

CORN SHOW DISPLAY SPACE

Nearly 150,000 Square Feet Will Be The Total.

FIFTY THOUSAND IN AUDITORIUM

On the Main Floor in Big Building Will Be Located General Exhibits and Twelve State Educational Displays.

The National Corn exposition will be a gigantic affair. A calculation of the amount of floor space to be utilized gives a total of 144,000 square feet...

Another comparison will aid in impressing the size of the exhibition on any one. The total floor space of the Transmississippi exposition for exhibits was 500,000 feet and that was for several months and not on days.

There are 50,000 square feet in the Auditorium and 20,000 in the buildings in Fifteenth street which will house the educational exhibits of Nebraska and Iowa...

General Exhibits on Main Floor. The main floor of the Auditorium will be given over to general exhibits, with twelve state educational displays in booths under the galleries.

On the second floor of the Murphy building the domestic science department will be held forth and on the first floor will be the moving picture department...

Governor On Opening Day. President Wattles of the exposition has received the acceptance by Governor Sheldon of the invitation to deliver an address on the opening day of the exposition...

After conferring with Superintendent Davidson, President Wattles has made formal application to the Board of Education for permission to have the school children of the lower grades attend the exposition...

Among the matters which came before the meeting of the executive committee of the exposition Friday afternoon was the letting of the contract for the heating of the temporary buildings...

It was determined that adequate apparatus for fire protection shall be installed and that besides having regular firemen on hand, every suggestion of Chief Sailer shall be carried out to the letter.

President Wattles, who left Saturday for a two weeks' trip to Los Angeles on business matters, will look out for the California exhibit while in that state.

Hexamethylenetrinitramine. The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy.

Bellevue to Form Senate. Faculty Lays Proposition Before the Students in Adolphian Hall. President Kinsinger called the meeting to order and this program presented:

"Selection of a student. Fred Jones; an original story, Raymond Keane; making good Indiana, Zella Kinsinger; unjust attacks on business, Leigh Olman; college disorders, Bertha Hatfield; foundations of property, A. Kearns.

The Philomathian Literary society met on the same evening and rendered the following program:

"Charles Elliot Morton," George Ruchely; Morton as a Man of Letters, Churchill; Morton as an exponent of liberal culture, Charles Markley; preaching the gospel of Beauty to America, Miss Brown; impromptu, Robert Warner.

Freshing Boys' Debating club met this week. Debating question: Resolved, That an income tax is bad in theory. Affirmative, J. Jones, Miller, Negative, Harney, Churchill.

The Young Ladies' Debating club meeting was first given to parliamentary drill and then to the representation and work of a city council.

The management of Bellevue college has for several years been working toward a system of self-government for the college, and has been continuously emphasizing the honor system in all branches of the college.

At present the faculty is proceeding with the development of a college senate, to be composed of students and faculty members. The proposition was laid before the students in chapel last week, and they were left to consider it, when the draft of

and other more dangerous symptoms? Call your disease what you will—Indigestion, Gastritis, Nervousness, Dyspepsia, Catarrh of Stomach, etc.—you know the real name, the real disease is fermentation of the food you eat—a sour Stomach, which belches gas and eructs undigested food or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your Pharmacist for a case of Foley's Dispepsia. Eat a triangle, and five minutes later your Stomach will feel what a healthy Stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a Stomach. Get the triangle with the aid of the food you eat without the aid of the stomach, because it contains just the elements found in a good, strong, healthy stomach.

NO STOMACH DISTRESS AND INDIGESTION. All your Stomach distress and Indigestion will be ended forever.

Does it ever occur to you how busy that little stomach of yours is? It actually holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of indigestion and Stomach trouble? You crowd it with steaks and pastry, irritate its juices with acids and expect it to do its work four times as fast as it is able to do.

There are many who wonder that your food passes undigested, or lays like a lump of lead in the stomach? That everything you eat turns to acid, Stomach gas and Stomach poison, producing the intestinal and digestive canals, causing flatulencies, headaches, Dizziness and Indigestion, Heartburn, Nauseous Breath, constipation

J. C. HIGBY, PIONEER, DEAD

One of the Real Old-Timers of Omaha Dies at Son's Home in Illinois.

John C. Higby, one of the pioneers of Omaha, died Thursday at the home of his son, Ira Higby, in Dement, Ill., of ailments incident to old age. His age was 88.

John C. Higby came to Omaha from Glenn Falls, N. Y., in 1837, and had made his home in Nebraska almost continuously since the early '50s at the old Farm House on Harney street between Thirteenth and Fourteenth for a number of years and then took charge of the Wyoming hotel at Ninth and Farnam streets, both of which were the popular hostleries of Omaha in their day.

Mr. Higby removed to Beatrice in the early '70s, making his home there nearly three years, owing to his increasing age he did not engage in any active business while in Beatrice.

Mrs. Higby, who died about three years ago, was a sister of the late Senator A. S. Paddock, and during her early and long residence in Omaha and Beatrice she was widely known and esteemed for her many exalted Christian qualities as a member of the Episcopal church of which she was one of the earliest and most devoted members of the Nebraska diocese.

