'These statements were that neither Prince von Buelow nor any succeeding chancellor could remain in office urless his majesty is more reserved in his utterances.

The chancellor will take with him to Klet evidence of the feeling of the country regarding the emperor's independent actions in matters of state. He will set forth, first, that the foreign affairs committee of the Bundesrath, or federal council, is firm in the opinion formulated at the meeting held yesterday that it would be wiser for the emperor not to express views affecting the relations of the empire with other countries except through his responsible ministers, which opinion derives weight Page 1 from the fact that the governments of Bavaria, Wurtemberg and Saxony were Page 1 represented on the committee; second, that Orders for cars are given in the east the entire Reichstag assented to the declarations make by the speakers on Tues-The General Federation of Labor hold day that the emperor had exceeded his constitutional prerogatives in private discussion with foreigners concerning Germany's attitude on controverted questions and third, that the feeling of the people evidence might be admitted to evidence, at large on this matter was accurately Page 1 indicated by the press of the country.

SAN FRANCISCO, Nov. 13,-Francis J. Heney, a leading figure in the prosecution of municipal corruption in this city, was shot and seriously injured today by Morris Haas, a Jewish saloonkeeper, who had been accepted as a juror in a previous trial and afterwards removed, it having been shown by the prosecution that he was an exconvict, a fact not brought out in his ex-

amination as a venireman. The shooting occurred in Superior Judge Lawlor's court room during a recess in the trial of Abraham Ruef, on trial for the third time for bribery.

At 6 o'clock Mr. Hency was conscious. He sald: "I will live to prosecute him." The physicians in attendance on Mr

Hency expressed the opinion that he would live. It has been ascertained that the bullet which had entered the right cheek lodged near the left car and had not entered his brain as was at first feared. Mr. Heney has been taken to the Lake hospital, where he is receiving the care of skilled surgeons, Shot Through Cheek.

The shooting occurred at 4:22 o'clock this afternoon. Judge Lawlor had a few moments before declared a ten-minute recess of court and the jury had left the room.

The attorneys for the prosecution and defense had returned to the room from a short conference with Judge Lawlor in his chambers. Mr. Heney and resumed his customary seat and was conversing with Chief Clerk McCabe of the district attorney's office when Haas came forward.
