

SCIENTISTS ARE OPTIMISTS

So Asserts Rev. William F. McKenzie at Boyd Theater.

DEALS WITH SIN AS SICKNESS

Question Presented to Every Man: To What Do You Give Power, Evil or Good?

Rev. William F. McKenzie, C. S. B., of Cambridge, Mass., member of the Christian Science board of lecturership of the First Church of Christ, Scientist, Boston, delivered a lecture at the Boyd theater last night on the subject of "Christian Science, or Deliverance From Evil." A large audience was present to hear him. He said in part:

Christian Science has for its textbook, or instruction manual, a book published in 1852 by Mary Baker G. Eddy, and entitled "Science and Health with Key to the Scriptures." This book is now known to the world as the woman who has given to this age the true idea of God, and as the philosopher and thinker who has reorganized the sense of Christianity from theoretical to practical, so that the universal belief of Christianity as a scheme for a future world salvation is changing to the primitive teaching of Christianity as a means of revealing to men on earth the goodness of God in healing and salvation.

In her book there are over 800 citations from Scripture, hence we may see that her explanation of the Bible in seeking the foundation for Christian Science was thorough; but it is to the students of the science that the significance of the title "Science and Health with Key to the Scriptures," is made apparent; for they find an explanation for nature and practical study of the Bible. In commercial circles it is granted that great interest in Christian Science may be credited to the influence of the movement in the public service of the movement in the Holy Scriptures, even a place such as "the book of the law of Moses" had in the days of the reformation from captivity in Babylon under Nebuchadnezzar, when readers were appointed who conveyed the people to understand the law.

Scientists Are Optimists. The question presented to every man is really this: To what do you give power, evil or good? Christian Scientists, by virtue of their experience, are confirmed optimists. They believe that the human body is a temple of God, and that the human mind is a power which can be developed. They believe that the human body is a temple of God, and that the human mind is a power which can be developed. They believe that the human body is a temple of God, and that the human mind is a power which can be developed.

Here we are confronted with a condition which seems to be a contradiction, part of man's history, which has been known since under the name of sin. Some leaders claim this to be the greatest evil of the present life, and some believe that sin is a good which comes from God primarily and that man need not fear or dread it, but that it is a good which comes from God primarily and that man need not fear or dread it, but that it is a good which comes from God primarily and that man need not fear or dread it.

The first action regarding man in Scripture is that he was made in the image of God after the likeness of God. Jesus reminded his disciples of what this implied, saying, "Be ye therefore perfect, even as your Father which is in heaven is perfect." What then, is sin? It is any thought, belief, thought or action which misrepresents the likeness of God. Per contra, what is righteousness? It is any thought, belief, thought or action which misrepresents the likeness of God.

DOCTOR ADVISED USE OF CUTICURA

After Other Treatment Failed—Eczema in Raw Spot on Baby Boy's Face Lasted for Months—Cried with Pain when Washed. ECZEMA WAS CURED AND HAS NEVER REAPPEARED. "Our baby boy broke out with eczema on his face when he was months old. One place on the side of his face the size of a nickel was raw like beefsteak for three months, and he would cry out when I washed him. The spot was sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years old and a half old and no eczema has reappeared. I am still using the Cuticura Soap. I think it is the best toilet soap I ever used. I keep my little girl's hair and face cleaned with it too. I am so thankful for what Cuticura has done for us. Mrs. M. L. Harris, R. P. D. 15, Alton, Kan., May 24 and June 12, 07."

Music

The Oratorio society, of which Mr. J. J. Dodds is president, Mr. Arthur Chase is secretary, and Mr. E. N. Bovell is treasurer, with Mr. Ira B. Pennington as conductor gave its "autumn pre-season concert" last night at St. Mary's Avenue Congregational church. The concert opened with the well known chorus, "For Unto us a Child is Born," sung by the Oratorio society. Mr. Reeler, tenor, was heard in a set of "Songs of the Noreland," by Hermann Lohr. He also sang "From the Desert I Come to Thee," by Neidlinger and an encore.

Miss Allen, soprano, contributed "Love Me," by Bemberg. "The Portrait," by Chaminade, a translation "The Hour of Dreaming" of Reynoldo Hahn's beautiful "L'heure Exquise," and the Richard Strauss "Serenade." Miss Allen was encored and responded with a Nevin song. Mr. Pennington chose for his vocal selection, the restative and aria from "The Seasons" (Haydn) beginning "At Last the Bounteous Sun" and "With Joy the Impatient Husbandman," and gave "Gipsy John" for an encore. The first part of the program closed with the opening chorus from "Hiawatha's Wedding-Feast," by Colebridge-Taylor, sung by the Oratorio society, Mr. Pennington conducting.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without having to increase the quantity from time to time. It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading drug stores.

BIG MAN WEEPS IN COURT

Soren C. Pedersen Cries When Giving Testimony in His Divorce Case. Soren C. Pedersen, a big and husky farmer, weighing 285 pounds, broke down and wept when he went on the witness stand in his divorce suit before Judge Kennedy and told of his trouble with the wife of his old age, with whom he lived less than three months. His voice broke at times so that court proceedings had to stop for a few minutes until he could recover himself. At another time he pulled out his handkerchief and wept into it, his huge frame convulsed with sobs.

Mr. Pedersen, who was formerly Mrs. Anna M. Brown, a dressmaker, was apparently not as much affected by the proceedings as her husband. She laughed repeatedly during the testimony and shook her head frequently in denial of her husband's statements about her conduct. Both Mr. and Mrs. Pedersen are above middle age and both have families. Mr. Pedersen charged his wife was the aggressor in the courtship and promised to take care of his children and live peacefully with his grown daughter. Instead, he asserted, she was quarrelsome and insisted on running the house her own way, without consulting him or anyone else. The climax came when she made scandalous charges against him. He cried when he told the court what she said. "I didn't know whether my children would leave me or not when she told that," he said between sobs. "I didn't know whether to kill myself or not."