Mr. Higby enjoyed a wide acquaintance throughout the west and was a man of the most sterling character and beloved by all who knew him. He is survived by five sons and three daughters. They are: John C. Higby, Jr., Ira C. Higby of Dement, Ill.; Beecher Higby of Omaha; Frank Higby of San Francisco, and Anson Higby of Basin, Wyo.; Mrs. S. C. Smith of Beatrice, Neb.; Mrs. M. A. Metzger of Council Bluffs and Mrs. Theodore Kniggen of New Orleans.

The body of Mr. Higby will arrive in Omaha this morning and will be taken at once to Beatrice where the funeral services will be held this afternoon from Christ Church Episcopal of that city. The body will be accompanied from Omaha by Ira C. Higby, John C. Higby, Jr., and Mrs. S. C. Smith who were at the bedside of their father at the time of his death and by Beecher Higby of Omaha and Mr. and Mrs. M. A. Metzger of Council Bluffs.

AGED FATHER SEEKS HIS SON. Old Man Still Vigorously Pursues Search for Boy Lost Twelve Years Ago.

The seemingly vain hope of an aged father that he may see his runaway son once more is back of a search which has been vigorously prosecuted to find Sidney Samuels, who ran away from his home in New York twelve years ago and has been missing since. Although his family has followed up every clue it has been able to find it has so far failed to find a trace of him and all but the old father have about given up hope.

George Franklin, a brother-in-law of the missing man, is a traveling salesman and while not engaged in selling goods he is looking out for clues for his absent relative. He has consulted with the chiefs of police or superintendents of detectives in practically every important city in the country in his efforts.

He is still alive, Mr. Samuels is 35 years old. He left home with a schoolmate who afterward returned home and said Sidney had found work as a coachman in Toronto. His father went there at once, but could not find him. Hundreds of supposed clues have been followed up to no avail.

Samuels was one of the kind that was always working, said Mr. Franklin yesterday, "and this causes us to hope that he is a successful business man somewhere. Although his father attends constantly to his duties as night chief inspector in the New York customs house, he is failing fast and the fear that he may never see his boy again is beginning to break his health. This fact is motivating the family to prosecute the search more vigorously."

George Samuels, father of the runaway, is 70 years old. He was for many years a clerk in the New York postoffice. Four years ago he became a customs house inspector. He lives at 54 St. Nicholas avenue, New York.

Frightened Into Fits by fear of appendicitis, take Dr. King's New Life Pills, and away goes bowel trouble. Guaranteed. 25c. For sale by Beaton Drug Co.

SCIENTISTS ON FOODSTUFFS

Prof. W. H. Smith and Others Meet at Washington to Discuss Cattle Feed.

Prof. W. H. Smith of the College of Agriculture of the University of Nebraska was in Omaha yesterday en route to Washington, where he will meet four other men engaged in his work. The quintet is to discuss on its discoveries and experiments in ways and means of producing more economically in the United States under conditions which have prevailed the last two years. With foodstuffs high in price, cattlemen have wished for scientific information regarding means of fattening steers at a less cost. The meeting of the scientists following a period of study the result of a conference held at Cornell university last July, when Prof. Smith and the others were selected to do the work.

HONOR FOR SOLON BORGLUM

Secretary of State Root Praises Latest Work of Artist at Washington.

Solon Borglum, the renowned sculptor, has won new laurels in Washington, D. C., where he is to execute two large marble eagles which will be placed on each side of the monumental door of the National Bureau of American Republics. One of the eagles is to represent North America, the other, a condor, will stand for South America. Secretary of State Root, to whom the sketches were submitted, expressed enthusiastic praises of the work.

J. C. HIGBY, PIONEER, DEAD

One of the Real Old-Timers of Omaha Dies at Son's Home in Illinois.

The crusade against high school fraternities now extends from the Atlantic to the Pacific. Wherever the evil exists determined efforts are being made to root it out, and it is only a question of a year or two before the breeder of cliques and clans will be an unpleasant memory. In Chicago, where much resistance was shown at the opening of the school year, what little remains of the organization of eleven fraternities and dark places, sustained by boys and girls who have yet to learn and appreciate the fundamental virtues of obedience to their superiors. In Melrose, Mass., the school authorities have outlawed the fraternities and have served notice on the parents of the offending pupils that unless they obey school rules they will be dismissed. The most emphatic of recent declarations against these organizations comes from Superintendent Frank F. Bunker of the schools of Berkeley, Cal. The students have been told that unless the charges of cheating, drinking, and sorority in the school is returned at once to the national headquarters those who retained membership would be summarily expelled from the schools. In a lengthy denunciation of the societies, which have existed in spite of several rulings of the trustees and beloved by all who knew him. He is survived by five sons and three daughters. They are: John C. Higby, Jr., Ira C. Higby of Dement, Ill.; Beecher Higby of Omaha; Frank Higby of San Francisco, and Anson Higby of Basin, Wyo.; Mrs. S. C. Smith of Beatrice, Neb.; Mrs. M. A.
