Keep your money and valuables in a safe deposit box in the American Safe Deposit Vault in The Bee building, which is absolutely burglar and fireproof. Boxes rent for only \$4 a year or \$1 a quarter.  
Tools Stolen—Tools valued at \$13 were stolen from a tool house at Thirty-eighth and California streets Sunday night. They belonged to Bernard Juckerott, who lives at 225 South Twentieth street.  
Postoffice Roof Repairs—Contractor R. L. Carter began work Tuesday morning on a \$3,000 contract for repairing the copper roof over the workroom of the Omaha postoffice. The repairs will include the re-planting of the workroom ceiling.  
Arrested as Overcoat Thief—Following the theft of an overcoat from a guest of the Paxton hotel, A. E. Ross, who gives no address, was arrested Tuesday morning and charged with the larceny. Detectives Hatfield and Devereux made the arrest. The stolen coat was in possession of Ross.  
Pants Thief Still at It—The well known "pants burglar" is at work again. His latest "job" is the theft of \$50.00 from a pair of trousers belonging to Anto Siahans of 229 South Fifteenth street. They were taken out of the owner's room, which could not be locked, and after being ransacked were left for Siahans to don the next morning with the pockets empty. Some trunk keys were also taken.  
Jimmocrats Will Jollify—The Jimmocrats will hold two jollification meetings this week. The first meeting will be held Thursday night in the hall at Sixth and Pierce streets. This will be a sort of warming-up affair for the big "blow-out" to be held in the Dahlman Democracy club rooms on Friday evening.  
Burglars Get Some Money—Some burglars with a longing for new coats and hats helped themselves to \$25 of such money in the home of Emil Prohaska, 1422 South Fifth street, Sunday night. They entered the house by using a key to unlock the back door and took nothing but the new gold pieces and crisp bills which they found.  
Postoffice Crook Gets Three Months—Ernest A. Wood of Fairbury will do three months' time in the Nebraska penitentiary at Lincoln for stealing a small number of postage stamp books from the Fairbury postoffice. Wood pleaded guilty to the indictment and sentence was imposed upon him Monday afternoon by Judge Munger at Lincoln.  
Reception to Charter Members—A reception to the charter members of U. S. Grant

Woman's Relief Corps was given Tuesday afternoon at the home of Mrs. Andrew Traynor. About a dozen of the members were present. The house was prettily decorated with chrysanthemums and flags. The corps will entertain at a card party next Tuesday evening in Barlight hall.  
Peddler is Arrested—Having in his possession an unlawful basket measure caused J. Finkenstein, a peddler living at 210 South Tenth street, to be fined \$5 and costs in police court Tuesday morning. A complaint against the man was made by J. G. Pegg, inspector of weights and measures for the city, and he was arrested on a warrant by Court Sergeant Whalen Saturday, the case being continued for trial until Tuesday. Another peddler arrested at the same time was discharged.  
Hibernians Entertain—Divisions 1 and 2 of the Omaha Ancient Order of Hibernians gave a smoker Monday evening in Arlington hall. A large audience listened to an enjoyable program of short addresses, songs and recitations. The feature of the evening was an address by Rev. M. J. O'Connor, S. J., of Creighton university. His theme was the necessity for organization and the nobility of the ideals for which the ancient order stands. A series of similar entertainments is planned for the winter months.  
Suit Case Thief Gets Thirty Days—Thirty days in the county jail was the sentence given to Harry Zenner, the alleged "suit case thief," by Judge Crawford in police court Tuesday morning. Emma McDonald, who is supposed to be Zenner's wife and confederate, was discharged. The evidence on which the man was found guilty of the charge of petit larceny was given about a week ago by a stockman who claimed Zenner robbed him at the Union depot. A miscellaneous assortment of trunks and suit cases is being held at the police station. They were found in the possession of the couple when arrested November 4 by Patrolman Rinn.  
No Trace of Valuable Furs—No definite trace of the valuable furs stolen from the Western Fur company's rooms at 312 South Sixteenth street some time ago has ever been gained, although telegrams to stop what were supposed to be the stolen goods were sent first to Sioux City and then to St. Paul. These reached the two cities just after the large trunk that the police thought contained the furs had been checked and sent away. When the trunk reached St. Paul all trace of it was lost, and although it was reported that two men suspected of having taken the furs had been arrested in that city A. L. Kolovratke, the owner of the stolen goods, says he has not heard from them and has not seen his stolen garments.

