Wrecking Old Church.
 The work of razing the Christian Tabernacle at the corner of Myrner and Scott streets is well under way and in a few days nothing will remain of the building which has served as a house of worship for the congregation of the First Christian church for so many years. The old structure, which was of frame, will be replaced with a handsome modern church building of brick and stone, which will be erected at a cost of \$20,000.

A building permit for the new church has been issued to F. A. Spencer, a member of the building committee of the church, which will have charge of the construction of the edifice. The new church is to be erected under the immediate supervision of the building committee and not by contract. Charles Vossler has been appointed superintendent of construction.

While the new church is being built the congregation will hold its Sunday services in Danish hall, at the corner of Broadway and Park avenue.

WORK ON CONCRETE BRIDGE

Contractor Wickham Commences Removal of the Old Structure.

BRYANT STREET IS NOW CLOSED

Comes at Inopportune Time for Horticultural Show, Closed Street Leading to the Auditorium.

E. A. Wickham, who has the contract for the construction of the new concrete bridge over Indian creek at the foot of Bryant street and the arch and supporting buttresses for the new central fire station which is to be erected over the creek has begun the removal of the old bridge by taking down and Bryant street was yesterday closed to vehicle traffic and by this evening will probably be closed to pedestrians.

Wickham has advertised for bids for the sale of the present fire station. The bids will be opened at the meeting of the city council that night. It has not yet been decided what to do with the fire alarm equipment and No. 3 company and its apparatus while the new building is being constructed. At first it was suggested to divide the street from the creek houses, the other four houses but the plan to move the present building into the street intersection where it could remain until the new house is completed, is now favored. This, it is suggested, would materially lessen the expense of twice moving the fire alarm system.

Building at Inopportune Time.
 This construction of the new central fire station and bridge over Indian creek comes at an inopportune time. Bryant street will be closed during the entire time of the National Horticultural congress which is to be held in the new auditorium building across the street from the new fire house. The old fire station planted in the street intersection right in front of the auditorium will not improve appearances.

Although the contract for the construction of the new fire station was awarded to George F. Hughes on his bid which provided for payment by the city by installments covering a period of twenty years, the contract has not as yet been submitted to the city council for its approval. It is stated that Mr. Hughes is securing advice from his attorney as to the right of the city council to let a contract and incur such a liability in this manner.

WADDINGTON WILL NOT CONTEST

Will Abide by the Result of the Official Canvass.

H. A. Waddington, defeated republican candidate for county recorder will not contest the election of W. H. Barghausen. "If the official canvass shows that Mr. Barghausen has more votes than I have, that will end the matter so far as I am concerned," said Mr. Waddington yesterday. "Politics is more or less a game of chance. I took the chance and lost. I expect to see Mr. Barghausen take the office next January and feel sure he will make a good record."

Mr. Waddington yesterday attributed his defeat to overconfidence on the part of his friends. "I was sure I was going to win," he said. "The Board of Supervisors will convene Monday for the purpose of making the official canvass of the returns. This is expected to result in some alterations in the majorities as figured from the returns on the outside of the envelopes, as these returns were a number of instances incomplete and somewhat indefinite. The canvass by the supervisors will be made from the records of the clerks of election made as the ballots were counted."

The recent election so far as the city precincts are concerned has demonstrated the need for a more accurate canvass. "Politics is more or less a game of chance," said Mr. Waddington. "I took the chance and lost. I expect to see Mr. Barghausen take the office next January and feel sure he will make a good record."

STATEMENT CAMPAIGN EXPENSES

State Senator Saunders the First to Make Report.

State Senator C. G. Saunders is the first candidate to file with the county auditor a sworn statement of his election expenses as required by law. These statements must be filed within ten days after election, and when filed are open to public inspection. Mr. Saunders spent \$86, of which amount \$50 was his campaign assessment. He reported that he had spent \$100, while \$10 was spent in advertising and \$5 in livery hire.

