SHORT SKIRTS STILL GOOD

Woman's Comfort Prevails Against Impossible Modes of Trailing, Skimpny Garments.

This is unquestionably a season for the carriage and the motor. Walking in comfort is hardly consistent with the height of the mode, and with all due deference to the Paris fashion makers, the ultra-modish costume designed for the genteel exercise which they are pleased to call "footing" is far less admirable in point of line than the long, clinging frock which does duty for the Parisian's general street wear.

WOMEN VOTE WHOLE TICKET

Roll Books Show That Some Suffragettes Did Not Stop at School Board.

A number of women enjoyed the privilege of voting for president, congressmen, and state and county candidates as well as school district officers last Tuesday according to the records of the election board as returned to the county clerk. At least the only way some of the roll books can be explained is that some of the women who were supposed to vote only for members of the school board voted the entire ticket.

HOUSE WORK

Thousands of American women in their homes are daily sacrificing their lives to duty. In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

COCK FIGHTING THE ISSUE

Four columns appear on the ballot. Two tickets are complete; a third contains only the names of the legislative candidates, while the fourth is a "columna en blanco," it being evident from the wording under the heading that the voter can write in the names of candidates if the regularly nominated candidates are not in accordance with his choice.

COCK FIGHTING THE ISSUE

While the conservative ticket is given first place on the official ballot the liberals are given second place with their ticket entitled "Coalition Liberal." This appears to be the "cock-fighters" ticket, this national sport of the Cubans being more of an issue with them than was the full dinner bill or the guaranteeing of bank deposits in the states.

BOY IS NOT WANTED AT HOME

Mother of Willie Zimmerman Says He Beat Up the Whole Family.

Willie Zimmerman stands in the unique and unenviable position of a boy who is not wanted at home. Reversing the usual order of things, Willie's mother asked Judge Estelle of the juvenile court to take the boy away from her, though Willie did not want to go. Mrs. Zimmerman said Willie beat her and her four children in one of his tantrums and she could do nothing with him.

Judge Estelle paroled him to Dr. F. L. Loveland and sent him to the Detention school until another place can be found for him.

Edward Allen and his wife of 3343 Sahler street each accused the other of using language which does not pass current among men and women of cultured tastes. Each denied the charge of the other. Their two children, Dan and Mabel, were before the court and Judge Estelle took the case under advisement.

BEAUTY CULTURE LECTURE

By MME. YALE

Ladies are duly notified that Mrs. Yale of Beauty Culture Fame, will combine Science and Art in an illustrated lecture and artistic entertainment, to be given at Boyd's theatre, next Monday, November 16, at 8:30 p. m.

What the wonderful woman has accomplished in her chosen life work is best attested to in the beauty of her own personality. That speaks more convincingly than words.

Thousands upon thousands of women all over the world have received the same remarkable benefits from the wonderful Yale System, that is so rapidly revolutionizing Human Ugliness into Physical Beauty. Women of all ages are being made happy by what they are enabled to do for themselves under Mrs. Yale's System.

Well-meaning persons have often challenged Mrs. Yale's claims to make women naturally beautiful as physical impossibilities until overwhelmingly convinced to the contrary by irrefutable evidence.

3RD ACT.—The Poetry of Motion.

4TH ACT.—The Art of Good Style.—General Instructions.

The Independence of Young Men

An interesting thought in connection with the Stein-Bloch tailoring business is that its steady growth year after year is in no small measure due to the appreciation of young men.

Many of its young men friends of former years are now gray-haired business men—and they have the same respect for the fit and style of Stein-Bloch clothes to-day that they had at the end of the first season they wore a suit or an overcoat bearing the Stein-Bloch trade-mark.

Young men to-day, as well as their elders, appreciate correctness of fashion, as opposed to vulgar exaggeration; smoothness of fit as opposed to roughness of fit; and many who are not old friends are coming to realize that Stein-Bloch clothes are correct, in form as well as in substance.

Ready at the best clothier's.

SCHOOL BOARD AFTER MONEY

Attorney for Directors Seeks to Collect Bonds Forfeited in Criminal Cases.

Suits to collect forfeited bonds in criminal cases applied for by police court in district court will be started by Ed. Baird, attorney for the school board, and the city attorney's office. Mr. Baird Monday requested the district clerk's office to furnish him a list of bondsmen who were on forfeited bonds. The money collected from this source, as in the case of fines, goes to swell the school funds. As there are several hundred bonds in the forfeited class it is believed the revenue derived will amount to thousands of dollars if it can be collected. Mr. Baird has been working on the case for several weeks and it is said that the city attorney's office is ready to co-operate with him.

INJUNCTION AGAINST ARREST

Peters Enders Secures Court Order Preventing Chief of Police from Apprehending Him.

After being arrested and convicted in police court four times for violating the garbage ordinance of the city Peter Enders, proprietor of a soap rendering plant, has secured a restraining order against Chief of Police Donahue and City Prosecutor Daniel to prevent his being arrested any more.

John O. Yesser filed the petition and in it set up that the ordinance relating to the hauling of garbage is unconstitutional, unreasonable and unenforceable. It asserts the ordinance is intended to create anomoly and not as hygienic and police regulation. It also contends it was not legally passed.
