ARIZONA

PHEONIX. Arish Nov. 5 .- Secretary Young of the republican state central committee stands by his statement that Cameran, republican, for delegate to congress. has defeated Smith, democrat, by 600 votes. Cameron's seeming plurality, based on party lines, in excess of 1,000.

COLORADO

DENVER, Nov. 5 -- On unofficial returns for the entire state, which are not likely to be materially changed, Bryan's plurality in Colorado is 5,577, and for governor, Shafroth, democrat, leads McDonald, re- gen, 0. publican, by 9,382. Three democrats are elected to congress. The democrats control both houses of the legislature, the senate by a majority of 20 to 15, and the house 51 to 14, and Charles J. Hughes, jr., will be elected United States senator o succeed Teller.

DENVER, Nov. 5 .- Returns from 132 of the 146 precincts in Denver give Bryan a plurality of 2,648; Shafroth, democrat, for governor, 5,716. Outside counties are still the statement that both democratic national and state tickets have been victorious and also that the next legislature will be democratic by a majority of 16. This insures the selection of Charles J. Hughes of Denver, as the successor of United States Senator Henry M. Teller, which selection will be made by the next general assembly. It is almost sure that all three democratic candidates for congress have been elected.

Governor Folk claims that complete returns from the country districts will wine out the lead which Senator Stone

gained in St. Louis and Kansas City. A hard fight for the place is certain to when the legislature meets and party lines may be broken down. The fate of the republican state ticket outside of the governorship is also open to question in some respects. Hadley led his running mates by good margins in almost every county, but it is believed that his big vote has pulled the other nominees into office

with him. Thus far there have been no substantial returns on the vote of the minor parties. The latest from the city of St. Louis show Debs, 4,820; Chaffn, 176; Watson, 64; His-

MICHIGAN

DETROIT, Mich., Nov. 5,-With a few a few country districts still to hear from and part of the Detroit vote not yet counted, it is practically certain today hat Governor Fred M. Hemans, Apparently but one democratic member of incomplete, but there is sufficient to base the legislature has been elected. Phillip Breitemeyer, republican, continues to lead for mayor over Mayor Thomson.

NEVADA

RENO, Nev., Nov. 5 .- United States Senator Francis G. Newlands, democrat, has been re-elected by popular vote by a majority of between 2,000 and 3,000 Both parties have pledged their state legislatures o stand by the result of this vote. Even should the republicans desire to go back on their promise they would be powerless since ST. LOUIS, Nov. 5.-Unofficial returns to the democrats will control both branches of the legislature.

The returns last night apparently which is to elect a United States senator gave the state to Taft by a plurality of 138. BALTIMORE, Md., Nov. &-The official canvass of Maryland's vote of last Tuesday will be begun in each county and in Baltimore city today. While the result ling the house and the democrats the senmay be known in many of the counties by toright, in others and in Baltimore city it may require several days to complete the count. Nothing of a definite character had

on the face of the unofficial returns by 1% otes. This slender plurality makes necessary the official count before it can be accurately teld how many electoral votes each candidate will receive. Definite figures on the prohibition, independence and socialist votes are not yet obtainable. In Baltimore city Chafin, prohibition, polled 1,632 votes, against 731 cast at the preceding presidential election. Socialistic leaders claim that Debs received more than 3,000 in this state. The chairman of the independence organization said that while he had no tabulated returns, he felt gratified over the result of the campaign of his party in Maryland.

CINCINNATI, O., Nov. 5.-The earlier Associated Press statements of Judson Harmon's plurality for governor of Ohio were fully warranted, is shown as more returns arrive. Yesterday's statement of 20,000 plurality will be near the correct figure.

WEST VIRGINIA

WHEELING, W. Va., Nov. 5.-The Register has received returns from all counties of the state and gives detailed figures and tabulations today showing the completeness of the republican victory in West Virginia. The pluralities shown are as Taft, 20,459; Glasscock, republican, for governor, 7,683. Congress: First district, W. P. Hubbard of Wheeling, republican, 3.921; Second district, G. C. Sturgiss of Morgantown, republican, 2,571; Third district, Joseph H. Gaines of Charleston, republican, 2,973; Fourth district, H. C. Woodyard of Spencer, republican, 1.914; Fifth district, James A. Hughes of Huntington, republican, 4,300.

The house of delegates is republican by slightly decreased but still overwhelming majority, and the senate will be composed of 23 or 24 republicans and 6 or 7 democrats. No United States senator is to be elected. Considerable democratic gains were made in the northern counties, but these were largely offset by the tremendous and increased republican majorities given in most counties of the so-called 'black belt" of the southern section.

