An alumni game for next Saturday will be substituted for the Hastings contest, but the Cornhuskers will do no special work for , because all their time will be needed to learn new plays for Wabash and the tricky Indians.

The cessation in the grueting training is warmly welcomed by the Nebraska players. Since October 12, when work was started n getting ready for the annual clash with the husky Gophers, the Cornhuskers have the husky Gophers, the Corninage tracted attention over the west can been kept on edge for the four hard battles by defeating St. Louis by a score of 11 to that were played during that period. The grit and fight spirit of the Cornhuskers were shown on several occasions in these four games. At Minnesota it was nerve and stamina. During the first five minutes of play the giant tackle received a crushing blow on his right side in a scrimmage. He was severely hurt and suffered intense pain. But he would not leave the game, for he knew that his side of the Nebraska line and might permit the Gophers to win the game. He stuck the battle out, playing hard and helping his team to prevent the Minnesota giants from winning. Without him in the line during the last twenty minutes of the second half the Gophers probably would have penetrated Nebraska's line for sufficient gains to have given them a touchdown that would have won the game.

At Iowa City two weeks ago Kroger and Beltzer-both unfit for a hard game-went into the contest and played until it was seen that Nebraska would, win. Then "King" Cole's excellent substitute players took their places, Miner going to left half and Temple to fullback. Without Kroger and Beltzer against Iowa the score might have been different for both were important factors during the first haif in Nebraska's scoring. The forward passing and punting of the latter aided the Corn-

huskers materially. Two of the Nebraska cripples showed their fighting at Omaha in the Ames game. They were Harte and Cooke. Harte played through the entire game with his right ankle in a cast to keep it from turning In practice three days before the game he turned his ankle, and again the morning of the game, while he was walking to the depot at Lincoln to take the train for Omaha the accident was repeated. The right guard was set on playing, however, and forced doctors to work with his ankle all morning to get him in shape to enter the game. He was carried into the Henshaw hotel from a cab after the team arso well that he was able to play the entire leader at the same time. game, although all the time suffering in-

Patsy Donovan Must Go. NEW YORK, Nov. 14.-Patsy Donovan probably will not be engaged as manager of the Brooklyn National league team next season. The officials of the club are not satisfied with the way in which Donovan has handled the team during the last two seasons and on that account they have practically made up their minds to let Patsy out and secure another man for the job. Who the new manager will be is not known at this time. There have been rumors to the effect that Bill Dahlen will get the position, but it seems improbable that President Ebbets will select him. It is said there will be a big shakeup in the team next season.

#### PULLIAM WILL GET THERE National League President Sure of Re-Election, Though Opposed by Brush and Others.

NEW YORK, Nov. 14.-Although several weeks will elapse before the club owners of the National and American leagues get together for their annual meeting, talk is rife as to what the base ball magnates are going to do in the way of changes. New rules are being discussed, but it is still too early to make a definite prediction.

Probably by the time that the meetings take place the National commission will must either back down or begin to assess fines by the wholesale. So many players are involved that the fines probably will be remitted and new rules adopted to cover such games.

One reason is that umpires are so scarce that it is difficult to engage even four good men, to say nothing of eight or nine. The American league is partly committed to the double system, but the league has not acted. If Ban Johnson wants two umpires for every game he will get them. Mr. Shrubb has made many claims of what he proposes to do to his three opponents in that race, particularly Longboat. He has ridiculed the Indian as a racer and asserts he will show him up when the time comes. But Shrubb has met many men he did not show up and Longboat happens to be one of them. The chances are that the four men will put up the best running match that has been witnessed in many years and the best man will win. The plan is to run the full Marathon distance-twenty-six miles and 385 yards America will go into the contest backing young Hayes with even more zeal and assurance than it supported him with in London, for he has shown what he can do: he has won his spurs. There is something satisfying in this proposed contest for every true lover of sport, aside from his desire to see his own favorite exalted and that is that it will afford a chance for the nervy Dorando to retrieve his loss sustained in London after such a noble effort to win.