### HEARST LETTERS AT TRIAL

Large Batch Yet Unpublished Looked For in Haskell Case.

ARCHBOLD TO BE STAR WITNESS

Clarence J. Shearn, Leading Attorney for Hearst and Mrs. Howard Gould, Will Be at the Omaha Hearing.

The trial of the Haskell-Hearst libel suit which probably will begin next January in federal court is expected to open to public view a large and interesting collection of photographic reproductions of letters stolen from the office of the Standard Oil company at 26 Broadway, hints of which have been given by William Randolph Hearst in his campaign through the east. It is said, however, that Hearst has read only a few of hundreds of letters of which he is in possession and that many of them will be offered as evidence for the defense in the libel suit here.

Another interesting feature of the big trial will be the depositions of John D. Rockefeller's lieutenants, which will probably be taken by one or both sides to establish or refute the charge that Charles N. Haskell stood in close business relations with the oil trust. John D. Archbold is expected to be one of the principal witnesses and his evidence will, without doubt, be taken by deposition instead of in person, because of the distance from New York. Archbold's name was attached to most of the letters read by Mr. Hearst during the campaign and his evidence in the libel suit will be heard with considerable interest by the whole country.

Clarence J. Shearn, Hearst's New York lawyer, is the attorney for Mrs. Howard Gould, whose divorce case is attracting the attention of the public. The Gould case has kept Mr. Shearn so busy he has not had time to prepare an answer to the Haskell petition and this led him to ask the answer day be postponed.

John W. Battin, Hearst's local attorney, has secured a postponement of the answer day until December 10. Mr. Battin says the case cannot be tried until the January term, because of the large number of depositions which will have to be taken at various places in the country.

That Mr. Hearst could wipe out the entire case in one blow if he wanted to take advantage of technicalities is the opinion of Mr. Battin. The suit is not in the usual transients the petition must be filed and service had while the defendant is in the county in which the suit is filed. Mr. Hearst was served on the Overland Limited from the west immediately after it stopped at Union station. The train was three hours late and did not arrive in Omaha until about 11:30 p. m. The suit was filed in district court about 10 o'clock that night. As the Overland Limited requires only about forty minutes to cross the county it is believed the petition was filed before the train reached the county border. Mr. Battin has communicated the facts to Mr. Shearn, but the latter will not act in the suit. From this it is inferred that Mr. Hearst will make no effort to fight the suit on technicalities.

Mr. Hearst's collection of Standard Oil letters, some of which will be introduced in evidence in Omaha, are said to have been secured through the aid of a man who worked in the Standard Oil office. One of them was a colored office boy and the other a file clerk. The boys, it is said, would extract the letters from the files about the time the office closed, take them to Mr. Hearst's office, where they were photographed and then returned by the time the office opened in the morning.

### EAGLES GET READY TO FLY

J. S. Parry, Assistant Chief Bird, Visits Omaha to See About Hotels.

J. S. Parry of San Francisco, assistant grand worthy president of the grand order of Eagles, stopped over in Omaha Monday night to see John A. Tuthill in reference to hotel accommodations for the annual meeting of the grand order which is to be held in Omaha next year.

After a trip around the business center of Omaha, during which time some of the hotels were visited, Mr. Parry said that Omaha was far better prepared to handle the thousands who are expected at that time than he had anticipated.

"All over this country Omaha clubs are being formed, by means of which the Eagles are saving their money for the trip to Omaha," said Mr. Parry. "And we will swoop down upon you by the thousands. I am sure that after we have gone the people of Omaha will be glad we came. Kansas City has an Omaha club of 1,000 persons and the Eagles of San Francisco organized an Omaha club the night after they returned from the annual convention at Seattle this year.

"San Francisco will send a five and drum corps of twenty-five persons and more than enough to fill a special train have already signified their intention of coming from San Francisco alone. Omaha is centrally located and the convention at Omaha is apt to draw more people than a national political convention."

