The above quotation applies very aptly to the case of any of the doctors who lacked the requisite knowledge and skill to cure J. D. Clark, who has been a sick man for the past sixteen years. Mr. Clark was in such a condition that he states he would gladly have paid a fee of a \$1,000 to any doctor who could have cured him. But he found no such a one, though he tried many. At last without hope of

him back his health and life.

Speaking of the matter yesterday, Mr. Clark said: "For over sixteen years I have been almost a constant sufferer from constipation and its long chain of symptonia. If I did not take some physic every night my howels would not move As a result of my constipation I had a great deal of headache. My nerves became a wreck and at times I was atterly unfit for business. The worst of It was the more physic I took, the more I had to take, and it seemed there was no cure for me-that I would suffer the rest of my life. I often made the remark that I would gladly give \$1,000 for a cure. I tried everything many doctors had failed to cure me and I tried all kinds of patent medicines. Many things helped for a while, but none were curative. Finally I went to see Dr. Ben W. Kinsey of the United Doctors, who have their institute on the second floor of the Neville block, corner 16th and Harney streets, Omaha. Dr. Kinsey said he could cure me and did not charge me \$1,000, nor even \$100. He has cured me sound and well. My aches and pains are gone. My bowels move naturally, my nerves are pullt up and I feel like a new man. I give all praise to the United Doctors' system of reatment. The reason I went to the United Doctors was that I met a traveling man on the train, who had been cured of rheumatism and kidney trouble by their treatment in the East.

"I am a real estate dealer. I travel a great deal, but my permanent address is Eureka, Itt., and I would gladly answer any inquiries about my case. I would not take a thousand dollars or five thousand dollars for the good I received.

(Signed) JOHN D. CLARK." All who desire to take advantage of the grand free offer of free examination and free treatment, except for the cost of medicine, should call on the United Doctors on the corner of 16th and Harney streets at once, as this free offer is good aly to those who call before the first of

WASHINGTON, Nov. 17.—The comptroller of the currency has been advised of the closing of the doors of the Citizens National bank of Monticello, Ky., on account of a shortage of over \$20,000 in the cashier's department. The bank had a capital of \$50,000 and total resources of about \$194,000.

Made of Forest Roots

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and, in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his

"Golden Medical Discovery"

which has proven itself to be the most efficient stomach tonic, liver invigorator and blood cleanser known to medical science. Dyspepsia, or indigestion and torpid liver yield to its curative action.

The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements is

Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grate.

ful patients who have been cured by it, often after many other advertised medicines, and physicians had failed. Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal

roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper. Don't accept secret nostrums as substitutes for these medicines OF KNOWN COMPOSITION.