Although he has not yet filed his statement, Al Lenocker, chairman of the democratic county central committee, has prepared it and it has been checked by a committee consisting of W. B. Reed, president of the Pottawattamie Bryan-Kearney Club; Justice S. A. Greene and John Warner of Hancock. The statement shows that the committee expended \$1,225.72 in its effort to elect the county clerk and win over Pottawattamie county to the Bryan column. The statement contains an itemized report of the receipts which went to make up the campaign fund. They were chiefly individual subscriptions and assessments on candidates.

D. E. Stuart, chairman of the republican judicial committee, will file a statement showing that his committee was not called upon to expend any money. E. B. Wacker of Glenwood, who was elected judge of the district bench in this district on the republican ticket, had no opposition, therefore there was no need of expending any money.

While hanging up a bunch of bananas yesterday afternoon in the Central grocery store at the corner of Broadway and Sixth street L. Simon discovered a snake over two feet in length coiled around the stem. On the head of the reptile was visible. With the assistance of a pair of pliers

RETURNS COME IN SLOWLY

Indications it will be necessary to wait for the official canvass.

CONTEST IN SIXTH DISTRICT

Face of Returns Shows Kendall is Elected to Congress, but Hamilton Wants to See the Votes Counted Again.

(From a Staff Correspondent.)
 STATE MOINES, Ia., Nov. 7.—(Special.)—State officials and the chairman of the state committee have given up hope of securing anything like exact figures on the election in Iowa prior to the official count by the county boards. In some cases the election officers were two days in finishing the count and they failed to make returns in such a way that the results could be determined in advance of the official count in each county. The nearest approach to a finish is the computation by the chairman of the republican committee about seventy-five of the counties and twenty-four yet to hear from, and this only of about the following:
 For Trent, 22,000; for Bryan, 15,000.
 For Carroll, 23,000; for White, 16,000.
 For Cummins, about 30,000 majority.

The latest compilation on the legislative face of the republicans eighty in the house and thirty-four in the senate; the democrats, twenty-eight in the house and sixteen in the senate. The republican make a net gain of three on joint ballot. There are still a few districts in doubt. In quite a number the vote was very close. The late news from the Sixth district is to the effect that while N. E. Kendall is elected on the returns, the present congressman, Dan Hamilton, democrat, contemplates demanding a recount of the votes.

The tone of the press of the state indicates that while in a few places there is a disposition to not accept the result of the primary on senator, yet in fact the majority of the republicans believe that the result was so overwhelming that it must be accepted and there will be an end to factionalism in the state. The republican state committee is closing out its office and will render an account to the voters. The candidates are required to file statements of election expenses and these are now being prepared.

English Suffragettes Coming.
 Miss Rachel Costello and Miss Rendel, both of London, are due to reach Des Moines tomorrow and to visit a few days with the leaders in the woman suffrage movement in Iowa. They are on a tour of the country advising as to methods of promoting the cause. While in Des Moines preparations will be made for presenting the suffrage question to the next Iowa legislature.

New Members of Historical Society.
 At a recent meeting of the State Historical society the following well known Iowans were voted into membership: Howard M. Clegg, of Des Moines; Henry Dea Moines, C. B. Robbins of Cedar Rapids, William Runkle of Cedar Rapids, Clifford Powell of Red Oak, Edna Stone of Logan, Paul A. Korah, E. B. Limpus, Prof. Bohumil Shimek, Willard Welch and Judge O. A. Byington of Iowa City.

Impending Meeting.
 The implement dealers of Iowa are preparing for the annual meeting of their state association in Des Moines, commencing December 1. The association has been organized but a few years and yet it embodies nearly all the leading retail and wholesale dealers of the state. The program includes consideration of prospective legislation.

To Consider Pardon Matters.
 Governor A. B. Cummins will probably hold a conference with the members of the Board of Pardon next week on the Rainsberger pardon cases. The board recommended such a conference and the governor will probably discuss the possibility of releasing from the state penitentiary Frank and Nathan Rainsberger. The governor on the recommendation of the board has also to decide the Weems case.