### CANDIDATES FILING COSTS

Pickard Spends \$342 Getting Elected County Commissioner in Douglas County.

It costs more to run for county commissioner than for state senator, according to the reports of candidates filed with the county clerk.

Oscar J. Pickard, who was elected commissioner over James Walsh, says it cost him \$342, of which \$100 was an assessment by the county committee.

E. G. McChilton says it cost him \$130 to run for senator. Of this \$75 was for an assessment by the county committee, and \$5, he says, he paid to C. C. Kehn, secretary of the Nonpartisan club.

Ed Leader, candidate for the legislature, spent \$90. J. P. Kraus, one of his Democratic opponents, says it cost him \$5. James P. Connolly spent \$250 and Jeremiah Howard expended only \$25, the amount of his assessment. F. S. Tucker spent \$40.

### Oldest "Newsboy in the World"

Mr. Lafayette Lemons, 85 Years of Age and Still a "Newsy," is One of the Noted Characters of Fort Branch, Indiana.

Mr. Lemons is a Warm Friend of Elijah Lincoln, a Living First Cousin of "Abe" Lincoln. He is Also a Veteran of the Mexican War.

Speaking of his health, "Uncle Lafayette" recently said: "I guess I ought to live to see 95 at least, for I enjoy perfect health. I am 85 years of age and have used Duffy's Pure Malt Whiskey as my only medicine for the past eight years. I have received excellent benefit from it. I take it three times a day regularly, and it keeps me strong and hearty."

"I am the oldest newsboy in the State of Indiana, and I believe the oldest in the world. If there is any older I hope he will see this interview and write me. I walk six miles every day. I have been in the news business for ten years, and handle exclusively for our town six daily papers."

"I know that I could not do the work and keep as strong and healthy as I do if it were not for your great medicine, and I heartily recommend it to all, both old and young, who want a pure, invigorating tonic stimulant to keep them strong in their youth and youthful in their old age."

Thousands of men and women, who have passed the four score mark, tell the same story as Mr. Lemons about what Duffy's Pure Malt Whiskey has done toward renewing their youth and keeping them vigorous, hale and hearty and in possession of all their faculties. As a leading doctor says, the secret of the whole thing is that Duffy's Pure Malt Whiskey, if taken as prescribed, drives out all disease germs, invigorates the brain, enriches the blood, quickens the circulation and prevents decay and old age.

This wonderful remedy has been extolled throughout the world for what it has done for suffering humanity. The success of Duffy's Pure Malt Whiskey in curing diseases has caused many unreliable dealers to put up substitutes and imitations with which to fool the people, claiming that their substitutes are just as good as Duffy's Pure Malt Whiskey. Insist on the genuine. It will cure you.

Duffy's Pure Malt Whiskey is sold throughout the world by druggists, grocers and dealers, or shipped direct for \$1.00 per large bottle.

If in need of advice write Consulting Physician, Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a handsome illustrated medical booklet containing some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of the world's greatest medicine.

### NO TROUBLE OVER THE FENCE

Samuel Bauman Withdraws His Objections to the Corn Show Enclosure.

Opposition on the part of Samuel Bauman, proprietor of the Oma hotel, to the closing of Fifteenth street for the National Corn exposition, has been withdrawn. With complete understanding on each side of the position of the other, the question has been amicably ended.

The difference arose originally because of a lack of such understanding, and with mutual enlightenment the matter is obviated. It may be stated that there was no disposition on the part of Mr. Bauman either to hold up the exposition or to stand in the way of a project whose welfare is of interest to every citizen. On the contrary, friends of Mr. Bauman assert that he is as public spirited as the next man.

With due recognition of the exposition officials of his position in regard to the closing of Fifteenth street, all opposition is withdrawn.

### WATER COMPANY TAKES TIME

Undecided as to Course in Case of Land Seized by Union Pacific.

The Omaha Water company has not reached a decision as to what to do in its controversy with the Union Pacific Rail road company over the land seized by the railroad company early Sunday morning on the track loaded down with cars and the water company says it will not take any retaliatory measures similar to the action of the railroad company, but will carry the matter to the courts.

