was found Wednesday, and since then Mr. Dresher's friends have been pouring into his law office, establishment in streams to see how the "professor" took his medicine.

This envelope contains \$150. If Taft is elected A. V. Dresher loses the money. If Bryan is elected, Prof. Dresher gets all the money. A. V. DRESHER, 17th & Farnam. George Rogers holds the money.

WITNESSES FOUND IN OMAHA

Uncle Sam Secures a Trio to Testify Against White Slave Importers.

The "white slave" traffic of the west has received a severe setback by the arrest of three important witnesses in Omaha during the last few days and their transfer to Chicago Wednesday morning under charge of Deputy United States Marshal Nickerson and Proctor.

These witnesses are Alice LaPorte, Armand Lapassege and Paul Ronandin, who have been arrested to appear in the case of the United States against J. Mitchell of Chicago, who is charged with being one of the most extensive importers of immoral women into the country ever engaged in that nefarious traffic, and for whom the government has been seeking for years.

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ailments, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Council Still on the Rack. Democratic City Administration Before the Grand Jury.

ELECTION DOES NOT STOP INQUIRY

McGovern and the Rest Must Tell All About Vacating Streets Contrary to the Charter Provisions.

Before election democrats said that the county grand jury was trying to make political capital by investigating the democratic city administration and calling Councilman Thomas McGovern, chairman of the committee on street improvements, on the carpet. But election is now past and the grand jury is still after the democratic city officials.

Mayor Jim Dahlman, President of the Council L. B. Johnson and Councilman Thomas McGovern were all summoned before that body Wednesday, together with Councilman Zimmerman and Chief of Police Donahue, to tell what they know of the management of city affairs. The nature of the investigation which the grand jury is conducting is, of course, not divulged, but it is stated by those who are in a position to know that the action of Councilman McGovern in procuring the city abstracter's report regarding city land unlawfully occupied is one of the items.

In accordance with the charge to the jury by the judge before it began its sitting, it will investigate the "red light" district, and the mayor and chief of police must have been summoned on that score, though the mayor is also on the occupancy of city property by reason of his approving the council's action.

Magney Knows About It.

Assistant County Attorney Magney, who is acting in an advisory capacity to the grand jury, is conversant with the actions of the democratic council in its violating of the city charter by vacating streets, by reason of a civil suit he brought against it last week. This was when the council usurped its powers and vacated Twenty-fifth avenue between California and Burt streets on December 12, 1907. Attorney Magney brought suit against the city and the Creighton university authorities on behalf of Louis Johnson, Peter Peterson and G. B. Bonderson, who objected to the closing of the street. The council made certain concessions, however, and the case was dismissed.

HAYWOOD CASE NOT AN ISSUE

Famous Trial Had Nothing to Do with Election, Says Boise Man.

"The famous Haywood trial had no influence in this campaign in Idaho," declared Charles J. Perkins of Boise, who is at the Henshaw. "Governor Gooding was not up for re-election and the republican nominee, John H. Brady, has been elected by over 7,000, a telegraph to the effect that Mr. Brady also says that Taft's majority in the state is 15,000 and that a republican congressman has been elected."

HERO'S WIDOW IS PENSIONED

Carnegie Fund Brings Timely Assistance to a Fatherless Home.

Mrs. Mary McAteer, 3409 Michigan avenue, St. Louis, widow of Patrick McAteer, who lost his life last June rescuing 11-year-old Josephine Tulley, daughter of Hery C. Tulley, manager of the Wainwright building, from a runaway pony which she was riding near Union boulevard and Fairmount avenue, has been awarded a pension of \$60 a month while she remains a widow, by the Carnegie Hero Fund commission at Pittsburg.

Mrs. McAteer also is to receive a silver medal to remind her of the heroic manner in which her husband met death, and \$5 a month extra for each of her seven little children, the oldest only 11, until they reach the age of 16 years.

McAteer was standing in front of the new Soldan High school at Fairmount and Union when he saw Josephine Tulley approaching on a fast running pony and heard her cry for help. He brought the pony down, but slipped in the act of doing so and his skull was fractured when his head struck the street car track.

PLACE CARDS FOR THE BRIDE

Cutouts, Water Color Pictures and Old Shoes Among the Novelties.

Place cards for bridal luncheons, dinners and suppers are being turned out in new and fetching styles. They are very large, some being eight inches high, and are either of the paper doll variety or oblong square, with a picture in water colors of a yellow bride or a bridesmaid carrying a bouquet. The cut out figures are also painted in water colors. Many of them are three-quarter length. They stand by means of a paper enamel stand glued to the back.

Among the novelties in small place cards for the wedding are cut out water color pictures of trees and shrubbery. Cut out bride's slippers make other cards. A little bunch of artificial orange blossoms is sewed at the toe. Old shoes make still another design.

The motor car has even affected those bridal cards. A cupid as motorman guides a yellow bride or a bridesmaid in the shape of a large balloon. In another cut out card of a tall champagne glass he sits upon the rim of the glass.

It is an easy matter to do business through The Bee Want Ad Columns.

VOGUE OF SHIRT WAIST RINGS

Jewelry for Women to Wear with Their Attire for the Evening.

"Shirt waist rings" is what they are called. They are the simple massive rings that some women prefer to wear with morning attire in place of their jeweled rings which they save for afternoon and evening.

All the various forms of seal rings now popular are included in the shirt waist ring list, but the name is used more especially for rings of severely plain design set with semi-precious stones of the kind that will stand hard wear and even soap and water.

Many of the shirt waist rings are plain bands of twisted or braided gold or silver. Some are fashioned like snakes. But most of the rings are stone set.

Turquoise matrix is among the best liked stones, as it is becoming in vogue. It has a clear skin. It is usually set in a large oval rimmed with an edge of gold no heavier than is necessary to hold it securely. Many of the turquoise matrix rings are silver highly burnished or oxidized in very dark tones.

The revived garnet is much used in these rings. It is usually set in cabochon fashion. A round gold ring in a deep Etruscan tone has a lion's head for its ornament and a cabochon garnet is set in the lion's mouth.

A great oval disk of highly polished coral simply set in a rim of gold is the ornament of another ring. Moonstones are much used, usually set in silver, which carries out the silvery quality of the stone coloring.

Lapis lazuli and malachite are used with gold or silver rings. One model has a long narrow stone embedded in the ring so that around the finger that the ring seems made of the stone. Some rings are made entirely of jade, the Chinese lucky stone. Topaz and amethyst shirt waist rings abound.

Regal Shoes Stand The Test

Last week the "Regal Buzz-Saw" proved to hundreds of interested spectators that the materials in "Regal" shoes—from the genuine oak-bark-tanned soles to the fast color hooks and eyelets—are the finest money can buy.

No shoe but the "Regal" could stand the test of being sawed into little pieces and every hidden part exposed. That's why we sell so many "Regals" to Omaha patrons. The "Regal" quarter sizes insure a perfect fit for man or woman at—