Making Sugar in Iowa.
 For the first time the actual making of sugar has commenced in Iowa. The new factory at Waverly is in operation and this week commenced to handle the crop of Bremer county beets grown this year. The crop is not as good as hoped for but will yield a fine profit to the farmers. About 200 men are employed at the factory and the capacity of the factory is 500 tons of beets a day.

FOUR MINERS STILL ENTOMBED

Men Buried by Explosion at Rend City, Ill., Friday Probably Dead.

BENTON, Ill., Nov. 7.—The rescuing party that for twenty-four hours has been trying to reach the four miners who were entombed in the Rend mine at Rend City, three miles west of here yesterday, has not yet succeeded and it may be tomorrow noon before the imprisoned miners are found.

They were suffocated within thirty minutes after the explosion in the belief of Mine Inspector W. B. Burris, who thinks that the explosion was caused by a windy shot, which was quickly followed by after-damp. There is a faint hope, however, that the men are alive in some remote corner of the mine.

Fire that was burning in the mine early today has now been extinguished. Eighteen horses and mules were in the mine at the time of the explosion and all thus far found are dead.

The Letter mine of Zeigler, which is burning, has been sealed in order to stop the fire. A new shaft will be started at once.

ILLINOIS IS FOR WATERWAYS

Voters Approve Twenty Million Bond Issue for Improving the Illinois River.

CHICAGO, Nov. 7.—That Illinois will perform its part in the construction of a large-to-the-gulf deep waterways is indicated by belated returns on the proposition submitted to the people at Tuesday's election to bond the state for \$20,000,000 to construct a channel from Lockport, Ill., to Utica, Ill., on the Illinois river. The vote in Cook county (Chicago) was almost five to one in favor of the bond issue, and it is estimated that the proposition carried by 79,000.

As little opposition by the legislature is anticipated to the passage of a deep waterways law, it is stated that by 1915 Illinois will have a fourteen foot channel from Chicago to the Mississippi river.

OMAHAN ASSAULTED AND ROBBED

Believes Thieves Followed Him from Plattsmouth.

ASHLAND, Neb., Nov. 7.—(Special.)—A. L. Snavely of Omaha was assaulted about 5 o'clock this morning after leaving Burlington on train No. 13 and robbed of \$130. Just after leaving the station Mr. Snavely was accosted by a stranger in regard to the way to the hotel, and in a moment was set

DUN'S REVIEW OF TRADE

Seasonable Weather Stimulates Retail Distribution.

SENTIMENT IS MORE HOPEFUL

Large Orders Placed for Remote Delivery and Leading Industries Increase Their Output.

NEW YORK, Nov. 7.—R. G. Dun & Co.'s Weekly Review of Trade says: Seasonable weather has stimulated retail trade, while manufacturing plants are more active and numerous new undertakings have been started. Sentiment is more hopeful regarding the commercial future, orders being placed of remote delivery, which is a noteworthy improvement over the conservative attitude formerly conspicuous. Preparations for holiday trade are on a liberal scale and there is a feeling of confidence that renders holders reluctant to build up their inventories. All the leading industries have increased output, some having already received large orders for the holiday season, which is in anticipation of orders to come. Commercial credits are extended more freely and there is an improvement in mercantile collections.

BRADSTREET'S REVIEW OF TRADE
Business Improves as Result of Election Results.
 NEW YORK, Nov. 7.—Bradstreet's says: Election results and the advent of more seasonable weather in some sections of the country were helpful to trade this week, and except in parts of the south, where the holding of cotton interfered, collections in wholesale and manufacturing lines the tone of business shows most marked improvement. Orders which were conditional on election results have been confirmed and many new ones placed, the net result being an enlargement of the volume of business at first hands over recently preceding weeks.