OKLAHOMA

GUTHRIE, Okl., Nov. 5.-The socialist rote in Oklahoma will aggregate 20,000, double that of last year. In complete returns indicate that the dispensary system amendment was defeated. No figures are obtainable on the independence party vote, which appears to have been very

CHINA LAVISH WITH FLEET

Reception to American Navy Costs One Million Dollars. FINAL FUNCTION BRILLIANT ONE

Rear Admiral Emory Steams Out of Amoy to Join Admiral Sperry and Unite the Entire Squadrons.

AMOY, China, Nov. 5 .- The second squadron of the American battleship fleet, which, under the command of Rear Admiral Emory, has been in Amoy since October 30, as the guest of the government of China, brought its visit to a close this morning when, at \$ o'clock, it steamed out of the harbor bound for Olongapo, to join the first squadron under Admiral Sperry. The distance to Olongapo is about 700 miles and the vessels should reach there early on the morning of November 8.

The departing warships were given a demonstration in marked contrast to the apathy which was noticeable on their arrival. The hills behind the beach were black with people who had assembled to view the spectacle, and the firing of crackers continued for one hour.

Promptly at 7:30 signals were made on board the flagship and at 8 o'clock the entire squadron was under way. One after another the white ships glided slowly to their position and then together the entire squadron steamed out of the harbor. As the American vessels passed the Chinese cruiser Fel Ying their crews greeted the 150 officials on board with rousing cheers, and at the same time the Chinese fort hoisted the American flag beside the standard of China and saluted the departing guests. This salute was returned by the American Shel- Sh'l'n- Shel- Sh'n flagship.

Million-Dollar Reception. The cost of the reception has exceeded \$1,000,000. The Chinese government has been lavish in its gifts to the American officers and men, and the final official function on shore last night, the entertainment afforded by the Chinese government, was declared by the Americans to have been, with the exception of Australia, second to none. The Chinese are delighted with the visit and they comment especially upon the excellent deportment of the American sailors.

The battleship Georgia, the flagship of Admiral Emory, will leave the fleet and go to Hong Kong, where Admiral Emory will take a liner for home. The flagship will be in Hong Kong for only two hours. It will then continue for Olongapo, on the island of Luzon, and join the other vessels

Farewell Dinner for Officers. The admirals of the fleet and their staffs. the commanding officers of the various vessels and the midshipmen were last night entertained at a dinner on shore for the last time. The usual toasts were proposed by Prince Yu Lang, one of the official representatives from Peking. Admiral Emory replied as follows:

"Our fleet everywhere has had a most friendly reception, but none has been more friendly than that accorded us here by China. Our enlisted men are very appreclative of the attentions shown them at Amoy.'

On the conclusion of his brief address Admiral Emory and the other guests of the evening surrounded Prince Yu Lang and cheered him enthusiastically. Admiral Sah of the Chinese navy was then greeted by a blast on a siren and more cheering. The admirals and the captains then personally expressed their appreciation to the prince of the gifts presented them by the provincial viceroy. Each admiral has received a set of inlaid blackwood furniture, four 1177 a box of curios. Each captain has been ture and each flag officer has been given a number of pieces of silk embroideries and furniture. Some very handsome embroideries are being sent to Admiral Sperry, the commander-in-chief of the fleet, and in addition Admiral Sah sends him a porcelain image of Buddha. CLERK OF COURT WAS IN ERROR

Chinese Oficials Humiliated. PEKING, Nov. 5 .- Though the American squadron has left Amoy the matter of their presence at the southern port has not been more than mentioned in Peking. Officials are slient and the impression of general humiliation at the fact that only a squadron The Associated Press sent a dispatch from came, instead of the whole fleet cannot be concealed. The meagerness of the reply of the foreign board to Admiral Sperry's message of congratulation on the birthday of the dowager empress has attracted attention and it is clear that the throne has been indifferent to the whole an error caused by a mistake of the suaffair. It is generally realized and declared in Peking that the coming of the squadron and not the main fleet will have an unfavorable effect upon present relations.

The principal British newspaper in China; in an unfriendly editorial article today, approves the sending of a squadron instead of the whole fleet, and refers to "America's gambit in opening a commercial lottery after most obstinate cough disappears. Sore and returning an indemnity to which it was not entitled."

The paper gives various reasons why the fleet should not have come, saying, among other things, that China would have misinterpreted a visit from the entire fleet and that a visit of the entire fleet would have shown lack of appreciation of British sensibility.

MILLISTON, N. D., Nov. 5.—Phil Short, one of the best known newspaper men in South Dakota, was shot and killed by Cayton Yeakins while they were hunting deer in McKenzie county. Short was besting the brush and was taken for a deer by his companion. He had been in the newspaper business at Devil's Lake and other points in this state. PILES CURED IN . TO 14 DAYS.
