

KINKAID A WINNER

Congressman from Sixth District Says He is Re-elected

Additional Returns Do Not Estimate on Other

SEVENTY-FOUR COUNTIES

Legislature Strongly Democratic in Both Branches.

SHALLENBERGER LEADS BRYAN

No Complaint Made on Remainder of State Ticket, but Nothing to Indicate It Differs Materially from the Head.

The only change in the Nebraska election situation since yesterday is the claim by Congressman Kinkaid, republican, of the Sixth district that he has been elected over Westover, democrat, by 1,500 to 2,500.

The returns to the newspapers and to the state committee are meager, but his prediction is based on private advice from each county in the Six Sixth. While that section of the state has gone democratic on about everything else, the returning returns now received by the newspapers show that Kinkaid is running way ahead of the remainder of the republican ticket.

This will make two republican congressmen from Nebraska, Hinshaw in the Fifth being elected.

The recent complete returns from seventy-four of the ninety counties show Bryan has a lead of 3,211. Lancaster, which is not included in the table, will add 1,000 to this. These same counties two years ago gave Sheldon 9,214 plurality.

On governor returns have been received from seventy counties and in these Shal- lenberger has a lead over Sheldon of 7,169. This does not include Lancaster, which will give Sheldon a plurality of approximately 1,600. These same counties two years ago gave Sheldon a plurality of 10,771, when Sheldon had 12,773 plurality in the state.

The legislature is overwhelmingly democratic and the other state officers the same.

MORSE AND CURTIS GUILTY

Promoter and Banker are Convicted on Two Counts

BOTH LOCKED UP FOR NIGHT

Minimum Penalty for Misappropriation of Funds of Bank is Five Years—Clemency Recommended for Curtis.

NEW YORK, Nov. 5.—Charles W. Morse, until a year ago a dominant figure in the world of finance, and Alfred H. Curtis, former president of the National Bank of North America, were found guilty tonight in the criminal branch of the United States circuit court, on charges of misappropriating funds and falsifying the books of the bank. There was also the additional charge of conspiracy against the prisoners, but the jury acquitted the men on this count.

Within five minutes of the time the jury had rendered its verdict, Judge Hough had refused to entertain a motion for bail and had committed the two bankers to the Tombs prison.

The judge said that he would hear any motions the lawyers for the prisoners desire to make at 10:30 o'clock tomorrow morning.

Penalty is Imprisonment.

The federal statutes provide a minimum penalty of five years imprisonment for falsifying the books of a bank, and a penalty of two years' imprisonment and \$5,000 fine, or both, for misappropriation of funds.

No alternative for imprisonment is provided for conviction on the charge of falsifying the books of a bank. The maximum penalty on this charge is ten years' imprisonment. The jury recommended clemency for Mr. Curtis, but made no recommendation in the case of Mr. Morse.

The scene in the court room was dramatic. Mrs. Morse and Mrs. Curtis had remained in the court room nearly all day awaiting the verdict. Mrs. Curtis showed signs of giving way to her emotions a number of times, and once when the jury returned to the court room to receive instructions on the manner in which the conspiracy charge should be considered, Mrs. Morse burst into a sob.

A large crowd had hurried into the court room to hear the verdict. Mr. Morse and Mr. Curtis stood before the jury while Foreman John Elder was reading the verdict and their wives sat near them leaning forward in tense attitudes to catch every word.

"We have agreed upon a verdict in the case of both defendants," said the foreman in a subdued voice. "On the charge of conspiracy we find them not guilty."

A look of relief came to the faces of the prisoners and their wives, but it only lasted a moment, for Mr. Elder continued:

"On the charge of the misappropriation of the funds of the bank we find both defendants guilty. On the charge of making false entries in the books of the bank we find both defendants guilty. In the case of Alfred H. Curtis the jury wishes to make a strong recommendation to the mercy of the court."

A stifled sob escaped Mrs. Curtis as she heard the recommendation for mercy for her husband. Mr. Curtis took the verdict like a stoic, but Morse was unable to conceal the disappointment he felt, while his wife showed no signs of emotion. She kept her eyes on her husband, forgetting herself and concerned only on his account.

There was a momentary hush in the court room. This was broken by a buzz of excited conversation and a few minutes later the lawyers for the defendants were making the customary motions for a new trial, for bail, and for permission to take an appeal to the circuit court of appeals.

Judge Hough said he would hear the motions tomorrow.

PICKUP FOR STOCKHOLDERS

Northern Pacific Railroad Makes Distribution of Surplus to Its Owners.

NEW YORK, Nov. 5.—Directors of the Northwestern Improvement company, the stock of which is owned by the Northern Pacific road, today declared an extra dividend of 11 1/2 cents on the stock of the Northern Pacific Railway company. The dividend was ordered paid out of the accumulated surplus of the Northwestern Improvement company.

In a statement issued announcing the dividend, it was declared that the Northern Improvement company from which this dividend is paid have been acquired by the Northern Pacific Railway company through a series of years in the course of its business, as earnings and profits from its investments. No part of them has been derived from the transportation business.

The surplus assets of the Northern Improvement company from which this dividend is paid have been acquired by the Northern Pacific Railway company through a series of years in the course of its business, as earnings and profits from its investments. No part of them has been derived from the transportation business.

After he had completed his organization he brought it to Lincoln, where it was turned over to the state committee, which had re-elected Tom Allen. Then, later in the campaign, the candidacy of Shal- lenberger was turned over to Gruenther exclusively and Tom Allen devoted all of his energy to the candidacy of Mr. Bryan.

It is the general opinion around republican headquarters that Gruenther has won his spurs in the democratic party. He was assisted in his tax circulars by John M. Gilchrist, and these two superintended that part of the campaign work.

NEW CURE FOR TUBERCULOSIS

Filling Cavity Caused by Disease with Metallic Salt Masts Remedy.

CHICAGO, Nov. 5.—Remarkable results in curing tuberculosis of the bones, demonstrated in a five weeks' trial at the Home for Destitute Crippled Children, today turned the attention to a treatment discovered by Dr. Emil Beck of this city. The treatment, which promises to bring relief to a large percentage of sufferers from this form of the great white plague, is simply itself a constant for the most part in filling the cavity caused by the disease with a metallic salt, bismuth subnitrate, combined with a basis of vaseline.

The discovery was incidental to an X-ray photograph of a little invalid. The solution applied to the cavity on the tubercular abscess, and being left in the cavity proved a healing agent. Dr. Beck told his discovery to Drs. John Ridler and Waldo Blanchard at the Home for Destitute Crippled Children and in a five weeks' trial twenty out of forty crippled children were cured, excepted Governor Shal- lenberger, and being left in the cavity proved a healing agent.