Many industrial concerns have announced an increase of capacity and of running time, and sales of pig iron, structural material, cotton goods for spring and reorders for fall and spring wear, woollens, shoes and other lines have been enlarged. Business failures in the United States for the week ending November 4, number 235, against 24 last week, 228 in the like week of 1907, 145 in 1906, 190 in 1905 and 184 in 1904. Business failures in Canada for the week number thirty-three as against thirty-two last week and thirty-four the corresponding week of 1907.

Wheat, including flour exports from the United States and Canada for the week ending November 5, aggregate 4,960,274 bushels, against 5,623,414 bushels last week, and 5,599,893 this week last year. For the nineteen weeks ending November 5, this year, wheat exports are 72,756,796 bushels, against 72,727,407 in the corresponding period of last year.

Corn exports for the week are 812,151 bushels, against 1,061,514 last week, and 712,901 in 1907. For the nineteen weeks ending November 5, corn exports are 12,919,251 bushels, against 13,972,472 last year.

TAXICAB STRIKE IS SETTLED
 Men Will Return to Work as Individuals at Old Scale of Wages.

NEW YORK, Nov. 7.—Settlement of the taxicab strike, which has been in progress for several weeks in this city, was announced tonight by President H. M. Allen of the New York Taxicab company. The old wage scale is continued, it is stated. Chauffeurs now in the employ of the company will be reinstated as soon as they can be furnished with cars, "after they make individual application for employment."

PAT CROWE UNDER ARREST

Former Omaha Man is Accused of Firing Shots into Mirror of Chicago Saloon.

CHICAGO, Nov. 7.—Pat Crowe, formerly of Omaha, was arrested here tonight. Crowe, it is alleged, fired shots into the mirror of a saloon and then caused excitement which occasioned a riot call to the police. After three shots had been fired at him Crowe was captured.

BE YOUR OWN LANDLORD!

Stop paying rent—live in a home of your own. How many times have you wished that you could? Figure how much you have paid your landlord during the last few years—compare this sum with the price of a comfortable home that you will see in Bee Want Ads. But it's not too late—please don't think so. You can buy a home in the suburbs, and pay for it as you would rent. In time the home is yours. Many men who work in the city raise fruits, vegetables and chickens for profit, besides supplying the table. This helps to pay for the home quickly—then it's so healthful for the children. You want a bargain—that's why you should read Bee Want Ads. Read them every day for profit.

MAILS USED TO DEFAUD

Minneapolis Men Who Swindled Farmers Are Given Prison Sentences.

MINNEAPOLIS, Minn., Nov. 7.—James T. Mulhall was sentenced to fifteen months at the federal prison at Leavenworth, Kan., Edgar McConkey to one year and one day at Leavenworth and Felix Nathanson to six months in the county jail today by Judge Milton Purdy. A stay of ten days pending appeal for a writ of error was granted.

After nearly six hours' deliberation the federal jury last night returned a verdict of guilty against the three men charged with conspiracy to defraud by the use of the mails.

The crime with which the men are charged is one of conspiracy to defraud. Alleged fraudulent operation of the Nicollet Creamery company in Minneapolis last fall is the specific charge in the indictment upon which the men were convicted. Farmers throughout the northwest are said to have lost heavily by shipping produce which was never paid for.

WESTERN PACIFIC WILL RUN TRAINS TO SHAFER, NEV., WITHIN TWO WEEKS

SALT LAKE CITY, Utah, Nov. 7.—Passenger and freight traffic on the Utah division of the Western Pacific railroad, the Gould system extension to the Pacific coast, will be opened within two weeks, according to an announcement made at the offices of that railroad today. Regular traffic will probably be inaugurated from Salt Lake City as far west as Shafter, Nev., on the Western Pacific crosses the Southern Pacific.

More than 100 miles of the new road is now in operation from Oakland, Cal., eastward. The gap between Shafter, Nev., and the eastern end of the California is being closed as rapidly as possible. Officers of the road say 95 per cent of the grading and over 95 per cent of the tunneling of the gap is now complete.