E. M. Field, manager of the Omaha Water company, said there was no haste, as anything the water company might do would be just as effective three weeks from now as at the present time. The attorneys for the water company are looking up the title to the land in dispute.

### SAFETY GUARDS GO ON CARS

Martin Meyer's Patent Device Will Get a Trial on the Local Lines.

The Omaha & Council Bluffs Street Railway company has accepted a proposition from the Meyer Safety Guard company to place some of its safety appliances on the Omaha cars for a trial. These will be placed on trial as soon as the device can be manufactured. The Meyer company has received applications from over 100 eastern cities for a demonstration as to the efficacy of this new life saving device, but has decided to give it a trial in the home city of the company. A demonstration will be made on the closed cars at once and as soon as time comes for the use of open cars they will be applied to that class of cars.

### NO BIG STICK FOR CORN SHOW

President Not Knocking by Calling Governors at Washington.

EXECUTIVES WILL ATTEND BOTH

Go to the Conference of National Resources Conservation Board and Corn Exposition in December.

No, President Roosevelt is not using the big stick on the National corn exposition, neither will he unconsciously interfere with that great festival by calling the second meeting of the governors of various states on the matter of the national conservation of resources.

While a second meeting of the governors has been called by the National Conservation Resources commission for December 8, in Washington, there will be no conflict with "Governor's Days" at the National corn exposition. The date of that day will be so settled that it will suit the convenience of the governors and may likely be immediately upon their return from Washington.

Positive assurance of their attendance here has been received from several governors, including Sheldon of Nebraska, Hoch of Kansas, Cummins of Iowa and Crawford of South Dakota. Governors Buchtel of Colorado and Johnson of Minnesota have also declared that they intend to come and there is every likelihood that they will be here. Expressions of intent to come if possible have also been received from half a dozen others their letters read as if the writers meant what they say.

Country Life Commission.

The second week will see the Country Life commission recently appointed by President Roosevelt at the exposition. This body whose commission has created so much discussion will meet the governors in Washington the week before and will tell them what was observed in their swing around the circle for the country life investigators are now hard at it and are this week finding out whether southern farmers have bath tubs or not and how often the farmer's wife gets a new hat.

Offices of the Corn exposition are being flooded with entries in various classes of the premium list and among those received Tuesday morning were the entries, the first in their respective classes, from the Iowa State college of agriculture, of Ames, Ia. Word was also received from that institution that Miss Neala Knowles, an authority on nutrition, will give a series of lectures in the Model Kitchen department of the exposition. Miss Knowles' battery is that "proper feeding of children is the foundation of good citizenship." She will talk upon a variety of themes relative to her main subject, upon almost everything in fact except how to fatten children without feeding them.

### ECONOMY OIL GAS BURNER.

Device for Cook Stoves and Ranges that is Cheapest and Best.

The Economy Oil Gas Burner is the most wonderful and complete oil gas burner in the world, so pronounced by stove and oil experts. It generates kerosene oil into a fine gas. There is no odor, smoke or soot from this burner. It can be used in any cook stove or range. All we have to do is the measure of the centerpiece of your stove or range. It is easy to handle. A child 10 years old can operate it. You regulate the fire by turning the valve. It gives a more even and steadier heat than coal or wood. It cuts the fuel bill one-third. It eliminates all the dirt that comes from wood, coal and ashes and it is a great time saver. It is non-explosive and is warranted to do the work. This burner has made a tremendous hit wherever it has been demonstrated and used in the different states. The price is reasonable. We would be pleased to furnish details.

### MAIL SERVICE INSPECTED

System in the West is Looked After by Leading Officers of Department.

Alexander Grant of Washington, superintendent of the railway mail service; E. L. West of Chicago, superintendent of the West division; Norman Perkins of St. Paul, superintendent of the Tenth division, and J. M. Butler of Lincoln, chief clerk of the Lincoln district, were in Omaha Monday and met at the office of Chief Clerk F. S. Keller of the Omaha district of the railway mail service in the federal building to talk over the conditions of the service throughout the west. Superintendents Grant and West left last evening for Kansas City on a similar mission to the one held here. Following the Kansas City meeting Mr. Grant will go to the Pacific coast to look into the railway mail system there.