MINNEAPOLIS MAN ARRESTED

C. W. Bibb is Wanted in Des Moines on Conspiracy Charge Growing Out of Land Deal.

MINNEAPOLIS, Nov. 7.—C. W. Bibb, head of the Bibb Insurance company, with offices in this city, was arrested today by Deputy Sheriff Johnson of Des Moines, Ia., on a charge of conspiracy preferred by Des Moines authorities. According to the Des Moines officer, Bibb was concerned in land frauds in Iowa, which netted him in the neighborhood of \$25,000 profits.

CHANCELLOR ANDREWS QUILTS

Ill-Health Finally Compels Him to Give Up Work at the University.

(From a Staff Correspondent.)
 LINCOLN, Neb., Nov. 7.—(Special Telegram.)—Chancellor Andrews of the University of Nebraska tendered his resignation to the Board of Regents and the same was accepted, to take effect January 1. He was elected chancellor emeritus by unanimous vote of the regents. No action was taken looking toward the selection of a successor.

Several times in the past few years it has been rumored that the chancellor would resign on account of ill health and this time the rumor proved true. His physicians advised him that it was absolutely necessary that he should cease work.

Chancellor Andrews came to the University of Nebraska from the superintendency of the city schools of Chicago, previous to that having been president of Brown university.

HUNDRED FIFTY ARE DROWNED

Crowded Japanese Steamer Sinks Off Etoro Island, During a Storm.

TOKIO, Nov. 7.—News has reached here of the loss of the steamer Taisu Maru, which was sunk during a storm off Etoro island.

One hundred and fifty persons were drowned. The vessel was crowded with fishermen and passengers, and of those aboard only twenty-nine were saved. The Taisu Maru was a vessel of 674 tons. Etoro island is a small island near the island of Hokkaido.

FOUR SHOTS, LITTLE DAMAGE

Officer Woolbridge the Target and George L. Near Does the Shooting.

Four shots, one of which grazed his right arm, were fired at Humane Officer H. L. Woolbridge last night by George L. Near, a machinist at the Union Pacific shops.

The trouble between the two men arose over the daughter of Officer Woolbridge. Since the death of the girl's mother the daughter, Ruby by name, and who, according to her father, is 16 years old, has been living with some friends of the family. Last Monday she left this place without notifying her father. Last night he went to see her.

When he found she had gone he started in search of her and found her at 3701 Leavenworth living with a Mrs. Wilson, who conducts a rooming house at that number. As the father approached the house he saw his daughter and Near, who rooms there, sitting on the porch and the father says that Near had his arm around the girl. "That's my father," exclaimed the girl as she hastily ran into the house. Near also started to run, with Woolbridge in pursuit. Near turned, drew a revolver and fired four times. Woolbridge kept up the chase, however, and overtook Near, calling the patrol wagon, took him to the police station. The girl was also taken to the station and placed in the matron's department.

Near says the reason he shot is because the house was recently visited by a burglar and when Woolbridge ran after him he thought the man had come back for a second visit. He is held at the station under a charge of shooting with intent to kill and it is expected the grand jury will investigate the matter.

OFFICER SHOTS BOY IN LEG

Had Arrested Lad, Who Broke Away and Made His Escape, but Turns Up Later.

Rufus Ralph, a colored boy 17 years old, was shot in the fleshy part of the thigh by Officer Emery last night while he was attempting to escape after the officer had placed him under arrest. Ralph was prowling around Fourteenth and Jones streets, where a number of merchants keep their delivery wagons at night.

A number of small thefts have been made from these wagons recently and Officer Emery was on the lookout for similar occurrences. He arrested Ralph and found a revolver on his person. He secured the gun and started for the patrol box with the boy, who broke away and ran. The officer fired, but did not know he had hit him. About 2 o'clock this morning Ralph turned up at the police station in custody of his mother, an old-time negro "mammy," looking for a doctor. He found the doctor, but will remain there to face other charges.
